

This information is being collected to assure compliance with 40 CFR part 60, subpart TT.

Form Numbers: None.

Respondents/affected entities: Metal coil surface coating facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart TT).

Estimated number of respondents: 158 (total).

Frequency of response: Initially, quarterly, occasionally, semiannually, and annually.

Total estimated burden: 16,200 hours (per year). Burden is defined as 5 CFR 1320.3(b).

Total estimated cost: \$2,200,000 (per year), which includes \$151,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in burden from the most-recently approved ICR as currently identified in the OMB Inventory of Approved Burdens. This is due to two considerations: (1) the regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for this industry is very low or non-existent, so there is no significant change in the overall burden. Although there are no changes in the regulatory requirements and there is no significant industry growth, there is a decrease in the operation and maintenance (O&M) costs due to a calculation correction to the number of respondents using temperature monitoring systems.

Courtney Kerwin,

Director, Regulatory Support Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R08-SFUND-2024-0009; FRL-11812-01-R8]

Proposed CERCLA Administrative Settlement Agreement and Order on Consent for Remedial Investigation Addendum/Focused Feasibility Study

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), notice is hereby given that a Proposed Administrative Settlement Agreement and Order on Consent for Remedial

Investigation Addendum/Focused Feasibility Study ("Proposed Agreement") associated with the Smelertown Site near Salida, Chaffee County, Colorado ("Site") was executed by the U.S. Environmental Protection Agency ("EPA"), Region 8 and is now subject to public comment, after which EPA may modify or withdraw its consent if comments received disclose facts or considerations that indicate that the Proposed Agreement is inappropriate, improper, or inadequate. **DATES:** Comments must be submitted on or before April 29, 2024.

ADDRESSES: The Proposed Agreement and additional background information relating to the agreement will be available upon request. Any comments or requests or for a copy of the Proposed Agreement should be addressed to Julie Nicholson, Enforcement Specialist, Superfund and Emergency Management Division, Environmental Protection Agency-Region 8, Mail Code 8SEM-PAC, 1595 Wynkoop Street, Denver, Colorado 80202, telephone number: (401) 714-6143, email address: nicholson.julie@epa.gov and should reference the Smelertown Site.

You may also send comments, identified by Docket ID No. EPA-R08-SFUND-2024-0009 to 40. Follow the online instructions for submitting comments.

FOR FURTHER INFORMATION CONTACT:

Kayleen Castelli, Senior Assistant Regional Counsel, Office of Regional Counsel, Environmental Protection Agency, Region 8, Mail Code 8ORC-LEC, 1595 Wynkoop, Denver, Colorado 80202, telephone number:(303) 312-6174, email address: castelli.kayleen@epa.gov.

SUPPLEMENTARY INFORMATION: The Proposed Agreement would resolve potential EPA claims under section 107(a) of CERCLA, against Butala Construction Co. ("Settling Party") for the performance of a remedial investigation addendum and focused feasibility study (RIA/FFS) for Operable Unit 2 (OU2) and a portion of the Vista Del Rio Subdivision (the "Property"), which is associated with the Smelertown Site. The RIA/FFS will evaluate the possible impacts and potential remedies for the actual and/or threaten "release" of any hazardous substance resulting from Settling Party's activities and will analyze the remedy selected in the OU2 Record of Decision issued by the EPA in 1998 as it relates to those activities. This Settlement separately contemplates the soil and groundwater sampling programs for the Vista Del Rio subdivision by the Settling

Party. The Vista Del Rio Subdivision is the subdivision of the 18-acres along the western edge of the Site. The Proposed Settlement also provides for the payment of certain response costs incurred by the United States at or in connection with the Site and the Vista Del Rio Subdivision and provides a covenant not to sue or to take administrative action from the United States to the Settling Party pursuant to sections 106 and 107(a) of CERCLA, 42 U.S.C. 9606 and 9607(a) with regard to the Property.

For thirty (30) days following the date of publication of this document, EPA will receive electronic comments relating to the Proposed Agreement. EPA's response to any comments received will be available for public inspection by request. Please see the **ADDRESSES** section of this document for instructions.

Ben Bienlenberg,

Acting Division Director, Superfund and Emergency Management Division, Region 8.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-XXXX and 3060-0928; FR ID 211190]

Information Collections Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before April 29, 2024.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information

collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents,

including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–XXXX.

Title: Class A Television Stations—Low Power Protection Act.

Type of Review: New collection.

