

data gathered pursuant to this section for a period of 2 years.

Section 9.10(i)(4)(i) provides that no later than 18 months from the effective date of the adoption of the rule, nationwide CMRS providers shall report to the Commission their initial plans for meeting the indoor location accuracy requirements of paragraph (i)(2) of § 9.10. Non-nationwide CMRS providers will have an additional 6 months to submit their implementation plan.

Section 9.10(i)(4)(ii) requires that no later than 18 months from the effective date, each CMRS provider shall submit to the Commission a report on its progress toward implementing improved indoor location accuracy. Non-nationwide CMRS providers will have an additional 6 months to submit their progress reports. All CMRS providers shall provide an additional progress report no later than 36 months from the effective date of the adoption of this rule. The 36-month reports shall indicate what progress the provider has made consistent with its implementation plan.

Section 9.10(i)(4)(iii) requires that prior to activation of the NEAD but no later than 18 months from the effective date of the adoption of this rule, the nationwide CMRS providers shall file with the Commission and request approval for a security and privacy plan for the administration and operation of the NEAD.

Section 9.10(i)(4)(iv) requires CMRS providers to certify “that neither they nor any third party they rely on to obtain dispatchable location information will use dispatchable location information or associated data for any non-911 purpose, except with prior express consent or as otherwise required by law.” In addition, “[t]he certification must state that CMRS providers and any third party they rely on to obtain dispatchable location information will implement measures sufficient to safeguard the privacy and security of dispatchable location information.” As noted above, the Commission has revised this requirement to account for the fact that the NEAD has been discontinued.

Section 9.10(i)(4)(v) requires that prior to use of z-axis information to meet the Commission’s location accuracy requirements, CMRS providers must certify “that neither they nor any third party they rely on to obtain z-axis information will use z-axis information or associated data for any non-911 purpose, except with prior express consent or as otherwise required by law.” Further, “[t]he certification must state that CMRS providers and any third party they rely on to obtain z-axis

information will implement measures sufficient to safeguard the privacy and security of z-axis location information.” This requirement is necessary to ensure the privacy and security of any personally identifiable information that may be collected by the CMRS provider. As noted above, the Commission has revised this requirement to account for the fact that the NEAD has been discontinued.

Section 9.10(j) requires CMRS providers to provide standardized confidence and uncertainty (C/U) data for all wireless 911 calls, whether from outdoor or indoor locations, on a per-call basis upon the request of a PSAP. This requirement makes the use of C/U data easier for PSAPs.

Section 9.10(j)(4) also requires that upon meeting the timeframes pursuant to paragraphs (i)(2)(ii)(C) and (D) of this section, CMRS providers shall provide with wireless 911 calls that have dispatchable location or z-axis (vertical) information the C/U data required under paragraph (j)(1) of this section. Where available to the CMRS provider, floor level information must be provided with associated C/U data in addition to z-axis location information.

Section 9.10(k) requires CMRS providers to record information on all live 911 calls, including but not limited to the positioning source method used to provide a location fix associated with the call, as well as confidence and uncertainty data. This information must be made available to PSAPs upon request, as a measure to promote transparency and accountability for this set of rules.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0384; FR ID 212090]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or

the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before June 3, 2024. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0384.

Title: Sections 64.901, 64.904 and 64.905, Auditor’s Attestation and Certification.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and

Responses: 1 respondent, 1 response.

Estimated Time per Response: 5-250 hours.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority is contained in Sections 1, 4, 201-205, 215, and 218-220 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154, 201-205, 215, and 218-220.

Frequency of Response: On-occasion, biennial, and annual reporting requirements.

Total Annual Burden: 255 hours.

Total Annual Cost: \$1,200,000.

Needs and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget (OMB) after this comment period to obtain the three year clearance from them. There is no change to the reporting requirements. Section 64.904(a) requires each incumbent LEC required to file a cost allocation manual is required to either have an attest engagement performed by an independent auditor every two years, covering the prior two year period, or have a financial audit performed by an independent auditor biennially. In either case, the initial engagement shall be performed in the calendar year after the carrier is first required to file a cost allocation manual. See Section 64.904(a)–(c). Instead of requiring mid-sized carriers to incur the expense of a biennial attestation engagement, they now file a certification with the Commission stating that they are in compliance with 47 CFR 64.901 of the Commission's rules. The certification must be signed, under oath, by an officer of the incumbent LEC, and filed with the Commission on an annual basis. Such certification of compliance represents a less costly means of enforcing compliance with our cost allocation rules. See 47 CFR 64.905 of the Commission's rules. The requirements are imposed to ensure that the carriers are properly complying with Commission rules. They serve as an important aid in the Commission's monitoring program.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 211947]

Privacy Act of 1974; System of Records

AGENCY: Federal Communications Commission

ACTION: Notice of a modified system of records.

