Federal Energy Regulatory Commission

[Docket No. CP24–82–000]

Enable Gas Transmission, LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on March 6, 2024, Enable Gas Transmission (EGT), 1300 Main Street, Houston, Texas 77002, filed in the above referenced docket, a prior notice request pursuant to sections 157.205 and 157.208 of the Commission's regulations under the Natural Gas Act (NGA), and EGT's blanket certificate issued in Docket Nos. CP82–384–000 and CP82–384–001, for authorization to decrease the Maximum Allowable Operating Pressure (MAOP) of a segment of its Line 10–1 Lateral located in Stephens County, Oklahoma (Line 10–1 Lateral MAOP Reduction Project). The project will allow EGT to maintain safe operation of its pipeline system and remain in compliance with the U.S. Department of Transportation's (DOT) regulations.¹ The estimated cost

¹ 49 CFR 192.619 and 49 CFR 192.624.

for the project is \$5,000, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at 202-502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions concerning this request should be directed to Blair Lichtenwalter, Senior Director of Certificates, 1300 Main Street, Houston, Texas 7702, (713) 989-1205 or by email at blair.lichtenwalter@energytransfer.com.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on May 14, 2024. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,² any person³ or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,⁴ and must be submitted by the protest deadline, which is May 14, 2024. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁵ and the regulations under the NGA⁶ by the intervention deadline for the project, which is May 14, 2024. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the

intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before May 14, 2024. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP24-82-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or⁷

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP24-82-000.

To file via USPS: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other method: Debbie-Anne A. Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

² 18 CFR 157.205.

³ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁴ 18 CFR 157.205(e).

⁵ 18 CFR 385.214.

⁶ 18 CFR 157.10.

⁷ Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail or email (with a link to the document) at: Blair Lichtenwalter, Senior Director of Certificates, 1300 Main Street, Houston, Texas 7702 or by email at blair.lichtenwalter@energytransfer.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

[Project No. 2533-062]

Brainerd Public Utilities; Notice of Waiver of Water Quality Certification

On January 23, 2023, Brainerd Public Utilities filed an application for a license for the Brainerd Hydroelectric Project in the above captioned docket. On February 1, 2023, the Minnesota Pollution Control Agency (Minnesota PCA) received a complete request for a Clean Water Act section 401(a)(1) water

quality certification from Brainerd Public Utilities in conjunction with the above captioned project.

On February 2, 2023, staff provided Minnesota PCA with written notice that the applicable reasonable period of time for it to act on the certification request was one (1) year from the date of receipt of the request, and that the certification requirement for the license would be waived if the certifying authority failed to act by February 1, 2024. Because Minnesota PCA did not act by February 1, 2024, we are notifying you pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1), that waiver of the certification requirement has occurred.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-11832-01-R9]

Reissuance of National Pollutant Discharge Elimination System (NPDES) General Permit for Low Threat Discharges in Navajo Nation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability of final NPDES general permit.

SUMMARY: The Environmental Protection Agency (EPA), Region 9 is publishing this notice of availability of its final general NPDES permit (Permit No. NNG990001) for water discharges from facilities classified as low threat located in the Navajo Nation. Use of a general NPDES permit in the location described above allows EPA and dischargers to allocate resources in a more efficient manner, obtain timely permit coverage, and avoid issuing resource intensive individual permits to each facility, while simultaneously providing greater certainty and efficiency to the regulated community while ensuring consistent permit conditions for comparable facilities.

DATES: For purposes of judicial review the permit is considered issued on April 3, 2024. The final permit is effective on May 1, 2024.

ADDRESSES: The final general permit and other related documents in the administrative record are on file and may be inspected any time between 8:30 a.m. and 4:00 p.m., Monday through Friday, excluding legal holidays, at: U.S.

EPA, Region 9, NPDES Permits Office (WTR-2-3), 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the final General Permit, Fact Sheet and Response to Public Comments are available at EPA, Region 9's website at <https://www.epa.gov/npdes-permits/npdes-permits-epas-pacific-southwest-region-9>. If there are issues accessing the website, please contact EPA via contact information below.

FOR FURTHER INFORMATION CONTACT: Gary Sheth, EPA Region 9, Water Division, NPDES Permits Office; telephone (415) 972-3516; email address: sheth.gary@epa.gov.

SUPPLEMENTARY INFORMATION:

A. Administrative Process

Public notice of EPA Region 9's tentative decision to issue the permit was published in the **Federal Register** on May 25, 2023 (88 FR 33876) and on EPA Region 9's website. The public comment period closed on June 26, 2023. Region 9 received written comments from one party concerning the proposed permit. Region 9 prepared a separate document (Response to Comments) which discusses these comments in more detail and Region 9's responses to the comments.

B. Changes From the Proposed Permit

The final permit contains two minor changes from the proposed permit; these are discussed here and in the final fact sheet. EPA added a specific email address for the New Mexico Environment Department for permittees to report discharges likely to leave Navajo Nation land and reach New Mexico waters. EPA also added a requirement for submitting all required Discharge Monitoring Reports (DMRs) before the finalization of a Notice of Termination.

C. Endangered Species Act Considerations

The ESA and its implementing regulations (50 CFR part 402) require EPA to ensure that any action authorized, funded or carried out by EPA is not likely to jeopardize the continued existence of any threatened or endangered species or adversely affect its critical habitat. EPA Region 9 concluded that the authorized discharges may affect, but are not likely to adversely affect listed species, and will not adversely affect critical habitat. EPA received a letter of concurrence on this finding from the United States Fish and Wildlife Service on January 10, 2024.
