SUPPLEMENTARY INFORMATION: In 2016, an Interim Final Rule titled "Supplemental Nutrition Assistance Program: Requirement for National Directory of New Hires Employment Verification and Annual Program Activity Reporting," was published in the **Federal Register**. This rule codified section 4013 of the Agricultural Act of 2014, requiring State agencies to access employment data through the National Directory of New Hires (NDNH) at the time of certification, including recertification, to determine eligibility status and correct benefit amount for SNAP applicants.

Title: SNAP Requirement for National Directory of New Hires Employment Verification.

Form Number: N/A.

OMB Control Number: 0584-0608.

Expiration Date: 07/31/2024.

Type of Request: Revision of a currently approved collection.

Abstract: Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 272.16 require that each State agency must compare identifiable information about each adult household member against data from the U.S. Department of Health and Human Services' (HHS) National Directory of New Hires (NDNH). This comparison will be used to determine the eligibility status of the household and determine the correct benefit amount the household should receive. Following OMB approval of this collection, FNS intends to merge this collection with OMB control number 0584-0064.

Verification of Match; Notice of Match Results: The State agency must independently verify the information prior to taking any adverse action against an individual. Should the State agency receive employment information via the NDNH that was previously unreported by the household, the State agency must issue a notice of match results informing the household of the match and providing them with the opportunity to verify the information. The State agency may contact the employer directly, depending upon applicable reporting requirements as defined at 7 CFR 273.12.

Notice of Adverse Action or Notice of Denial: The Notice of Adverse Action or Notice of Denial is issued by State agencies to participating households whose benefits will be reduced or terminated as the result of a change in household circumstances. Should the State agency independently verify unreported or underreported income discovered through NDNH, and that income results in a reduction of benefits or change in eligibility, the State agency must take action by issuing the household a Notice of Adverse Action or Notice of Denial and adjust or deny benefits accordingly.

Burden Estimates: The previous burden for this collection was 521,719.02 reporting hours (482,290.88 reporting burden hours for State agencies + 39,428.14 reporting burden hours for households). The requested burden is 3,365,064.98 (1,261,899.37 reporting burden hours for State agencies + 2,103,165.61 reporting burden hours for households), which represents an increase of 2,843,345.96 hours due to program adjustments. These program adjustments result from the availability of State usage data and an increase in the number of State agencies utilizing NDNH database. There are no recordkeeping or third party/disclosure requirements associated with this collection.
