

K. Chapter XI—Public Transportation on Indian Reservations

FTA proposes moving most of the content of Chapter XI (“Other Provisions”) in circular 9040.1G to circular 5010.1, as the cross-cutting requirements summarized in that chapter apply to most or all of FTA’s grant programs. Proposed Chapter XI is substantially similar to Chapter X in circular 9040.1G, with the exceptions stated here. There is a new paragraph on tribal self-governance, and how funds provided to a tribe with a self-governance compact between the tribe and U.S. DOT will be administered. In the section on eligible services and service areas, FTA clarifies that funds provided to tribes must be used to serve the general population in rural areas, and not just tribal members. In the section on matching requirements, the requirement has changed from an automatic 10 percent local match requirement for competitive funds to a variance depending on the allocation year. Local match requirements will be stated in notices of funding opportunity. Finally, FTA has updated the section related to indirect cost rate.

L. Appendices

FTA proposes to move most of the appendices currently found in circular 9040.1G to FTA circular 5010.1. The remaining appendices include Appendix A, Procedures Related to Flexible Funding, and Appendix B, Sample Intercity Bus Certification. Appendix A is updated consistent with changes in the law and adding a period of availability to funds flexed from FHWA. Appendix B is substantially unchanged from the intercity bus certification appendix in circular 9040.1G.

FTA invites public comment on the structure and content of proposed circular 9040.1H.

After a review and consideration of the comments provided on this proposed circular, FTA will publish the updated circular on its website and will announce the availability of the updated circular and the response to comments in the **Federal Register**.

Note that on October 5, 2023, the Office of Management and Budget (OMB) published a notice of proposed rulemaking in the **Federal Register** to revise 2 CFR part 200 and other OMB guidance for grants and agreements (88 FR 69390). FTA intends to incorporate any changes in 2 CFR part 200 to the extent OMB issues the final rule before

FTA publishes the final updated circular.

Veronica Vanterpool,
Acting Administrator.
