

inch (15.24 mm) or more in diameter, that project from the door into the body or frame of the safe when in the locked position.

The scope also excludes metal safes with each of the following characteristics:

(1) Pry resistant hinges, whether concealed or external. External hinges must be accompanied by solid steel inactive bolts (minimum 0.75 inch (19 mm) diameter) or plates (minimum 0.177 inch (4.5 mm) thickness), welded or bolted to the door and protrude into the safe and into or behind the door frame by at least 0.39 inches (10 mm) to prevent the physical removal or opening of the door;

(2) body walls and doors made of steel that is at least 17 gauge (0.05625 inch or 1.42874 mm thick);

(3) an integrated locking mechanism that includes one of the following: (a) at least two round steel active bolts 0.75 inch (19 mm) or larger in diameter; (b) three or more steel active bolts 0.70 inch (17.78 mm) or more in diameter; (c) four or more steel active bolts at least 0.60 inch (15.24 mm) or more in diameter; or (d) four or more flat steel locking plates (at least two active and two inactive) of a minimum of 0.177 inch (4.5 mm) in thickness and minimum height of 1.57 inches (40 mm), that extend out from the door by at least 0.78 inches (20 mm). The bolts or plates must project from the door, into the safe, and into or behind the door frame by at least 0.39 inches (10 mm) to prevent the physical removal or opening of the door; and

(4) made of a welded body construction and enter the United States fully assembled.

The scope also excludes gun safes meeting each of the following requirements:

(1) Shall be able to fully contain firearms and provide for their secure storage.

(2) Shall have a locking system consisting of at minimum a mechanical or electronic combination lock. The mechanical or electronic combination lock utilized by the safe shall have at least 10,000 possible combinations consisting of a minimum three numbers, letters, or symbols. The lock shall be protected by a casehardened (Rc 60+) drill-resistant steel plate, or drill-resistant material of equivalent strength.

(3) Boltwork shall consist of a minimum of three steel locking bolts of at least 1/2 inch thickness that intrude from the door of the safe into the body of the safe or from the body of the safe into the door of the safe, which are operated by a separate handle and secured by the lock.

(4) The exterior walls shall be constructed of a minimum 12-gauge thick steel for a single-walled safe, or the sum of the steel walls shall add up to at least 0.100 inches for safes with walls made from two pieces of flat-rolled steel.

(5) Doors shall be constructed of a minimum one layer of 7-gauge steel plate reinforced construction or at least two layers of a minimum 12-gauge steel compound construction.

(6) Door hinges shall be protected to prevent the removal of the door. Protective features include, but are not limited to: Hinges not exposed to the outside, interlocking door designs, dead bars, jeweler's lugs and active or inactive locking bolts.

The scope also excludes gun safes meeting each of the following requirements:

(1) Shall be able to fully contain firearms and provide for their secure storage.

(2) Shall have a locking system consisting of at minimum a mechanical or electronic combination lock with a lock body that is integrated into the door of the safe. The mechanical or electronic combination lock utilized by the safe shall have at least 10,000 possible combinations consisting of a minimum three numbers, letters, or symbols.

(3) Bolt work shall consist of a minimum of three steel locking bolts of at least 1/2-inch diameter that intrude from the door of the safe into the body of the safe or from the body of the safe into the door of the safe, which are operated by a separate handle and secured by the lock.

(4) The exterior walls (inclusive of the floor and top) shall be constructed of a minimum 14-gauge thick steel and shall be lined with one or more layers of fire-retardant gypsum board bonded, affixed with brackets or otherwise securely attached to the exterior walls. The fire retardant gypsum board shall be at least 15 mm in thickness for a single layer or shall sum to at least 19 mm in thickness where multiple layers are combined together.

(5) Doors shall be constructed of a minimum of one layer of 14-gauge steel lined with a minimum of one layer of 15 mm thick, fire-retardant gypsum board bonded, affixed with brackets or otherwise securely attached to the door. The doors shall fit into jambs equipped with a fire seal fitted completely around the door frame consisting of a hydrated sodium silicate encapsulated in a plastic film or sleeve that, when heat-activated by temperatures of over 210 degrees, expands to cover the space between the jambs and door, providing a barrier to prevent the intrusion of flames, gas, or smoke into the safe.

(6) Door hinges shall be protected to prevent the removal of the door. Protective features include but are not limited to: hinges not exposed to the outside, interlocking door designs, dead bars, jeweler's lugs and active or inactive locking bolts.

(7) The excluded safe must be imported in the fully assembled condition.

