SUPPLEMENTARY INFORMATION:

I. Background

The DOI maintains the Department-wide system of records, INTERIOR/DOI-71, Electronic FOIA Tracking System and FOIA Case Files, to enable the Department to administer the FOIA Program more efficiently. This system of records contains information on individuals for the purposes of managing and processing FOIA requests, some of which may be processed in tandem with the Privacy Act of 1974, as amended, and supports the oversight and management of appeals filed by individuals under the FOIA and Privacy Act.

This notice also covers DOI FOIA Program records and case files managed by DOI bureaus and offices that may include administrative records, communications, and other documents related to administration of the FOIA Program. Each DOI bureau and office is responsible for managing its own records related to its FOIA program. DOI is publishing this revised system of records notice (SORN) to consolidate two systems of records that support the administration of the DOI FOIA Program and cover the full lifecycle of a FOIA request to include the appeals process: INTERIOR/DOI-71, Electronic FOIA Tracking System and FOIA Case Files, 81 FR 33544 (May 26, 2016), modification published at 86 FR 50156 (September 7, 2021); and INTERIOR/OS-69, Freedom of Information Act Appeals Files, 64 FR 16986 (April 7, 1999), modification published at 86 FR 50156 (September 7, 2021). DOI is also proposing to update the system name to INTERIOR/DOI-71, Freedom of Information Act (FOIA) Files, and is updating all sections of the notice to reflect changes for the modified consolidated system in accordance with the Privacy Act of 1974 and OMB Circular A-108, *Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act*.

The routine uses contained in the INTERIOR/OS-69 SORN are also reflected in the previously published INTERIOR/DOI-71 SORN. In this notice, DOI is changing the routine uses from a numeric to alphabetic list and is

proposing one new routine use and modifying existing routines uses to be consistent with DOI standard routine uses as reflected below. DOI will publish a rescindment notice to retire the INTERIOR/OS-69 SORN after public comments on this consolidated notice are received and the new and modified routine uses become effective.

Routine use A is being modified to further clarify how disclosures are made to the Department of Justice (DOJ) or other Federal agencies when necessary, in relation to litigation or judicial hearings. Routine use B is being updated to clarify how disclosures are made to a congressional office to respond to or resolve an individual's request made to that office. Proposed new routine use C facilitates the sharing of information with the Executive Office of the President to resolve issues concerning individuals' records. Routine use H is being updated to expand the sharing of information with territorial organizations in response to court orders or for discovery purposes related to litigation. Routine use I is being updated to include grantees and service providers to allow DOI to share information to perform services to carry out the purpose of the system, ensure integrity of records, and perform system maintenance. Routine use J is being slightly modified to reflect the breach routine use language required by OMB Memorandum M-17-12, *Preparing for and Responding to a Breach of Personally Identifiable Information*.

Pursuant to 5 U.S.C. 552a(b)(12), DOI may disclose information from this system to consumer reporting agencies as defined in the Fair Credit Reporting Act (15 U.S.C. 1681a(f)) or the Federal Claims Collection Act of 1966 (31 U.S.C. 3701(a)(3)) to aid in the collection of outstanding debts owed to the Federal Government.

II. Privacy Act

The Privacy Act of 1974, as amended, embodies fair information practice principles in a statutory framework governing the means by which Federal agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to records about individuals that are maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act defines an individual as a United States citizen or lawful permanent resident. Individuals may request access to their own records that

are maintained in a system of records in the possession or under the control of DOI by complying with DOI Privacy Act regulations at 43 CFR part 2, subpart K, and following the procedures outlined in the Records Access, Contesting Record, and Notification Procedures sections of this notice.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the existence and character of each system of records that the agency maintains and the routine uses of each system. The INTERIOR/DOI-71, Freedom of Information Act (FOIA) Files, SORN is published in its entirety below. In accordance with 5 U.S.C. 552a(r), DOI has provided a report of this system of records to the Office of Management and Budget and to Congress.

