

Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about the EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The Clean Watersheds Needs Survey (CWNS) is required by Clean Water Act (CWA) Sections 205(a) and 516. It is a periodic inventory of existing and planned publicly owned wastewater conveyance and treatment facilities, combined sewer overflow correction, stormwater management and other water pollution control facilities in the United States, as well as an estimate of how many of these facilities need to be built. The CWNS is a joint effort between the EPA and the states. The CWNS collects cost and technical data from states that is associated with publicly owned treatment works (POTWs) and other water pollution control facilities, existing and planned. The respondents who provide this information to the EPA are state agencies responsible for environmental pollution control and local facility contacts who provide documentation to the states. Periodically, the states request data or documentation from contacts at the facility or local government level. These respondents are referred to as facilities.

No confidential information is used, nor is sensitive information protected from release under the Public

Information Act. The EPA achieves national consistency in the final results through the application of uniform guidelines and validation techniques.

Form numbers: None.

Respondents/affected entities: States, Territories, and Local Facilities.

Respondent's obligation to respond: Voluntary.

Estimated number of respondents: 56 States and Territories, 10,294 Local Facilities (total).

Frequency of response: Every 4 years.

Total estimated burden: 41,899 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$2,509,754 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in estimates: There is an increase of 32,254 hours and \$2,004,750 in the total estimated respondent burden compared with the ICR previously approved by OMB. This adjustment is based upon an increase in facility universe, additional burden associated with gathering small community needs, as well as an adjustment in labor rates and benefits.

Andrew D. Sawyers,

Director, Office of Wastewater Management.

Environmental Financial Advisory Board Charter Renewal

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Charter for the U.S. Environmental Protection Agency's (EPA) Environmental Financial Advisory Board (EFAB) will be renewed for an additional two-year period, as a necessary committee which is in the public interest, in accordance with the provisions of the Federal Advisory Committee Act (FACA). The purpose of the EFAB is to provide advice and recommendations to the EPA Administrator on issues associated with environmental financing. It is determined that the EFAB is in the public interest in connection with the performance of duties imposed on the agency by law.

FOR FURTHER INFORMATION CONTACT:

Inquiries may be directed to Tara Johnson, Water Infrastructure and Resiliency Finance Center, U.S. EPA, 1200 Pennsylvania Avenue NW,

Washington, DC 20460 (Mail Code: 4204M), Telephone (202) 564-6186, or johnson.tara@epa.gov.

SUPPLEMENTARY INFORMATION:

Background: The EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., app. 2, to provide advice and recommendations to the EPA on innovative approaches to financing environmental programs, projects, and activities.

Andrew D. Sawyers,

Director, Office of Wastewater Management, Office of Water.

The Hazardous Waste Electronic Manifest System Advisory Board: Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites the public to nominate experts to be considered for a three-year appointment to the Hazardous Waste Electronic Manifest System Advisory Board (the "Board"). Pursuant to the Hazardous Waste Electronic Manifest Establishment Act (the "e-Manifest Act" or the "Act"), EPA has established the Board to provide practical and independent advice, consultation, and recommendations to the EPA Administrator on the activities, functions, policies, and regulations associated with the Hazardous Waste Electronic Manifest (e-Manifest) System. In accordance with the e-Manifest Act, the EPA Administrator or designee will serve as Chair of the Board. This notice solicits nominations for possible consideration of candidates to potentially fill a vacancy on the Board to serve as an information technology (IT) expert for a three-year appointment. EPA may also consider nominations received through this solicitation to fill any unanticipated future vacancies on the Board for the following positions including an industry representative member with experience in using or representing users of the manifest system; and a state representative member responsible for processing manifests.

DATES: Nominations of candidates considered for appointment must be received on or before April 10, 2024.

ADDRESSES: Submit your nominations identified with “BOARD NOMINATION” in the subject line to Fred Jenkins, the Designated Federal Officer (DFO) of the e-Manifest Advisory Board at jenkins.fred@epa.gov.

FOR FURTHER INFORMATION CONTACT: Fred Jenkins, Designated Federal Officer (DFO), Phone: 202–566–0344; or by email: Jenkins.fred@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On June 30, 2018, EPA established a national system for tracking hazardous waste shipments electronically. This system, known as “e-Manifest,” supports the modernization of the nation’s cradle-to-grave hazardous waste tracking process while saving valuable time, resources, and dollars for industry and states.

