Title: Continuation Coverage Requirements Application to Group Health Plans.

OMB Number: 1545-1581.

Abstract: The regulations require group health plans to provide notices to individuals who are entitled to elect COBRA (The Consolidated Omnibus Budget Reconciliation Act of 1985) continuation coverage of their election rights. Individuals who wish to obtain the benefits provided under the statute are required to provide plans notices in the cases of divorce from the covered

employee, a dependent child's ceasing to be dependent under the terms of the plan, and disability. Most plans will require that elections of COBRA continuation coverage be made in writing. In cases where qualified beneficiaries are short by an insignificant amount in a payment made to the plan, the regulations require the plan to notify the qualified beneficiary if the plan does not wish to treat the tendered payment as full payment. If a health care provider contacts a plan to confirm coverage of a qualified beneficiary, the regulations require that the plan disclose the qualified beneficiary's complete rights to coverage.

Title: Improving Customer Experience (OMB Circular A-11, Section 280 Implementation).

OMB Control Number: 1505-0272.

Type of Review: Extension of a currently approved information collection request.

Description: A modern, streamlined and responsive customer experience means: Raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience

and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for agency leadership.

This proposed information collection activity provides a means to garner customer and stakeholder feedback in an efficient, timely manner in accordance with the Administration's commitment to improving customer service delivery as discussed in section 280 of OMB Circular A-11 at <https://www.performance.gov/cx/a11-280.pdf>.

As discussed in OMB guidance, agencies should identify their highest-impact customer journeys (using customer volume, annual program cost, and/or knowledge of customer priority as weighting factors) and select touchpoints/transactions within those journeys to collect feedback. These results will be used to improve the delivery of Federal services and programs. It will also provide government-wide data on customer experience that can be displayed on www.performance.gov to help build transparency and accountability of Federal programs to the customers they serve.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. The Department of the Treasury will only submit collections if they meet the following criteria.

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used for general service improvement and program management purposes;
- Upon agreement between OMB and the agency all or a subset of information may be released as part of A-11, section 280 requirements only on [performance.gov](http://www.performance.gov). Summaries of customer research and user testing