III. Public Participation

You should be aware your entire comment, including your personally identifiable information such as your address, phone number, email address, or any other personal information in your comment, may be made publicly available at any time. While you may request to withhold your personally identifiable information from public review, we cannot guarantee we will be able to do so.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Paper records are contained in file cabinets and/or in secured rooms under the control of authorized DOI personnel. Electronic records are contained in computers, compact discs, magnetic tapes, external removable drives, email, diskettes, digital video disks, and electronic databases.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Information can be retrieved by specific data elements in the system including: the tracking number; name of the requester; the requester's organizational affiliation; subject; and other data elements. Paper records are normally retrieved by the tracking number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records are maintained under Departmental Records Schedule (DRS) 1.1 Administrative Records (DAA-0048-2013-0001) that covers FOIA and Privacy Act request files, correspondence, reports, and other program administration and financial management records, which has been approved by NARA. The disposition for these records is temporary and retention periods vary according to the specific record and the needs of the agency. FOIA request files and other short-term administration records are destroyed three years after cut-off, which is generally after the date of final reply or the end of the third fiscal year in which files are created. Long-term administration records that require additional retention are destroyed seven years after cut-off, which is generally at the end of the fiscal year in which files are closed if no unique cut-off is specified. The unique cutoff for FOIA appeal files and litigation records is when the case is closed or resolved. The unique cutoff for access and disclosure request files is after final agency action or 3 years after final adjudication by the courts, whichever is later. Paper records are disposed of by shredding or pulping, and records maintained on electronic media are degaussed, deleted, or erased in accordance with Departmental policy and NARA guidelines.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Access to records in the system is limited to authorized personnel whose official duties require such access. Paper records are maintained in file cabinets and/or in secured rooms under the control of authorized DOI personnel. Computer servers in which electronic records are stored are located in secure DOI, service provider or contractor facilities with physical, technical and administrative levels of security to prevent unauthorized access to the networks and information assets. Electronic records are maintained in accordance with the OMB and Departmental guidelines reflecting the implementation of the Federal Information Security Modernization Act of 2014 (Pub. L. 113-283, 44 U.S.C. 3554). Electronic data is protected through user identification, passwords, database permissions and software controls. Such security measures establish different access levels for different types of users. System administrators and authorized users are trained and required to follow established internal security protocols and must complete all security, privacy, and records management training and sign the DOI Rules of Behavior.

RECORD ACCESS PROCEDURES:

An individual requesting access to their records should send a written inquiry to the applicable System Manager, as identified above in the System Manager section. BILLING CODE 4334-63-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act and Oil Pollution Act

On April 8, 2024, the Department of Justice filed a complaint under the Clean Water Act and the Oil Pollution Act and lodged a proposed consent decree with the United States District Court for the Southern District of Texas in the lawsuit entitled *United States of America and State of Texas v. Flint Hills Resources Ingleside, LLC*, Civil Action No. 2:24-cv-00079.

The complaint alleges that the defendant, Flint Hills Resources, Ingleside, LLC, is civilly liable for violation of section 311 of the Clean Water Act, 33 U.S.C. 1321, and for natural resource damages under section 1002 of the Oil Pollution Act, 33 U.S.C. 2702. The State of Texas is a co-plaintiff for the natural resource damages claims. The complaint addresses the discharge of about 14,000 gallons of crude oil that spilled into Corpus Christi Bay from a ruptured pipe on a dock at the defendant's crude oil storage terminal in Ingleside, Texas, on the night of December 24, 2022. The complaint further alleges that the oil impacted water quality, beach, and marsh areas and harmed a variety of fish and wildlife, including birds and sea turtles.

To resolve the claims, the company will pay a total of \$989,212.80. Under the proposed consent decree, the company will pay the United States \$400,000 in civil penalties for the Clean Water Act oil discharge violation. This claim is brought by the United States on behalf of the United States Coast Guard. The penalties paid for this claim will be deposited in the federal Oil Spill Liability Trust Fund managed by the National Pollution Funds Center. The Oil Spill Liability Trust Fund is used to pay for federal response activities and to compensate for damages when there is a discharge or substantial threat of discharge of oil or hazardous substances to waters of the United States or adjoining shorelines.

The company will also pay the United States and the State of Texas, on behalf of the federal and State natural resource trustees, \$589,212.80 as natural resource damages under the Oil Pollution Act. The federal trustees are the Department of the Interior, through the Fish and Wildlife Service, and the Department of Commerce's National Oceanic and Atmospheric Administration. The State trustees are the Texas General Land Office, the Texas Commission on Environmental Quality, and the Texas Parks and Wildlife Department. Pursuant to the Oil Pollution Act, each trustee acts on behalf of the public to seek damages for the injury to, destruction of, or loss of natural resources resulting from the discharge of oil into the environment. Under the consent decree, the defendant's payment provides for \$427,000 of the total to be used by the trustees to design, implement, and oversee natural resource restoration projects to compensate for the injuries resulting from the oil discharge. The rest of the funds will be used to repay the trustees for each agency's work to assess the injuries to natural resources. The United States and the State are coordinating injury assessment and restoration efforts.

The publication of this notice opens a period for public comment on the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America and State of Texas v. Flint Hills Resources Ingleside, LLC*, D.J. Ref. No. 90-5-1-1-12902. All comments must be submitted no later than thirty (30) days after the publication date of this notice.