EPA established the e-Manifest system according to the Hazardous Waste Electronic Manifest Establishment Act, enacted into law on October 5, 2012. The “e-Manifest Act” authorizes the EPA to implement a national electronic manifest system and requires that the costs of developing and operating the new e-Manifest system be recovered from user fees charged to those who use hazardous waste manifests to track off-site shipments of their wastes.

This system enables users of the uniform hazardous waste manifest forms (EPA Form 8700–22 and Continuation Sheet 8700–22A) to have the option to more efficiently track their hazardous waste shipments electronically, in lieu of the paper manifest, from the point of generation, during transportation, and to the point of receipt by an off-site facility that is permitted to treat, store, recycle, or dispose of the hazardous waste. Electronic manifests obtained from the national system augment or replace the paper forms that have historically been used for this purpose, and that result in substantial paperwork costs and other inefficiencies. Congress intended that EPA develop a system that, among other things, meets the needs of the user community and decreases the administrative burden associated with the current paper-based manifest system on the user community. By enabling the transition from a paper-intensive process to an electronic system, EPA estimates e-Manifest will ultimately save state and industry users more than \$50 million annually, once electronic manifests are widely adopted. The

system also serves as a national reporting hub and database for all manifests and shipment data. To ensure that these goals are met, the Act directs EPA to establish a Board to assess the effectiveness of the electronic manifest system and make recommendations to the Administrator for improving the system.

In addition, the e-Manifest Act directs EPA to develop a system that attracts sufficient user participation and service revenues to ensure the viability of the system. As a result, the Act provides EPA broad discretion to establish reasonable user fees, as the Administrator determines are necessary, to pay costs incurred in developing, operating, maintaining, and upgrading the system, including any costs incurred in collecting and processing data from any paper manifest submitted to the system.

e-Manifest aligns with the Agency’s E-Enterprise business strategy. E-Enterprise for the Environment is a transformative 21st century strategy—jointly governed by states and EPA—for modernizing government agencies’ delivery of environmental protection. Under this strategy, the Agency will streamline its business processes and systems to reduce reporting burden on states and regulated facilities and improve the effectiveness and efficiency of regulatory programs for EPA, states, and tribes.

EPA has established the Board in accordance with the provisions of the e-Manifest Act and the Federal Advisory Committee Act (FACA), 5 U.S.C. App.2. The Board is in the public interest and supports EPA in performing its duties and responsibilities. Pursuant to the e-Manifest Act the Board is comprised of nine members, of which one member is the Administrator (or a designee), who will serve as Chair of the Board, and eight members are individuals appointed by the EPA Administrator:

- At least two of whom have expertise in information technology (IT);
- At least three of whom have experience in using, or represent users of, the manifest system to track the transportation of hazardous waste under federal and state manifest programs; and
- At least three state representatives responsible for processing those manifests.

Pursuant to the e-Manifest Act, the Board will meet publicly at least annually to provide EPA recommendations on matters related to the operational activities, functions, policies, and/or regulations of the EPA under the e-Manifest Act.

II. Nominations

Any interested person and/or organization may nominate qualified individuals for membership. EPA values and welcomes diversity. To obtain nominations of diverse candidates, the agency encourages nominations of all genders and all racial and ethnic groups. All nominations will be considered; however, applicants need to be aware of the representation from specific sectors required by the e-Manifest Act.

Nominees who represent states and industry should have a comprehensive knowledge of hazardous waste generation, transportation, treatment, storage, and disposal under RCRA Subtitle C at the federal, state, and local levels. Nominees who represent states should have comprehensive knowledge of state programs that use manifest data. Nominees who represent industry should be familiar with e-Manifest and have strong knowledge of existing industry systems/devices/approaches and business operations to provide valuable input on e-Manifest integration into current industry data systems.

IT nominees should have core competencies and experience in large-scale systems and application development, integration, and implementation. This may include competency and experience with: managing complex systems used by multiple user communities; ensuring data availability, integrity, and quality; user help desk and support; as well as expertise relevant to the complexities of an electronic manifest system. Examples of this expertise may include, but are not limited to: Expertise with web-based and mobile technologies, particularly those that support large scale operations for geographically diverse users; expertise in IT security, including perspective on federal IT security requirements; expertise in electronic signature and user management approaches; expertise with scalable hosting solutions such as cloud-based hosting; and expertise in user experience. Existing knowledge of, or willingness to gain an understanding of, EPA shared services and enterprise architecture is a plus.

Another plus for any nominee is experience in setting and/or managing fee-based systems in general.