Respondents: Business or other for-profit entities, not-for-profit institutions, and state, local or tribal governments.

Number of Respondents and Responses: 50 respondents and 250 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: One-time reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection 47 U.S.C. 151, 152, 154(i), 154(j), 303, 307, 309, 311, 336(f), and the Low Power Protection Act, Public Law 117–344, 136 Stat. 6193 (2023).

Total Annual Burden: 250 hours.

Total Annual Cost: No cost.

Needs and Uses: The Commission will use the information collected under this information collection to determine whether applicants can convert to Class A status pursuant to the Low Power Protection Act.

On December 11, 2023, the Commission adopted a Report and Order, FCC 23–112, to implement the Low Power Protection Act (LPPA or Act), which was enacted on January 5, 2023. The LPPA provides certain low power television (LPTV) stations with a limited window of opportunity to apply for primary spectrum use status as Class A television stations. The Report and Order establishes the period during which eligible stations may file applications for Class A status, eligibility and interference requirements, and the process for submitting applications.

The Report and Order adopts new rules 47 CFR 73.6030(c) and (d) which contain information collections. Section 73.6030(c) provides that applications for conversion to Class A status must be submitted using FCC Form 2100, Schedule F within one year beginning on the date on which the Commission issues notice that the rules implementing the Low Power Protection Act take effect. The licensee will be required to submit, as part of its application, a statement concerning the station’s operating schedule during the 90 days preceding January 5, 2023 and

a list of locally produced programs aired during that time period. The applicant may also submit other documentation, or may be requested by Commission staff to submit other documentation, to support its certification that the licensee meets the eligibility requirements for a Class A license under the Low Power Protection Act. Section 73.6030(d) provides that a Class A television broadcast license will only be issued under the Low Power Protection Act to a low power television licensee that files an application for a Class A Television license (FCC Form 2100, Schedule F), which is granted by the Commission.

Under this new information collection, the Commission will collect the information, disclosures, and certifications required by sections 73.6030(c) and (d) of the Commission’s rules from each applicant seeking to convert to Class A status and will use the information, disclosures, and certifications to determine whether an applicant is qualified to convert to a Class A station. Without the information collected, the Commission will not be able to determine if an applicant is qualified to become a Class A station under the LPPA.

OMB Control No.: 3060–0928.

Title: FCC Form 2100, Application for Media Bureau Audio and Video Service Authorization, Schedule F (Formerly FCC 302–CA); 47 CFR 73.6028; Section 73.3700(b)(3); Section 73.3700(h)(2) and Section 73.3572(h).

Form No.: FCC Form 2100, Schedule F.

Type of Review: Revision of a currently approved information collection.

Respondents: Business or other for-profit entities; Not for profit institutions; State, local or Tribal Government.

Number of Respondents and Responses: 115 respondents and 165 responses.

Estimated Time per Response: 2 hours.

Frequency of Response: On occasion reporting requirement and One time reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for the collection of information associated with the LPPA is contained in Sections 1, 2, 4(i), 4(j), 303, 307, 309, 311, and 336(f) of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 303, 307, 309, 311, 336(f) of the Communications Act of 1934, as amended, and the Low Power Protection Act, Public Law 117–344, 136 Stat. 6193 (2023).

Statutory authority for the collection of information associated with the CBPA is contained in Sections 154(i), 307, 308, 309, and 319 of the Communications Act of 1934, as amended, the Community Broadcasters Protection Act of 1999, and the Middle Class Tax Relief and Job Creation Act of 2012.

Total Annual Burden: 460 hours.

Annual Cost Burden: \$41,725.

Needs and Uses: The FCC Form 2100, Schedule F is used by Low Power TV (LPTV) stations that seek to convert to Class A status; existing Class A stations seeking a license to cover their authorized construction permit facilities; and Class A stations entering into a channel sharing agreement. The FCC Form 2100, Schedule F requires a series of certifications by the Class A applicant as prescribed by the Community Broadcasters Protection Act of 1999 (CBPA). Licensees will be required to provide weekly announcements to their listeners: (1) informing them that the applicant has applied for a Class A license and (2) announcing the public's opportunity to comment on the application prior to Commission action.