SUMMARY: The Federal Communications Commission (FCC, Commission, or Agency) has modified an existing system of records, FCC/OMD–30, FCC Visitors Database, subject to the Privacy

Act of 1974, as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the agency. The FCC's Security Operations Center (SOC) in the Office of Managing Director (OMD) uses this system to maintain the personally identifiable information (PII) that all visitors to the FCC, including but not limited to U.S. citizens, permanent residents (*i.e.*, green card holders), and foreign nationals, must provide to the SOC to gain admittance to the FCC headquarters buildings and other FCC facilities.

DATES: This modified system of records will become effective on April 2, 2024. Written comments on the routine uses are due by May 2, 2024. The routine uses in this action will become effective on May 2, 2024 unless comments are received that require a contrary determination.

ADDRESSES: Send comments to Brendan McTaggart, Attorney-Advisor, Office of General Counsel, Federal Communications Commission, 45 L Street NE, Washington, DC 20554, or to privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Brendan McTaggart, (202) 418–1738, or privacy@fcc.gov.

SUPPLEMENTARY INFORMATION: This notice serves to update and modify FCC/OMD–30 as a result of the various necessary changes and updates. The substantive changes and modifications to the previously published version of the FCC/OMD–30 system of records include:

1. Adding one new routine use: (8) Assistance to Federal Agencies and Entities Related to Breaches, the addition of which is required by OMB M–17–12;
2. Updating and/or revising language in six routine uses (listed by current routine use number): (1) Litigation (formerly "Litigation by the Department of Justice"); (2) Adjudication (formerly "Court or Adjudicative Body"); (3) Law Enforcement and Investigation (formerly "Department of State, Department of Homeland Security, and other Federal Agencies"); (4) Government-wide Program Management and Oversight; (5) Congressional Inquiries; (6) Nonfederal Personnel (formerly "Contract Services, Grants, or Cooperative Agreements"); and (7) Breach Notification, the modification of which is required by OMB M–17–12.

The system of records is also updated to reflect various administrative changes related to the system managers and

system addresses; policy and practices for storage, retention, disposal and retrieval of the information; administrative, technical, and physical safeguards; and updated notification, records access, and contesting records procedures.

SYSTEM NAME AND NUMBER:

FCC/OMD–30, FCC Visitors Database.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Security Operations Center (SOC), Office of the Managing Director (OMD), Federal Communications Commission (FCC), 45 L St NE, Washington, DC 20554.

SYSTEM MANAGER(S):

SOC, OMD, FCC, 45 L St NE, Washington, DC 20554.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

5 U.S.C. 301; 6 U.S.C. 202; 8 U.S.C. 1103, 1158, 1201, 1324, 1357, 1360, 1365a, 1365b, 1372, 1379, 1732; National Defense Authorization Act for FY 1996 (Pub. L. 104–106, sec. 5113); E-Government Act of 2002 (Pub. L. 107–347, sec. 203); and Federal Property and Administrative Act of 1949, as amended (Pub. L. 81–152).

PURPOSE(S) OF THE SYSTEM:

The purpose of the system is to cover the personally identifiable information (PII) that all visitors to the FCC, including but not limited to U.S. citizens, permanent residents (*i.e.*, green card holders), and foreign nationals, must provide to the FCC's SOC to gain admittance to the FCC headquarters buildings and other FCC facilities.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The records in this system include all visitors to the FCC. These individuals include, but are not limited to U.S. citizens, permanent residents (*i.e.*, green card holders), and foreign nationals.

CATEGORIES OF RECORDS IN THE SYSTEM:

The categories of records in the FCC Visitors Database may include, but are not limited, to the individual's first and last name, photographic identification (including but not limited to a driver's license, passport, or other types of photo identification), the authority issuing the photo identification, U.S. visa number, FCC point of contact, visitor signature, professional title, organizational affiliation, contact information for the visitor, including but not limited to wireline or wireless (cell) phone numbers, correspondence related to