The scope also excludes metal storage devices that (1) have two or more exterior exposed drawers regardless of the height of the unit, or (2) are no more than 30 inches tall and have at least one exterior exposed drawer.

Also excluded from the scope are free standing metal cabinets less than 30 inches tall with a single opening, single door and an installed tabletop.

The scope also excludes metal storage devices less than 27 inches wide and deep that: (1) Have two doors hinged on the right and left side of the door frame respectively covering a single opening and that open from the middle toward the outer frame; or (2) are free standing or wall-mounted, single-opening units 20 inches or less high with a single door.

The subject certain metal lockers are classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.20.0078. Parts of subject certain metal

lockers are classified under HTS subheading 9403.90.8041. In addition, subject certain metal lockers may also enter under HTS subheading 9403.20.0050. While HTSUS subheadings are provided for convenience and Customs purposes, the written description of the scope of the *Orders* is dispositive.

Frozen Warmwater Shrimp From Ecuador: Preliminary Affirmative Countervailing Duty Determination, and Alignment of Final Determination With the Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of frozen warmwater shrimp (shrimp) from Ecuador. The period of investigation (POI) is January 1, 2022, through December 31, 2022. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable April 1, 2024.

FOR FURTHER INFORMATION CONTACT: Reginald Anadio or Zachary Shaykin, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3166 or (202) 482-5377, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). On November 21, 2023, Commerce published in the **Federal Register** the notice of initiation of this investigation.¹ On December 7, 2023, Commerce postponed the preliminary determination until March 25, 2024.²

¹ See *Frozen Warmwater Shrimp from Ecuador, India, Indonesia, and the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigations*, 88 FR 81053 (November 21, 2023) (*Initiation Notice*).

² See *Frozen Warmwater Shrimp from Ecuador, India, Indonesia, and the Socialist Republic of Vietnam: Postponement of Preliminary*

For a complete description of events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is shrimp from Ecuador. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁴ in the *Initiation Notice* Commerce set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ No interested party commented on the scope of the investigation as it appeared in the *Initiation Notice*.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each subsidy program found to be countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶ For a full description of the methodology underlying our preliminary determination, see the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR

Determinations in the Countervailing Duty Investigations, 88 FR 85216 (December 7, 2023).

³ See Memorandum, "Decision Memorandum for the Preliminary Affirmative Determination of the Countervailing Duty Investigation of frozen warmwater shrimp from Ecuador," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁴ See *Antidumping Duties; Countervailing Duties, Final Rule*, 62 FR 27296, 27323 (May 19, 1997) (*Preamble*).

⁵ See *Initiation Notice*, 88 FR at 81054.

⁶ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

351.210(b)(4), Commerce is aligning the final countervailing duty (CVD) determination in this investigation with the final determinations in the companion antidumping duty (AD) investigations of shrimp from Ecuador and Indonesia, based on a request made by the petitioner.⁷ Consequently, the final CVD determination will be issued on the same date as the final AD determinations, which are currently scheduled to be issued no later than August 5, 2024, unless postponed.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that, in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

In this investigation, Commerce preliminarily calculated total net subsidy rates for Industrial Pesquera Santa Priscila S.A. (Santa Priscila) and Sociedad Nacional de Galapagos C.A. (SONGA) that are not zero, *de minimis*, or based entirely on the facts otherwise available. Because Commerce calculated individual estimated countervailable subsidy rates for Santa Priscila and SONGA that are not zero, *de minimis*, or based entirely on the facts otherwise available, we have preliminarily calculated the all-others rate using a simple average of the individual estimated subsidy rates calculated for the examined respondents.⁸

⁷ See Petitioner's Letter, "Request to Alignment," dated February 22, 2024. The petitioner is the American Shrimp Processors Association.

⁸ When two respondents are under examination, Commerce normally calculates (A) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company's proprietary U.S. sale quantities for the merchandise under consideration; (B) a simple average of the estimated subsidy rates calculated for the examined respondents; and (C) a weighted-average of the estimated subsidy rates calculated for the examined respondents using each company's publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010). We currently do not have on the record the necessary publicly-ranged sales data to conduct the rate comparison discussed above. Therefore, for purposes of the preliminary determination, we calculated the all-others rate as the simple average of the total net subsidy rates calculated for the two

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Industrial Pesquera Santa Priscila S.A. ⁹	13.41
Sociedad Nacional de Galapagos C.A. ¹⁰	1.69
All Others	7.55

Suspension of Liquidation

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of the publication of this notice, in accordance with 19 CFR 351.224(b).