On December 11, 2023, the Commission adopted a Report and Order, FCC 23–112, to implement the Low Power Protection Act (LPPA or Act), which was enacted on January 5, 2023. The LPPA provides certain low power television (LPTV) stations with a limited window of opportunity to apply for primary spectrum use status as Class A television stations. The Report and Order establishes the period during which eligible stations may file applications for Class A status, eligibility and interference requirements, and the process for submitting applications. The Report and Order provides that applications to convert to Class A status under the Low Power Protection Act must be filed using FCC Form 2100, Schedule F. The application form requires certifications by the applicant as prescribed by the LPPA. This submission is being made to OMB for approval of the modified FCC Form 2100, Schedule F. In addition, LPTV stations that file an application to convert to Class A status must provide local public notice of the filing of the application pursuant to 47 CFR 73.3580(c). Specifically, the station must both broadcast on-air announcements and give online notice. This submission also reflects the burden associated with that information collection and is also being made to request Office of Management and Budget (OMB) approval of that collection.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Supplemental Evidence and Data Request on Fiber Intake and Laxation Outcomes

AGENCY: Agency for Healthcare Research and Quality (AHRQ), HHS.

ACTION: Request for supplemental evidence and data submission.

SUMMARY: The Agency for Healthcare Research and Quality (AHRQ) is seeking scientific information submissions from the public. Scientific information is being solicited to inform our review on *Fiber Intake and Laxation Outcomes*, which is currently being conducted by the AHRQ's Evidence-based Practice Centers (EPC) Program. Access to published and unpublished pertinent scientific information will improve the quality of this review.

DATES: *Submission Deadline* on or before April 29, 2024.

ADDRESSES:

Email submissions: epc@ahrq.hhs.gov.

Print submissions:

Mailing Address: Center for Evidence and Practice Improvement, Agency for Healthcare Research and Quality, ATTN: EPC SEADs Coordinator, 5600 Fishers Lane, Mail Stop 06E53A, Rockville, MD 20857

Shipping Address (FedEx, UPS, etc.):

Center for Evidence and Practice Improvement, Agency for Healthcare Research and Quality, ATTN: EPC SEADs Coordinator, 5600 Fishers Lane, Mail Stop 06E77D, Rockville, MD 20857

FOR FURTHER INFORMATION CONTACT:

Kelly Carper, Telephone: 301–427–1656 or Email: epc@ahrq.hhs.gov.

SUPPLEMENTARY INFORMATION: The Agency for Healthcare Research and Quality has commissioned the Evidence-based Practice Centers (EPC) Program to complete a review of the evidence for *Fiber Intake and Laxation Outcomes*. AHRQ is conducting this review pursuant to Section 902 of the Public Health Service Act, 42 U.S.C. 299a.

The EPC Program is dedicated to identifying as many studies as possible

that are relevant to the questions for each of its reviews. In order to do so, we are supplementing the usual manual and electronic database searches of the literature by requesting information from the public (e.g., details of studies conducted). We are looking for studies that report on *Fiber Intake and Laxation Outcomes*. The entire research protocol is available online at: <https://effectivehealthcare.ahrq.gov/products/fiber-intake/protocol>.

This is to notify the public that the EPC Program would find the following information on *Fiber Intake and Laxation Outcomes* helpful:

- A list of completed studies that your organization has sponsored for this topic. In the list, please *indicate whether results are available on ClinicalTrials.gov along with the ClinicalTrials.gov trial number.*

- *For completed studies that do not have results on ClinicalTrials.gov, a summary, including the following elements, if relevant: study number, study period, design, methodology, indication and diagnosis, proper use instructions, inclusion and exclusion criteria, primary and secondary outcomes, baseline characteristics, number of patients screened/eligible/enrolled/lost to follow-up/withdrawn/analyzed, effectiveness/efficacy, and safety results.*

- *A list of ongoing studies that your organization has sponsored for this topic. In the list, please provide the ClinicalTrials.gov trial number or, if the trial is not registered, the protocol for the study including, if relevant, a study number, the study period, design, methodology, indication and diagnosis, proper use instructions, inclusion and exclusion criteria, and primary and secondary outcomes.*

- *Description of whether the above studies constitute ALL Phase II and above clinical trials sponsored by your organization for this topic and an index outlining the relevant information in each submitted file.*

Your contribution is very beneficial to the Program. Materials submitted must be publicly available or able to be made public. Materials that are considered confidential; marketing materials; study types not included in the review; or information on topics not included in the review cannot be used by the EPC Program. This is a voluntary request for information, and all costs for complying with this request must be borne by the submitter.

The draft of this review will be posted on AHRQ's EPC Program website and available for public comment for a period of 4 weeks. If you would like to be notified when the draft is posted,
