

Retirement Income Security Act of 1974 (ERISA). The interest assumptions in the regulation are also published on PBGC's website (www.pbgc.gov).

PBGC uses the interest assumptions in appendix B to part 4044 ("Interest Rates Used to Value Benefits") to determine the present value of annuities in an involuntary or distress termination of a single-employer plan under the asset allocation regulation. The assumptions are also used to determine the value of multiemployer plan benefits and certain assets when a plan terminates by mass withdrawal in accordance with PBGC's regulation on Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281).

The second quarter 2024 interest assumptions will be 5.50 percent for the first 20 years following the valuation date and 4.83 percent thereafter. In comparison with the interest assumptions in effect for the first quarter of 2024, these interest assumptions represent no change in the select period (the period during which the select rate (the initial rate) applies),

an increase of 0.05 percent in the select rate, and a decrease of 0.39 percent in the ultimate rate (the final rate).

Need for Immediate Guidance

PBGC has determined that notice of, and public comment on, this rule are impracticable, unnecessary, and contrary to the public interest. PBGC routinely updates the interest assumptions in appendix B of the asset allocation regulation each quarter so that they are available to value benefits. Accordingly, PBGC finds that the public interest is best served by issuing this rule expeditiously, without an opportunity for notice and comment, and that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication to allow the use of the proper assumptions to estimate the value of plan benefits for plans with valuation dates early in the second quarter of 2024.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

FEDERAL COMMUNICATIONS COMMISSION
47 CFR Part 73
[MB Docket No. 23–406; RM–11969; DA 24–199; FR ID 207515]
Television Broadcasting Services Greenville, South Carolina
AGENCY: Federal Communications Commission.
ACTION: Final rule.

SUMMARY: On November 27, 2023, the Media Bureau, Video Division (Bureau) issued a Notice of Proposed Rulemaking (NPRM) in response to a petition for rulemaking filed by Carolina Christian Broadcasting, Inc. (Petitioner), the licensee of WGG5–TV (Station or WGG5), channel 2, Greenville, South

Carolina (Greenville), requesting the substitution of channel 29 for channel 2 at Greenville in the Table of TV Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 29 for channel 2 at Greenville.

DATES: Effective April 12, 2024.
FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647 or Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: The proposed rule was published at 88 FR 84771 on December 6, 2023. The Petitioner filed comments in support of the petition reaffirming its commitment to apply for channel 29. No other comments were filed.

The Bureau believes the public interest would be served by substituting channel 29 for channel 2 at Greenville. Petitioner states that its proposed channel substitution would serve the public interest by resolving reception challenges currently experienced by viewers in the WGG5 service area, and substantially improving access to the Station's programming. The Petitioner notes that the Commission has

recognized that VHF channels have certain characteristics that pose challenges for their use in providing digital television service, including a large variability in the performance of indoor antennas available to viewers, with most antennas performing very poorly on VHF channels. The Petitioner proposes to operate the Station on channel 29 with a 3-node Distributed Transmission System (DTS) facility, and all viewers within the Station's community of license will continue to be served by the Station. An analysis using the Commission's TVStudy software indicates that the Station's move to channel 29 would result in a loss of service to 946,964 persons, mostly located around the edge of the channel 2 noise limited service contour (NLSC). All but 417 persons of those persons, however, would remain well-served by continuing to receive at least five full power or Class A stations, and those 417 persons would continue to receive service from at least four such stations, a number of persons that the Commission has found to be de minimis.

As proposed, channel 29 can be substituted for channel 2 at Greenville in compliance with the principal community coverage requirements of section 73.625(a) of the rules, at coordinates 34°56'26.4" N and 82°24'40.4" W. Although the Petitioner's proposal would result in a loss of programming to a number of viewers on the fringes of the Station's NLSC, all but a de minimis number of viewers will remain well-served and we conclude that the overall benefits of the proposed channel change in resolving reception issues outweighs any possible harm to the public interest.

This is a synopsis of the Commission's *Report and Order*, MB Docket No. 23-406; RM-11969; DA 24-199, adopted March 4, 2024, and released March 4, 2024. This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer

than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, do not apply to this proceeding.

The Commission will send a copy of this *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).
