Major Portion Prices and Due Date for Additional Royalty Payments on Gas Produced From Indian Lands in Designated Areas That Are Not Associated With an Index Zone

AGENCY: Office of Natural Resources Revenue (ONRR), Interior.

ACTION: Notice.

SUMMARY: In accordance with regulations governing valuation of gas produced from Indian lands, ONRR is publishing this Notice in the **Federal Register** of the major portion prices applicable to calendar year 2022 and the date by which a lessee must pay any additional royalties due under major portion pricing.

DATES: The due date to pay additional royalties based on the major portion prices is May 31, 2024.

FOR FURTHER INFORMATION CONTACT: For questions regarding major portion prices, contact Robert Sudar, Market & Spatial Analytics, by telephone at (303) 231-3511 or email to Robert.Sudar@onrr.gov. For questions on reporting information, contact Tonisha Seader, Data Intake, Solutioning, and Coordination, by telephone at (303) 231-3478 or email to Tonisha.Seader@onrr.gov.

SUPPLEMENTARY INFORMATION: Pursuant to 30 CFR 1206.174(a)(4)(ii), ONRR must publish major portion prices for each designated area that is not associated with an index zone for each production month, as well as the due date to submit any additional royalty payments. If a lessee owes additional royalties, it must submit an amended form ONRR-2014, *Report of Sales and Royalty Remittance*, to ONRR and pay the additional royalties due by the due date. If a lessee fails to timely pay the additional royalties, late payment interest begins to accrue pursuant to 30 CFR 1218.54. The interest will accrue from the due date until ONRR receives payment.

Authority: 44 U.S.C. 3506(c)(2)(A).

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Since 1987, all State Workforce Agencies operating unemployment insurance (UI) programs, except the U.S. Virgin Islands, have been required by regulation at 20 CFR part 602 to operate BAM programs to assess the accuracy of their UI benefit payments in three programs: State UI, Unemployment Compensation for Federal Employees, and Unemployment Compensation for Ex-servicemembers. Beginning in 2001, BAM was modified to include the sampling and investigation of UI claims denied for monetary, separation, or nonseparation issues. The Payment Integrity Information Act of 2019 (31 U.S.C. 3352) and Section 303(a)(6) of the Social Security Act authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments

must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0245.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).
