

Applicants [75,000 hrs], New Awardees/ Recipients [700 hrs] + Prior Awardees/ Recipients [4000 hrs]).

The following is detailed information and instructions regarding the specific reporting requirements for each report identified above:

Application Stage

To be considered to receive a MPDG grant, a project sponsor must submit an application to DOT containing a project narrative, as detailed in the NOFO. The project narrative should include the information necessary for the Department to determine that the project satisfies eligibility requirements.

Applications must be submitted through www.Grants.gov. Instructions for submitting applications can be found at <https://www.transportation.gov/grants/mpdg-how-apply>. The application must include the Standard Form 424 (Application for Federal Assistance), Standard Form 424C (Budget Information for Construction Programs), cover page, and the Project Narrative.

The application should include a table of contents, maps, and graphics, as appropriate, to make the information easier to review. The Department recommends that the application be prepared with standard formatting preferences (*i.e.*, a single-spaced document, using a standard 12-point font such as Times New Roman, with 1-inch margins). The project narrative may not exceed 25 pages in length, excluding cover pages and table of contents. The only substantive portions that may exceed the 25-page limit are documents supporting assertions or conclusions made in the 25-page project narrative. If possible, website links to supporting documentation should be provided rather than copies of these supporting materials. If supporting documents are submitted, applicants should clearly identify within the project narrative the relevant portion of the project narrative that each supporting document supports. At the applicant's discretion, relevant materials provided previously to a modal administration in support of a different USDOT financial assistance program may be referenced and described as unchanged.

OST estimates that it takes approximately 100 person-hours to compile an application package for a MPDG application. Since OST expects to receive 500 applications per funding

round, the total hours required are estimated to be 50,00 hours (100 hours × 500 applications = 50,000 hours) on a one-time basis, per funding round.

Funding Agreement Stage

DOT enters a funding agreement with each recipient. In the agreement, the recipient describes the project that DOT agreed to fund, which is typically the project that was described in the MPDG application or a reduced-scope version of that project. The agreement also includes a project schedule, budget, and project related climate change and equity planning and policies.

OST estimates that it takes approximately 6 person-hours to respond to provide the information necessary for funding agreements. Based on previous rounds of MPDG awards, OST estimates that there will likely be 45 agreements negotiated per additional funding round. The total hours required are estimated to be 270 (6 hours × 45 agreements = 270 hours) on a one-time basis, per funding round.

Project Monitoring Stage

OST requires each recipient to submit quarterly reports during the project to ensure the proper and timely expenditure of Federal funds under the grant.

The requirements comply with 2 CFR part 200 and are restated in the funding agreement. During the project monitoring stage, the grantee will complete Quarterly Progress Reports to allow DOT to monitor the project budget and schedule.

OST estimates that it takes approximately 5 person-hours to develop and submit a quarterly progress report. OST expects approximately 45 projects to be awarded per funding round, while grants awarded in prior years will reach completion during the year and would no longer need to submit these reports. OST expects recipients and awardees from 2016–2021 will require 3800 hours to submit project monitoring reports while new recipients and awardees will require 900 hours from 2023–2025.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

John Augustine,

Director of the Office of Infrastructure Finance and Innovation, Office of the Under Secretary for Transportation Policy.
