DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2705–037]

Seattle City Light; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Seattle City Light's (licensee) application for surrender of license for the Newhalem Creek Hydroelectric Project No. 2705 and have prepared an Environmental Assessment (EA) for the proposed surrender. The licensee proposes to decommission and remove most of the project features, including the diversion dam, and to retain certain features considered to be historically important. The project is located on Newhalem Creek, near Newhalem, Whatcom County, Washington. The project occupies federal lands within the Ross Lake National Recreation Area, managed by the National Park Service.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender, alternatives to the proposed action, and concludes that the proposed surrender with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P–2705) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-

free at 1–866–208–3676, or for TTY, (202) 502–8659.
