

Export control authority has been assigned directly to the Secretary of Commerce by the ECRA and delegated by the President to the Secretary of Commerce. This authority is administered by the Bureau of Industry and Security through the Export Administration Regulations (EAR). The ECRA is not permanent legislation, and when it has lapsed due to the failure to enact a timely extension, Presidential executive orders under the International Emergency Economic Powers Act (IEEPA) have directed and authorized the continuation in force of the EAR.

The collection is necessary under § 748.11 of the EAR. This section states that the Form BIS-711, Statement by Ultimate Consignee and Purchaser, or a statement on company letterhead (in accordance with § 748.11(b)(1), unless one or more of the exemptions set forth in Section 748.11(a) exists. The BIS-711 or letter provides information on the foreign importer receiving the U.S. technology and how the technology will be utilized. The BIS-711 or letter provides assurances from the importer that the technology will not be misused, transferred or re-exported in violation of the EAR. The form is also required for certain reexport authorizations specified in § 748.12(b) of the EAR.
