Public Comments: The IACC welcomes written and oral/virtual public comments from members of the autism community and asks the community to review and adhere to its Public Comment Guidelines. In the 2021–2023 IACC Strategic Plan, the IACC lists the “Spirit of Collaboration” as one of its core values, stating that, “We will treat others with respect, listen with open minds to the diverse lived experiences of people on the autism spectrum and their families, consider multiple solutions, and foster discussions where participants can comfortably share different opinions.” In keeping with this core value, the IACC and the NIMH Office of National Autism Coordination (ONAC) ask that members of the public who provide public comments or participate in meetings of the IACC also adhere to this core value.

A limited number of slots are available for individuals to provide a 3-minute summary or excerpt of their written comment to the IACC during the meeting. For those interested in that opportunity, please indicate “Interested in providing oral comment” in your written submission, along with your name, address, email address, phone number, and professional/organizational affiliation so that ONAC staff can contact you if a slot is available.

For any given meeting, priority for comment slots will be given to individuals and organizations that have not previously provided comments in the current calendar year. This will help ensure that as many individuals and organizations as possible have an opportunity to share comments. Commenters going over their allotted 3-minute slot may be asked to conclude immediately in order to allow other comments and the rest of the meeting to proceed on schedule.

Public comment submissions received by 5:00 p.m. ET on Wednesday, April 3, 2024, will be provided to the IACC prior to the meeting for their consideration. Any written comments received after 5:00 p.m. ET, Wednesday, April 3, 2024, may be provided to the IACC either before or after the meeting, depending on the volume of comments received and the time required to process them in accordance with privacy regulations and other applicable Federal policies.

The IACC is not able to respond individually to comments. All public comments become part of the public record. Attachments of copyrighted publications are not permitted, but web links or citations for any copyrighted works cited may be provided. For public comment guidelines, see: <https://iacc.hhs.gov/meetings/public-comments/guidelines/>.

Disability Accommodations: All IACC Full Committee Meetings provide Closed Captioning through the NIH Videocasting website. Individuals whose full participation in the meeting will require special accommodations (e.g., sign language or interpreting services, etc.) must submit a request to the Contact Person listed on the notice at least seven (7) business days prior to the meeting. Such requests should include a detailed description of the accommodation needed and a way for the IACC to contact the requester if more information is needed to fill the request. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus.
