

publication of the amended final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following amended cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after February 23, 2024, the publication date of the *Final Results*, as provided by section 751(a)(2)(C) of the Act: (1) the amended cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in these amended final results of review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 20.33 percent, the all-others rate established in the LTFV investigation.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation

of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these amended final results in accordance with sections 751(h) and 777(i)(1) of the Act and 19 CFR 351.224(e).

Dated: March 18, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Atlantic Coastal Fisheries Cooperative Management Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an exempted fishing permit renewal application from the Massachusetts Division of Marine Fisheries (MA DMF) contains all of the required information and warrants further consideration. The exempted fishing permit (EFP) would allow federally permitted fishing vessels to fish outside fishery regulations in support of exempted fishing activities proposed by the applicant. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act and the Atlantic Coastal Fisheries Cooperative Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed exempted fishing permits.

DATES: Comments must be received on or before April 12, 2024.

ADDRESSES: You may submit written comments by the following method:

- *Email:* nmfs.gar.efp@noaa.gov. Include in the subject line “MA DMF Ventless Trap EFP.”

FOR FURTHER INFORMATION CONTACT: Christine Ford, Fishery Management Specialist, Christine.Ford@noaa.gov, (978) 281–9185.

SUPPLEMENTARY INFORMATION: The MA DMF submitted a complete application for an EFP to conduct commercial fishing activities that the regulations would otherwise restrict. This EFP would exempt the participating vessels from the following Federal regulations:

TABLE 1—REQUESTED EXEMPTIONS

CFR citation	Regulation	Need for exemption
50 Part 697.21(c)(1) and (2)	Gear specification requirements for Lobster Management Areas 1 and 2.	To allow for the use of traps without escape vents.
§ 697.19(a) and (b)	Trap limit requirements for Areas 1 and 2	To allow for trap limits to be exceeded.
§ 697.19(i)	Trap tag requirements	To allow for alternatively tagged traps.
§§ 697.20(a)(2), 697.20(b)(2), 697.20(a)(3), and 697.20(b)(3).	Minimum and maximum carapace length requirements for Areas 1 and 2.	To allow sub-legal and over-sized lobsters to be landed for research purposes.

Kingdom: Amended Final Affirmative Antidumping Determinations for Brazil and the United Kingdom

and Antidumping Duty Orders, 81 FR 64432, 64434 (September 20, 2016).

TABLE 1—REQUESTED EXEMPTIONS—Continued

CFR citation	Regulation	Need for exemption
§ 697.20(g)(1) and (3)	V-notch possession requirement for Areas 1 and 2.	To allow landing of female lobsters for research purposes.
§ 697.20(d)(1) and (3)	Berried female possession requirements	To allow landing of egg-bearing female lobsters for research purposes.
§ 697.20(h)(1)	Minimum carapace width requirements	To allow sub-legal Jonah crabs to be landed for research purposes.
§§ 697.20(h)(2)(i) and (ii)	Berried female possession requirement	To allow landing of egg-bearing female Jonah crabs for research purposes.

TABLE 2—PROJECT SUMMARY

Project title	2024 MA DMF Ventless Trap Survey.
Project Start ...	05/01/2024.
Project End	10/31/2024.
Project objectives.	To provide fishery-independent data on lobster and Jonah crab growth and abundance within Massachusetts State waters.
Project location.	Statistical Areas 514 and 538.
Number of vessels.	Up to 6.
Number of trips.	Approximately 70.
Trip duration (days).	1.
Total number of days.	Approximately 70.
Gear type(s) ...	Lobster traps.
Number of tows or sets.	16 per trip.
Duration of tows or sets.	3 day soak time.

Project Narrative

The purpose of this survey is to provide fishery-independent data on lobster and Jonah crab growth and abundance within Massachusetts State waters of statistical areas 514 and 538. MA DMF funds this lobster abundance survey through their commercial and recreational lobster license fees. This survey has occurred annually since 2006. At least one MA DMF scientist would be on board for the sampling trips. MA DMF personnel would not be on board when traps are baited and deployed. Exemptions would not substantively change vessel operations. All catch during sampling trips would be retained temporarily to collect biological data. MA DMF staff may collect lobster and/or Jonah crab, including undersized, oversized, v-notched, and egg-bearing lobsters. Collected samples would be used for research projects on growth and maturity. No catch from the experimental traps would be landed for sale. All gear would be Atlantic Large Whale Take Reduction Plan compliant. Survey traps will be separate from each vessel's commercial lobster traps and

would be tagged as, “MA DMF Research Traps.”

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate the completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

All comments received are a part of the public record and may be posted for public viewing without change. All personal identifying information (e.g., name, address), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “anonymous” as the signature if you wish to remain anonymous).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 25, 2024.

Everett Wayne Baxter,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a meeting of the Socio-Economic Panel (SEP) on April 15 and 16, 2024.

The Scientific and Statistical Committee (SSC) will meet on April 16–18, 2024.

DATES: The SEP meeting will be held from 1:30 p.m. until 5 p.m., EDT on April 15; and from 8:30 a.m. until 12 p.m. on April 16, 2024. The SSC meeting will be held from 1:30 p.m. until 5 p.m., EDT on April 16; from 8:30 a.m. until 5 p.m. on April 17; and from 8:30 a.m. until 12 p.m. on April 18, 2024.

ADDRESSES:

Meeting address: The meetings will be held at the Crowne Plaza, 4831 Tanger Outlet Blvd., North Charleston, SC 29418; phone: (843) 744-4422.

The meetings will also be available via webinar. Registration is required. Webinar registration, an online public comment form, and briefing book materials will be available two weeks prior to the meetings at: <https://safmc.net/scientific-and-statistical-committee-meeting/>.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Dr. Judd Curtis, Quantitative Fishery Scientist, SAFMC; phone: (843) 302-8441 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: judd.curtis@safmc.net.

SUPPLEMENTARY INFORMATION:

SSC Socio-Economic Panel

The SEP meeting agenda includes updates on Council active amendments, the Council's Citizen Science program, and the Best Fishing Practices Outreach and Evaluation Workshop. The SEP will provide feedback on upcoming stakeholder engagement meetings, social and economic metrics used in Stock Assessment and Fisheries Evaluation (SAFE) reports, and social and economic information to include in the Snapper Grouper Management Strategy Evaluation (MSE). They will also discuss improving incorporation of Equity and Environmental Justice concerns into Council initiatives, the National Academy of Sciences report on Assessing Equity in the Distribution of
