This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the

In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology.

Information Collection Request

Title: Alternative Compliance for International and Inland Navigation Rules—33 CFR parts 81 through 89.

OMB Control Number: 1625–0019.

Summary: The information collected provides an opportunity for an owner, operator, builder, or agent of a unique vessel to present their reasons why the vessel cannot comply with existing International and Inland Navigation Rules and how alternative compliance can be achieved. If appropriate, a Certificate of Alternative Compliance is issued.

However, it is not possible to determine whether alternative compliance is appropriate, or what kind of alternative procedures might be necessary, without this collection.

Forms: None.

Respondents: Vessel owners, operators, builders, and agents.

Frequency: One-time application.

Hour Burden Estimate: The estimated burden has decreased from 180 hours to 171 hours a year due to a decrease in the estimated annual number of responses.

Dated: April 5, 2024.
