

address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Abstract: Title 28, Code of Federal Regulations (CFR), section 0.85(j) sets forth the Attorney General’s delegation to the FBI to implement the exchange of identity history information for noncriminal justice purposes. Additionally, 28 CFR 20.33(a)(3) and

50.12 both further explain the dissemination of identity history information for noncriminal justice purposes. The FBI’s Criminal Justice Information Services (CJIS) Division currently offers a Biographic Verification Service to noncriminal justice agencies as a way to obtain adjudicated criminal history information in cases where the required fingerprint image quality could not be achieved after two attempts for a fingerprint-based search. The service was implemented to ensure that individuals with poor quality fingerprints not be denied benefits, licensing, or employment opportunities due to non-discernible fingerprints. The information collected on the CJIS Biographic Verification Request form is required to ensure the agency requesting the service has the authority to request and obtain the results and to verify fingerprints were submitted and rejected twice for the individual of the request.

Overview of This Information Collection

1. *Type of Information Collection:* Extension of a previously approved collection.

2. *The Title of the Form/Collection:* CJIS Biographic Verification Request.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* I-791; CJIS, FBI, DOJ.

4. *Affected public who will be asked or required to respond, as well as the obligation to respond:* The form is used when an authorized noncriminal justice agency requests that the CJIS Division complete a Biographic Verification. The obligation is strictly voluntary, and the frequency of submissions is not mandated; however, the form is required to obtain the benefit of the CJIS Biographic Verification Service.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that approximately 36,000 respondents will complete the CJIS Biographic Verification Request form in fiscal year 2024. It will take each respondent approximately two minutes to complete the form.

6. *An estimate of the total annual burden (in hours) associated with the collection:* The total annual burden hours for this collection is approximately 1,200 hours.

7. *An estimate of the total annual cost burden associated with the collection, if applicable:* \$0.

TOTAL BURDEN HOURS

Activity	Number of respondents	Frequency	Total annual responses	Time per response (min)	Total annual burden (Hours)
Ex: Survey (individuals or households)	36,000	1/annually	36,000	2	1,200
<i>Unduplicated Totals</i>	<i>36,000</i>	<i>36,000</i>	<i>1,200</i>

DEPARTMENT OF LABOR

Employment and Training Administration

Agency Information Collection Activities; Comment Request; YouthBuild (YB) Work Site Description and Housing Census

ACTION: Notice.

SUMMARY: The Department of Labor’s (DOL) Employment and Training Administration (ETA) is soliciting comments concerning a proposed revision for information collection request (ICR) titled, “YouthBuild Work Site Description and Housing Census.” This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Consideration will be given to all written comments received by May 20, 2024.

ADDRESSES: A copy of this ICR with applicable supporting documentation, including a description of the likely respondents, proposed frequency of response, and estimated total burden, may be obtained free by contacting Stephanie Pena by telephone at (202) 693-3153 (this is not a toll-free number), or by email at pena.stephanie.l@dol.gov. For persons with a hearing or speech disability who need assistance to use the telephone system, please dial 711 to access telecommunications relay services. Submit written comments regarding, or requests for a copy of, this ICR by email: pena.stephanie.l@dol.gov; or by fax: (202) 693-3113.

FOR FURTHER INFORMATION CONTACT: Stephanie Pena by telephone at (202)

693-3153 (this is not a toll-free number) or by email at pena.stephanie.l@dol.gov.

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The YouthBuild Work Site Description and Housing Census (ETA-9143) form collects information about the proposed work sites for low-income or homeless individuals or families where YouthBuild participants receive training and participate in construction skills activities. This form also collects information annually on the number of housing units that grantees build or renovate each year, which allows ETA to demonstrate the annual increase in affordable housing supported by YouthBuild. ETA is proposing changes to the Annual Housing Census portion of ETA-9143 form that reduces the burden collection.

The accuracy, reliability, and comparability of program reports submitted by grantees using Federal funds are fundamental elements of good public administration and are necessary tools for maintaining and demonstrating system integrity. The Workforce Innovation and Opportunity Act (29 U.S.C. 3101) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In

order to help ensure appropriate consideration, comments should mention OMB 1205-0464.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).
