Telecommunications Device for

the Deaf (TDD) users may contact (202) 263-4869.

SUPPLEMENTARY INFORMATION: The Board created the Community Advisory Council (CAC) as an advisory committee to the Board on issues affecting consumers and communities. The CAC is composed of a diverse group of experts and representatives of consumer and community development organizations and interests, including from such fields as affordable housing, community and economic development, employment and labor, financial services and technology, small business, and asset and wealth building. CAC members meet semiannually with the members of the Board in Washington, DC to provide a range of perspectives on the economic circumstances and financial services needs of consumers and communities, with a particular focus on the concerns of low- and moderate-income consumers and communities. The CAC complements two of the Board's other advisory councils—the Community Depository Institutions Advisory Council (CDIAC) and the Federal Advisory Council (FAC)—whose members represent depository institutions.

The CAC serves as a mechanism to gather feedback and perspectives on a wide range of policy matters and emerging issues of interest to the Board of Governors and aligns with the Federal Reserve's mission and current responsibilities. These responsibilities include, but are not limited to, banking supervision and regulatory compliance (including the enforcement of consumer protection laws), systemic risk oversight and monetary policy decision-making, and, in conjunction with the Office of the Comptroller of the Currency (OCC) and Federal Deposit Insurance Corporation (FDIC), responsibility for implementation of the Community Reinvestment Act (CRA).

This Notice advises individuals of the opportunity to be considered for appointment to the CAC. To assist with the selection of CAC members, the Board will consider the information submitted by the candidate along with other publicly available information that it independently obtains.

Council Size and Terms

The CAC consists of at least 15 members. The Board will select members in the fall of 2024 to replace current members whose terms will expire on December 31, 2024. The newly appointed members will serve three-year terms that will begin on January 1, 2025. If a member vacates the CAC before the end of the three-year

term, a replacement member will be appointed to fill the unexpired term.

Centers for Medicare & Medicaid Services

[CMS-3441-N]

Medicare, Medicaid, and CLIA Programs; Clinical Laboratory Improvement Amendments of 1988 Exemption of Laboratories Licensed by the State of Washington

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice.

SUMMARY: This notice announces that laboratories located in and licensed by the State of Washington that possess a valid license under the Medical Test Site law, chapter 70.42 of the Revised Code of Washington, are exempt from the requirements of the Clinical Laboratory Improvement Amendments of 1988 (CLIA) for a period of 4 years.

DATES: The exemption granted by this notice is effective from April 1, 2024 to April 1, 2028.

FOR FURTHER INFORMATION CONTACT: Mary Hasan, (410) 786-6480.

SUPPLEMENTARY INFORMATION:

I. Background and Legislative Authority

Section 353 of the Public Health Service Act (PHSA), as amended by the Clinical Laboratory Improvement Amendments of 1988 (CLIA) (Pub. L. 100-578), which was enacted on

October 31, 1988, generally provides that no laboratory may perform tests on human specimens for the diagnosis, prevention or treatment of any disease or impairment of, or assessment of the health of, human beings unless it has a certificate to perform that category of tests issued by the Secretary of the Department of Health and Human Services (HHS). Under section 1861(s)(17)(A) of the Social Security Act (the Act), the Medicare program will only pay for laboratory services if the laboratory has an appropriate CLIA certificate for the testing they conduct. Under section 1902(a)(9)(C) of the Act, State Medicaid plans will generally only pay for laboratory services furnished by CLIA-certified laboratories. Thus, although subject to specified exemptions and exceptions, laboratories generally must have a current and valid CLIA certificate to test human specimens for the purposes noted above to be eligible for payment for those tests by the Medicare or Medicaid programs. Regulations implementing section 353 of the PHSA are contained in 42 CFR part 493.

Section 353(p)(2) of the PHSA provides for the exemption of laboratories from CLIA requirements in States that enact legal requirements that are equal to or more stringent than CLIA's statutory and regulatory requirements. Section 353(p)(2) of the PHSA is implemented in subpart E of our regulations at 42 CFR part 493. Sections 493.551(a) and 493.553 provide that CMS may exempt from CLIA requirements, for a period not to exceed 6 years, all State-licensed or State-approved laboratories in a State if the State licensure program meets the specified conditions. Section 493.559(a) provides that CMS will publish a notice in the **Federal Register** when CMS grants an exemption to an approved State licensure program. Section 493.559(b) provides that the notice will include the following:

- The name of the State licensure program.
- A description of how the laboratory requirements of the State are equal to or more stringent than those of part 493.
- The basis for granting the exemption.
- The term of approval, not to exceed 6 years.

A. State of Washington's Application for CLIA Exemption of Its Laboratories

The State of Washington has applied for exemption of its laboratories from CLIA program requirements. The State of Washington submitted all the applicable information and attestations required by §§ 493.551(a), 493.553, and
