II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, NRC Form 483, “Registration Certificate—In Vitro Testing With Byproduct Material Under General License.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on October 27, 2023, 88 FR 73881.

1. *The title of the information collection*: NRC Form 483, Registration Certificate—In Vitro Testing With Byproduct Material Under General License.

2. *OMB approval number*: 3150-0038.

3. *Type of submission*: Extension.

4. *The form number, if applicable*: NRC Form 483.

5. *How often the collection is required or requested*: There is a one-time submittal of information to receive a validated copy of the NRC Form 483 with an assigned registration number. In addition, any changes in the information reported on the NRC Form 483 must be reported in writing to the

NRC within 30 days after the effective date of the change.

6. *Who will be required or asked to respond*: Any physician, veterinarian in the practice of veterinary medicine, clinical laboratory, or hospital which desires a general license to receive, acquire, possess, transfer, or use specified units of byproduct material in certain in vitro clinical or laboratory tests.

7. *The estimated number of annual responses*: 6.

8. *The estimated number of annual respondents*: 3.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request*: 0.65 hours (0.5 hours reporting + 0.15 hours recordkeeping).

10. *Abstract*: Section 31.11 of title 10 of the *Code of Federal Regulations* (10 CFR), established a general license authorizing any physician, clinical laboratory, veterinarian in the practice of veterinary medicine, or hospital to possess certain small quantities of byproduct material for in vitro clinical or laboratory tests not involving the internal or external administration of the byproduct material or the radiation therefrom to human beings or animals. Possession of byproduct material under 10 CFR 31.11 is not authorized until the physician, clinical laboratory, veterinarian in the practice of veterinary medicine, or hospital has filed the NRC Form 483 and received from the Commission a validated copy of the NRC Form 483 with a registration number. The licensee can use the validated copy of the NRC Form 483 to obtain byproduct material from a specifically licensed supplier. The NRC incorporates this information into a database which is used to verify that a general licensee is authorized to receive the byproduct material.

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 18a-5, under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 18a-5 enumerates the recordkeeping and reporting requirements for security-based swap dealers ("SBSDs") and major security-based swap participants ("MSBSPs"). More specifically, Rule 18a-5 establishes recordkeeping requirements applicable to stand-alone SBSDs, stand-alone MSBSPs, bank SBSDs, and bank MSBSPs. Rule 18a-5 was modeled on Rule 17a-3 under the Exchange Act, which applies to broker-dealers, but Rule 18a-5 does not include a parallel requirement for every requirement in Rule 17a-3 because some of the requirements in Rule 17a-3 relate to activities that are not expected or permitted of SBSDs and MSBSPs. The collections of information under Rule 18a-5 include the following types of
