Decision of the Governors of the United States Postal Service on Mail Classification Schedule Changes to Size Limitations for International Letter-Post Rolls (Governors' Decision No. 24–1)

February 8, 2024

Statement of Explanation and Justification

Pursuant to our authority under section 404(b) and Chapter 36 of title 39, United States Code, the Governors establish classification changes to the minimum size limitations for international letter-post rolls.

The Universal Postal Union (UPU) Convention Regulations will be establishing new dimensions for international letter-post rolls (a certain format for outbound and inbound letter-post items). To conform with these dimension requirements, the Postal Service must revise the minimum size limitations for international letter-post rolls in the Mail Classification Schedule, for products with rates of general applicability. We have evaluated the classification changes in this context in accordance with 39 U.S.C. 3632 and 3682. We approve the changes, finding that they are appropriate, and are consistent with the regulatory criteria.

Order

We direct management to file with the Postal Regulatory Commission appropriate notice of these classification changes. The changes in classification set forth herein shall become effective on July 14, 2024.

Rule 17g–3—Annual financial and other reports to be filed or furnished by nationally recognized statistical rating organizations.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit an extension for this current collection of information to the Office of Management and Budget for approval.

Rule 17g–3 (17 CFR 240.17g–3) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) contains certain reporting requirements for nationally recognized statistical rating organizations (“NRSROs”). Specifically, NRSROs are required to file with the Commission, on an annual basis, financial reports containing specified financial statements, certain financial condition reports, and a report on the internal control structure. NRSROs are also required to furnish a report of the number of credit rating actions taken during the most recently completed fiscal year.

Currently, there are 10 credit rating agencies registered as NRSROs with the Commission. Based on staff experience, the Commission estimates that the total burden for NRSROs to comply with Rule 17g–3 is 3,650 hours. In addition, the Commission estimates an industry-wide annual external cost to NRSROs of \$350,000 to comply with Rule 17g–3, reflecting costs to engage the services of independent public accountants and outside counsel.
