DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Availability of the Final Tiered Environmental Assessment and Finding of No Significant Impact for SpaceX Starship Indian Ocean Landings

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended (NEPA), Council on Environmental Quality NEPA-implementing regulations, and FAA

Order 1050.1F, *Environmental Impacts: Policies and Procedures*, the FAA is announcing the availability of the Final Tiered Environmental Assessment and Finding of No Significant Impact/Record of Decision for SpaceX Starship Indian Ocean Landings (Final Tiered EA and FONSI/ROD).

FOR FURTHER INFORMATION CONTACT:

Amy Hanson, Environmental Protection Specialist, Federal Aviation Administration, 800 Independence Avenue SW, Suite 325, Washington, DC 20591; phone 847-243-7609; email amy.hanson@faa.gov.

SUPPLEMENTARY INFORMATION: The FAA is the lead agency. The FAA evaluated SpaceX's proposal to land its Starship vehicle in the Indian Ocean. The proposal would require the FAA to modify SpaceX's vehicle operator license along with potential renewals and modifications to the license within the scope of operations. SpaceX's Proposed Action is to analyze the potential for up to a total of ten nominal operations, including up to a maximum of five overpressure events from Starship intact impact and up to a total of five reentry debris or soft water landings in the Indian Ocean, within a year of issuance of a NMFS concurrence letter.

The Final Tiered EA evaluated the potential environmental impacts of the Proposed Action and the No Action Alternative. Under the No Action Alternative, the FAA would not modify SpaceX's license for landing the Starship vehicles in the Indian Ocean. In this situation, as permitted under existing licenses, SpaceX could land the Starship vehicle at the VLA or downrange in the Gulf of Mexico, or Pacific Ocean (on a floating platform or expended in the Pacific Ocean).

The FAA has posted the Final Tiered EA and FONSI/ROD on the FAA Office of Commercial Space Transportation website: https://www.faa.gov/space/stakeholder_engagement/spacex_starship.

Issued in Washington, DC, on: March 12, 2024.

Manager, Operations Support Branch.

DEPARTMENT OF THE TREASURY

Bureau of the Fiscal Service

Proposed Extension of Information Collection Request Submitted for Public Comment; Comment Request Relating To Improving Customer Experience (OMB Circular A-11, Section 280 Implementation)

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. Currently the Bureau of the Fiscal Service within the Department of the Treasury is soliciting comments relating to Improving Customer Experience (OMB Circular A-11, Section 280 Implementation).

DATES: Written comments should be received on or before May 17, 2024 to be assured of consideration.

ADDRESSES: Direct all written comments and requests for additional information to Bureau of the Fiscal Service, Bruce A. Sharp, Room #4006-A, P.O. Box 1328, Parkersburg, WV 26106-1328, or bruce.sharp@fiscal.treasury.gov.

SUPPLEMENTARY INFORMATION:

Title: Improving Customer Experience (OMB Circular A-11, Section 280 Implementation).

OMB Number: 1530-0073.

Abstract: A modern, streamlined, and responsive customer experience means: Raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for Bureau of the Fiscal Service leadership. To support this, OMB Circular A-11 Section 280 established government-wide standards for mature customer experience organizations in government and measurement. To enable Federal programs to deliver the experience taxpayers deserve, they must undertake three general categories of activities: conduct ongoing customer research, gather and share customer feedback, and test services and digital products.

These data collection efforts may be either qualitative or quantitative in

nature or may consist of mixed methods. Additionally, data may be collected via a variety of means, including but not limited to electronic or social media, direct or indirect observation (*i.e.*, in person, video and audio collections), interviews, questionnaires, surveys, and focus groups. Bureau of the Fiscal Service will limit its inquiries to data collections that solicit strictly voluntary opinions or responses. Steps will be taken to ensure anonymity of respondents in each activity covered by this request.

The results of the data collected will be used to improve the delivery of Federal services and programs. It will include the creation of personas, customer journey maps, and reports and summaries of customer feedback data and user insights. It will also provide government-wide data on customer experience that can be displayed on *performance.gov* to help build transparency and accountability of Federal programs to the customers they serve.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

The Bureau will collect this information by electronic means when possible, as well as by mail, fax, telephone, technical discussions, and in-person interviews. The Bureau may also utilize observational techniques to collect this information.

Affected Public: Collections will be targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future. For the purposes of this request, “customers” are individuals, businesses, and organizations that interact with a Bureau of the Fiscal Service or program, either directly or via a Federal contractor. This could include individuals or households; businesses or other for-profit organizations; not-for-profit institutions; State, local or tribal governments; Federal government; and Universities.

Current Actions: Extension of a currently approved collection.

Type of Review: Regular.

Estimated Number of Respondents: 500,250.

Estimated Time per Respondent: Varied, dependent upon the data collection method used. The possible response time to complete a questionnaire or survey may be 3

minutes or up to 1.5 hours to participate in an interview.

Estimated Total Annual Burden Hours: 25,275.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: 1. Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; 2. the accuracy of the agency’s estimate of the burden of the collection of information; 3. ways to enhance the quality, utility, and clarity of the information to be collected; 4. ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and 5. estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: March 12, 2024.

Bruce A. Sharp,

Bureau PRA Clearance Officer.