Additional criteria used to evaluate nominees will include:

- Excellent interpersonal, oral, and written communication skills;
- Demonstrated experience developing group recommendations;
- Willingness to commit time to the Board and demonstrated ability to work constructively on committees;

- Absence of financial conflicts of interest;
- Impartiality (including avoiding the appearance of a loss of impartiality); and
- Background and experiences that would help contribute to the diversity of perspectives on the Board, e.g., geographic, economic, social, cultural, educational backgrounds, professional affiliations, and other considerations.

Nominations must include a resume, which provides the nominee’s background, experience, and educational qualifications, as well as a brief statement (one page or less) describing the nominee’s interest in serving on the Board and addressing the other criteria previously described. Nominees are encouraged to provide any additional information that they feel would be useful for consideration, such as: availability to participate as a member of the Board; how the nominee’s background, skills, and experience would contribute to the diversity of the Board; and any concerns the nominee has regarding membership. Nominees should be identified by name, occupation, position, current business address, email, and telephone number.

Interested candidates may self-nominate. The agency will acknowledge receipt of nominations. Persons selected for membership will receive compensation for travel and a nominal daily compensation (if appropriate) while attending meetings in person. Additionally, candidates selected to serve as IT “Expert” Members will be designated as Special Government Employees (SGEs) or consultants. Candidates designated as SGEs will be required to fill out the “Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees” (EPA

Form 3310–48). This confidential form provides information to the EPA ethics officials to determine whether there is a conflict between the SGE’s public duties and their private interests, including an appearance of a loss of impartiality as defined by federal laws and regulations. One example of a potential conflict of interest may be for IT professional(s) serving in an organization which is awarded any related e-Manifest system development contract(s).

Authority: 5 U.S.C. App.2.

Dated: February 28, 2024.

Carolyn Hoskinson,

Director, Office of Resource Conservation and Recovery.

FEDERAL DEPOSIT INSURANCE CORPORATION

[OMB No. 3064–0097; –0115]

Agency Information Collection Activities: Proposed Collection Renewal; Comment Request

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: The FDIC, as part of its obligations under the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to take this opportunity to comment on the renewal of the existing information collections described below (OMB Control No. 3064–0097 and –0115).

DATES: Comments must be submitted on or before May 10, 2024.

ADDRESSES: Interested parties are invited to submit written comments to

the FDIC by any of the following methods:

- *Agency Website:* <https://www.fdic.gov/resources/regulations/federal-register-publications/>.

- *Email:* comments@fdic.gov. Include the name and number of the collection in the subject line of the message.

- *Mail:* Manny Cabeza (202–898–3767), Regulatory Counsel, MB–3128, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

- *Hand Delivery:* Comments may be hand-delivered to the guard station at the rear of the 17th Street NW building (located on F Street NW), on business days between 7:00 a.m. and 5:00 p.m.

All comments should refer to the relevant OMB control number. A copy of the comments may also be submitted to the OMB desk officer for the FDIC: Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Manny Cabeza, Regulatory Counsel, 202–898–3767, mcabeza@fdic.gov, MB–3128, Federal Deposit Insurance Corporation, 550 17th Street NW, Washington, DC 20429.

SUPPLEMENTARY INFORMATION:

Proposal To Renew the Following Currently Approved Collection of Information

1. *Title:* Interagency Notice of Change in Director or Executive Officer.

OMB Number: 3064–0097.

Forms: 6822/02.

Affected Public: Insured state nonmember banks and state savings associations.

Burden Estimate:

SUMMARY OF ESTIMATED ANNUAL BURDEN

[OMB No. 3064–0097]

Information collection (IC) (obligation to respond)	Type of burden (frequency of response)	Number of respondents	Number of responses per respondent	Time per response (HH:MM)	Annual burden (hours)
1. Interagency Notice of Change in Director or Executive Officer, 12 USC 1831i (Mandatory).	Reporting (On Occasion)	23	2.7	02:00	124
Total Annual Burden (Hours)	124

Source: FDIC.

General Description of Collection: Section 32 of the FDIA (12 U.S.C. 1831i) requires an insured depository institution or depository institution holding company under certain circumstances to notify the appropriate

federal banking agency of the proposed addition of any individual to the board of directors or the employment of any individual as a senior executive officer of such institution at least 30 days before such addition or employment

becomes effective. Section 32 of the FDIA also provides that the FDIC may disapprove an individual’s service as a director or senior executive officer of certain state nonmember banks or state savings associations if, upon assessing
