

Address: 202 Fairview Drive, Monaca, PA 15061

Copies of the Scoping Document (SD1) outlining the subject areas to be addressed in the NEPA document were distributed to the parties on the Commission's mailing list. Copies of the SD1 will be available at the scoping meeting or may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link (see item m above).

Environmental Site Review

The applicant and Commission staff will conduct an environmental site review of the project. All interested individuals, agencies, Indian Tribes, and NGOs are invited to attend. All participants are responsible for their own transportation to the site. Please RSVP via email to Laura Cowen at laura.cowen@kleinschmidtgroup.com or by phone at (717) 983-4056 if you plan to attend the environmental site review. The time and location of the environmental site review is as follows:
Date: Wednesday, April 17, 2024
Time: 9:00 a.m. EDT
Place: Townsend Water Power Project Station Entrance
Address: 900 1st Avenue, New Brighton, PA 15066

All persons attending the environmental site review must adhere to the following requirements: (1) all persons must wear sturdy, closed-toe shoes or boots; (2) persons with open-toed shoes/sandals/flip flops/high heels, etc. will not be allowed on the environmental site review; (3) persons must be 18 years or older; (4) no photography will be allowed inside the powerhouse; (5) no weapons are allowed on-site; (6) no alcohol/drugs are allowed on-site (or persons exhibiting the effects thereof); and (7) no animals (except for service animals) are allowed on the environmental site review.

Objectives

At the scoping meetings, Commission staff will: (1) summarize the environmental issues tentatively identified for analysis in the NEPA document; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the NEPA document, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the NEPA document; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project. Individuals, NGOs, Indian Tribes, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the NEPA document.

Dated: March 15, 2024.

Debbie-Anne A. Reese,

Acting Secretary.

BILLING CODE 0099-10-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP23-501-000]

Port Arthur LNG, LLC and Port Arthur LNG Common Facilities Company; Notice of Availability of the Environmental Assessment for the Proposed Port Arthur Liquefaction Project Amendment

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Port Arthur Liquefaction Project Amendment (Amendment), proposed by Port Arthur LNG, LLC and Port Arthur LNG Common Facilities Company, LLC (collectively PALNG) in the above-referenced docket.

PALNG proposes to increase the peak construction workforce from its currently authorized workforce of 3,000 personnel up to 6,000 personnel per day

at the PALNG Terminal site in Jefferson County, Texas. In addition, PALNG would implement a 24-hour-per-day construction schedule for the remaining construction period at the site. The proposed Amendment includes the 24-hour use of six previously approved park-and-ride lots and one new park-and-ride location.

The EA assesses the potential environmental effects of the Amendment in accordance with the requirements of the National Environmental Policy Act. The EA incorporates by reference the Commission staff's January 2019 Final Environmental Impact Statement issued in Docket No. CP17-20-000 for the Port Arthur Liquefaction Project, and the Commission's findings and conclusions in its corresponding April 18, 2019 Order. Commission staff concludes that approval of the proposed Amendment, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission mailed a copy of the *Notice of Availability* of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environmental-documents>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://elibrary.ferc.gov/eLibrary/search>), select "General Search" and enter the docket number in the "Docket Number" field (*i.e.*, CP23-501). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more