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the

mandatory respondents. We will solicit the necessary publicly-ranged sales data after the issuance of the preliminary determination.

⁹ As discussed in the Preliminary Decision Memorandum, Commerce preliminarily determines Industrial Pesquera Santa Priscila S.A. is cross-owned with Manesil S.A., Produmar S.A., Tropack S.A., and Egidiosa S.A.

¹⁰ As discussed in the Preliminary Decision Memorandum, Commerce preliminarily determines Sociedad Nacional de Galapagos C.A. is cross-owned with Naturisa S.A., Holding Sola & Sola Soluciones S.A., and Empacadora Champmar S.A.

date for filing case briefs.¹¹ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹²

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹³ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.¹⁵ Parties should confirm by telephone the

¹² See 19 CFR 351.309(c)(2) and (d)(2).

¹³ We use the term "issue" here to describe an argument that Commerce would normally address in a comment of the Issues and Decision Memorandum.

¹⁴ See *APO and Service Final Rule*.

¹⁵ See 19 CFR 351.310(d).

date, time, and location of the hearing two days before the scheduled date.

U.S. International Trade Commission Notification

In accordance with section 703(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of aluminum extrusions from Indonesia are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act, and 19 CFR 351.205(c).

Dated: March 25, 2024.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The scope of this investigation includes certain frozen warmwater shrimp and prawns whether wild-caught (ocean harvested) or farm-raised (produced by aquaculture), head-on or head-off, shell-on or peeled, tail-on or tail-off, deveined or not deveined, cooked or raw, or otherwise processed in frozen form. "Tails" in this context means the tail fan, which includes the telson and the uropods.

The frozen warmwater shrimp and prawn products included in the scope, regardless of definitions in the Harmonized Tariff Schedule of the United States (HTSUS), are products which are processed from warmwater shrimp and prawns through freezing and which are sold in any count size.

The products described above may be processed from any species of warmwater shrimp and prawns. Warmwater shrimp and prawns are generally classified in, but are not limited to, the Penaeidae family. Some examples of the farmed and wild-caught warmwater species include, but are not limited to, whiteleg shrimp (*Penaeus vannamei*), banana prawn (*Penaeus merguensis*), fleshy prawn (*Penaeus chinensis*), giant river prawn (*Macrobrachium rosenbergii*), giant tiger prawn (*Penaeus monodon*), redspotted shrimp (*Penaeus brasiliensis*), southern brown shrimp (*Penaeus subtilis*), southern pink shrimp (*Penaeus notialis*), southern rough shrimp (*Trachypenaeus curvirostris*), southern white shrimp (*Penaeus schmitti*), blue shrimp (*Penaeus stylirostris*), western white shrimp (*Penaeus occidentalis*), and Indian white prawn (*Penaeus indicus*).

Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope. In addition, food preparations, which are not "prepared meals," that contain more than 20 percent by weight of shrimp or prawn are also included in the scope.

Excluded from the scope are: (1) breaded shrimp and prawns (HTSUS subheading 1605.20.10.20); (2) shrimp and prawns generally classified in the Pandalidae family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTSUS subheadings 0306.36.0020 and 0306.36.0040); (4) shrimp and prawns in prepared meals (HTSUS subheading 1605.20.05.10); (5) dried shrimp and prawns; (6) canned warmwater shrimp and prawns (HTSUS subheading 1605.20.10.40); (7) certain dusted shrimp; and (8) certain battered shrimp. Dusted shrimp is a shrimp-based product: (1) that is produced from fresh (or thawed-from-frozen) and peeled shrimp; (2) to which a "dusting" layer of rice or wheat flour of at least 95 percent purity has been applied; (3) with the entire surface of the shrimp flesh thoroughly and evenly coated with the flour; (4) with the nonshrimp content of the end product constituting between four and 10 percent of the product's total weight after being dusted, but prior to being frozen; and (5) that is subjected to IQF freezing immediately after application of the dusting layer. Battered shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by the scope are currently classified under the following HTSUS subheadings: 0306.17.0004, 0306.17.0005, 0306.17.0007, 0306.17.0008, 0306.17.0010, 0306.17.0011, 0306.17.0013, 0306.17.0014, 0306.17.0016, 0306.17.0017, 0306.17.0019, 0306.17.0020, 0306.17.0022, 0306.17.0023, 0306.17.0025, 0306.17.0026, 0306.17.0028, 0306.17.0029, 0306.17.0041, 0306.17.0042, 1605.21.1030, and 1605.29.1010. These HTSUS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope is dispositive.
