## DEPARTMENT OF VETERANS AFFAIRS

### 38 CFR Part 36

RIN 2900–AR97

### Loan Guaranty: Servicer Regulation Changes

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Final rule.

**SUMMARY:** The Department of Veterans Affairs (VA) is renaming and clarifying certain loss-mitigation terms used in VA's regulations. VA is making these changes to align the names and definitions with their general use in the housing finance industry. VA believes that these revisions will help avoid confusion and enable servicers and veterans to address loan defaults more quickly and effectively.

**DATES:** This rule is effective May 10, 2024.

**FOR FURTHER INFORMATION CONTACT:** Andrew Trewayne, Assistant Director for Loan and Property Management, and Stephanie Li, Assistant Director for Regulations, Legislation, Engagement, and Training, Loan Guaranty Service (26), Veterans Benefits Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 632–8862. (This is not a toll-free telephone number.)

**SUPPLEMENTARY INFORMATION:** On July 20, 2023, VA published a proposed rule in the **Federal Register** (88 FR 46720) to rename and clarify certain loss-mitigation terms used in VA's regulations to better align such name and terms with their general use in the housing finance industry. The public comment period for the proposed rule closed on September 18, 2023. VA is adopting as final the proposed regulatory changes with the grammatical edit as noted below.

VA received one comment that did not address the subject of the rulemaking but instead requested VA ban realtors from transactions involving veterans or their survivors. VA finds this comment to be outside the scope of this rulemaking and, therefore, will make no changes to the regulatory text based on this comment.

In the proposed rule, VA discussed that the Agency would remove the

references to “written” and “executed” in regard to a repayment plan and a special forbearance agreement and replace them with a requirement for the repayment plan or special forbearance agreement be documented 88 FR 46720, 46721. However, VA inadvertently kept the term “executed” in the proposed amendment to the definition of “special forbearance.” Therefore, VA is correcting the error in this final rule by replacing the current rule's phrase, “a written agreement executed” with “a documented agreement,” as proposed, and removing the term “executed.” The corrected definition of special forbearance reads in this final rule, “a documented agreement by and between the holder and the borrower.” The deletion is grammatical only, not substantive, and reflects VA's intent as explained in the proposal.

The purpose of this paragraph is to clarify the Agency's intent with respect to the severability of the provisions of this final rule. Each provision that the Agency has amended is capable of operating independently, and the Agency intends them to be severable. If any provision of this rule is determined by judicial review or operation of law to be invalid, the Agency would not intend that partial invalidation to render the remainder of this rule invalid. Likewise, if the application of any portion of this final rule to a particular circumstance were determined to be invalid, the agencies would intend that the rule remain applicable to all other circumstances.

### Executive Orders 12866, 13563, and 14094

Executive Order 12866 (Regulatory Planning and Review) directs agencies to assess the costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, and other advantages; distributive impacts; and equity). Executive Order 13563 (Improving Regulation and Regulatory Review) emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility. Executive Order 14094 (Executive Order on Modernizing Regulatory Review) supplements and reaffirms the principles, structures, and definitions governing contemporary regulatory review established in Executive Order 12866 of September 30, 1993 (Regulatory Planning and Review), and Executive Order 13563 of January 18, 2011 (Improving Regulation and Regulatory Review). The Office of

Information and Regulatory Affairs has determined that this rulemaking is not a significant regulatory action under Executive Order 12866, as amended by Executive Order 14094. The Regulatory Impact Analysis associated with this rulemaking can be found as a supporting document at [www.regulations.gov](http://www.regulations.gov).

### Regulatory Flexibility Act

The Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (5 U.S.C. 601–612). However, this rulemaking will have a direct impact on a number of industries that service VA loans. VA defines a servicer as a mortgage company that collects funds for a debt incurred by a borrower to purchase a home. When a loan becomes delinquent after a borrower misses one or more mortgage payments, servicers are responsible for servicing delinquent loans and working with the borrower to reach an agreement that will bring the loan current or avoid foreclosure whenever feasible.

