## DEPARTMENT OF LABOR

### Agency Information Collection Activities; Submission for OMB Review; Comment Request; Alternative Method of Compliance for Certain Simplified Employee Pensions

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** The Department of Labor (DOL) is submitting this Employee Benefits Security Administration (EBSA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

**DATES:** The OMB will consider all written comments that the agency receives on or before April 17, 2024

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Michael Howell by telephone at 202–693–6782, or by email at [DOL\\_PRA\\_PUBLIC@dol.gov](mailto:DOL_PRA_PUBLIC@dol.gov).

**SUPPLEMENTARY INFORMATION:** Section 110 of ERISA relieves sponsors of certain Simplified Employee Pensions (SEPs) from ERISA’s Title I reporting

and disclosure requirements by prescribing an alternative method of compliance. These SEPs are, for purposes of this information collection, referred to as “non-model SEPs” because they exclude those SEPs which are created through use of Internal Revenue Service (IRS) Form 5305–SEP, and those SEPs in which the employer influences the employees as to their choice of IRAs to which employer contributions will be made, and that also prohibit withdrawals by participants.

This information collection requirement generally requires timely written disclosure to employees eligible to participate in non-model SEPs, including specific information concerning: participation requirements; allocation formulas for employer contributions; designated contact persons for further information; and, for employer recommended IRAs, specific terms of the IRAs such as rates of return and any restrictions on withdrawals. Moreover, general information is required that provides a clear explanation of: the operation of the non-model SEP; participation requirements and any withdrawal restrictions; and the tax treatment of the SEP-related IRA. Furthermore, statements must be provided that inform participants of: any other IRAs under the non-model SEP other than that to which employer contributions are made; any options regarding rollovers and contributions to other IRAs; descriptions of IRS disclosure requirements to participants and information regarding social security integration (if applicable); and timely notification of any amendments to the terms of the non-model SEP. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on August 25, 2023 (88 FR 58312).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is

generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