A recent analysis indicated there are currently 450 servicers in varying industries that will be impacted by this rulemaking. This final rule will impose a one-time rule familiarization cost to servicers in 2024, estimated at \$55.91 per servicer regardless of size. The \$55.91 cost is derived by dividing the cost of rule familiarization, which is estimated to be \$25,157, by the 450 servicers VA currently works with. To estimate the one-time rule familiarization cost, VA multiplies the number of servicers by the time needed for in-house or retained legal counsel to review and ensure compliance with the rule and their compensation rate. VA assumes that it would take 30 minutes for a lawyer to review the rulemaking. The compensation rate of the lawyers is estimated by multiplying their hourly wage rate (\$78.74) by the fringe benefits factor, 1.42. Multiplying the number of servicers (450) by the time to review the rule (30 minutes) and their total compensation rate (\$111.81 per hour) results in a one-time total cost of \$25,157 in Fiscal Year (FY) 2024. This one-time cost in FY 2024 is offset by the long-term cost savings of this rulemaking from reduced agreement preparation and sharing efforts.

VA considers a rulemaking to have a “significant economic impact” when the impact associated with the rulemaking for a small entity equals or exceeds 1 percent of annual revenue. Thus, this rulemaking is not expected to have a significant economic impact on the

participating small servicers. After the first year of implementation, there will be a monetary benefit realized by servicers due to the reduction in burden this rulemaking will accomplish. Therefore, pursuant to 5 U.S.C. 605(b), the initial and final regulatory flexibility analysis requirements of 5 U.S.C. 603 and 604 do not apply.

### Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This final rule will have no such effect on State, local, and tribal governments, or on the private sector.

### Paperwork Reduction Act

Although this final rule contains provisions constituting collections of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521), there are no provisions associated with this rulemaking constituting any new collection of information or any revisions to the existing collection of information. The collections of information for 38 CFR 36.4317, 36.4319, and 36.4320 are currently approved by Office of Management and Budget (OMB) and have been assigned OMB control number 2900–0021.

### Congressional Review Act

Pursuant to Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (known as the Congressional Review Act) (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not satisfying the criteria under 5 U.S.C. 804(2).

**ACTION:** Final rule; correction.

**SUMMARY:** This document corrects technical errors in the final rule that appeared in the August 7, 2023 **Federal Register**, entitled “Medicare Program; Prospective Payment System and Consolidated Billing for Skilled Nursing Facilities; Updates to the Quality Reporting Program and Value-Based Purchasing Program for Federal Fiscal Year 2024”. **SUPPLEMENTARY INFORMATION:**

**I. Background**

In FR Doc. 2023–16249 of August 7, 2023 (88 FR 53200), there were technical errors that are identified and corrected in this correcting document. These corrections are applicable as if they had been included in the final rule entitled “Medicare Program; Prospective Payment System and Consolidated Billing for Skilled Nursing Facilities; Updates to the Quality Reporting Program and Value-Based Purchasing Program for Federal Fiscal Year 2024” (hereinafter referred to as the FY 2024 SNF PPS final rule), which was effective October 1, 2023.

**II. Summary of Errors**

*A. Summary of Errors in the Preamble*

On page 53221 of the FY 2024 SNF PPS final rule (88 FR 53200), we discussed our proposal to add the surgical option that allows a subset of subcategory 42.2—codes for displaced fractures to be eligible for one of two orthopedic surgery categories. Additionally, we stated that we would add this surgical option to the subcategory of M84.5—codes for pathological fractures to certain weight bearing bones to be eligible for one of two orthopedic surgery categories. In the final rule, we inadvertently stated that this proposal applied to 45 of the codes within the subcategory S42.2 codes and to 46 of the codes within the subcategory M84.5 codes. However, these numbers were inadvertently swapped, meaning that the proposal applied to 46 of the codes within the subcategory S42.2 codes and to 45 of the codes within the subcategory M84.5 codes. We are correcting these errors.

*B. Summary and Corrections of Errors to Tables Posted on the CMS Website for the PDPM ICD–10 Mappings*

We are correcting the following errors to the FY 2024 Patient Driven Payment Model (PDPM) ICD–10–CM mappings (hereinafter referred to as PDPM ICD–10 code mappings) that were made available on the CMS website at <https://www.cms.gov/medicare/medicare-fee-for-service-payment/snfpps/pdpm> in conjunction with the release of the FY 2024 SNF PPS final rule, as corrected by the correction notification that appeared in the October 4, 2023 **Federal Register**, entitled “Medicare Program; Prospective
