ENVIRONMENTAL PROTECTION AGENCY

[FRL-9542-06-OAR]

Information Regarding Allowances Used in Cross-State Air Pollution Rule (CSAPR) Trading Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability.

SUMMARY: The Environmental Protection Agency (EPA) is providing notice of the availability of data on emission allowance allocations to certain units under the Cross-State Air Pollution Rule (CSAPR) trading programs. EPA has completed final calculations for the allocations of allowances from the new unit set-asides (NUSAs) for the 2023 control periods and has posted spreadsheets containing the calculations on EPA’s website. EPA has also completed calculations for allocations of the remaining 2023 NUSA allowances to existing units and has posted spreadsheets containing those calculations on EPA’s website as well. Additionally, EPA is making available an estimate of the data and calculations to be used in the allowance bank recalibration process for the 2024 control period under the CSAPR NO_x Ozone Season Group 3 Trading Program.

DATES: April 22, 2024.

FOR FURTHER INFORMATION CONTACT: Questions concerning this action should be addressed to Garrett Powers at (202) 564-2300 or powers.jamesg@epa.gov or Morgan Riedel at (202) 564-1144 or riedel.morgan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Allocations From New Unit Set-Asides

Under each CSAPR trading program where EPA is responsible for determining emission allowance allocations, a portion of each state’s emissions budget for the program for each control period is reserved in a NUSA (and, under most of the trading programs, in an additional Indian country NUSA in the case of states with Indian country within their borders) for allocation to certain units that would not otherwise receive allowance allocations. The procedures for identifying the eligible units for each control period and for allocating allowances from the NUSAs and Indian country NUSAs to these units are set forth in the CSAPR trading program regulations at 40 CFR 97.411(b) and 97.412 (NO_x Annual), 97.511(b) and 97.512 (NO_x Ozone Season Group 1), 97.611(b) and 97.612 (SO₂ Group 1), 97.711(b) and 97.712 (SO₂ Group 2), 97.811(b) and 97.812 (NO_x Ozone Season Group 2), and 97.1012 (NO_x Ozone Season Group 3). Each NUSA allowance allocation process involves allocations to eligible units, termed “new” units, followed by the allocation to “existing” units of any allowances not allocated to new units.¹

In a notice of data availability (NODA) published in the **Federal Register** on March 1, 2024 (89 FR 15199), EPA provided notice of the preliminary

¹ The CSAPR NO_x Ozone Season Group 3 Trading Program serves as the compliance mechanism for electricity generating units under the Good Neighbor Plan (88 FR 36654, June 5, 2023). As of the date of signature of this notice, applications for a stay of the Good Neighbor Plan are pending before the Supreme Court of the United States. If a stay order is issued and depending on its nature, it could affect EPA’s ability to implement the regulatory provisions of the CSAPR NO_x Ozone Season Group 3 Trading Program that are described in this notice.

calculations of NUSA allowance allocations for the 2023 control periods and described the process for submitting any objections. This NODA concerns the final NUSA allowance allocations.

In response to the March 1, 2024, NODA, EPA received a written objection from Shell Chemical Appalachia LLC (ORIS 58933) stating that the preliminary allocation of one CSAPR SO₂ Group 1 allowance to unit 101 from the NUSA for West Virginia was incorrect and that unit 101 should receive two allowances instead. EPA agrees and accordingly has corrected the final NUSA allowance allocations for the CSAPR SO₂ Group 1 Trading Program to reflect a 1-ton increase in the amount of NUSA allowances allocated to Shell Chemical Appalachia LLC unit 101 and a corresponding 1-ton decrease in the collective amount of NUSA allowances allocated to West Virginia’s “existing” units. EPA received no other written objections, and all other final allocations are unchanged from the preliminary allocations.

The detailed unit-by-unit data and final allowance allocation calculations are set forth in Excel spreadsheets titled “CSAPR_NUSA_2023_NO_x_Annual_Final_Data_New_Units,” “CSAPR_NUSA_2023_NO_x_OS_Final_Data_New_Units,” “CSAPR_NUSA_2023_SO₂_Final_Data_New_Units,” “CSAPR_NUSA_2023_NO_x_Annual_Final_Data_Existing_Units,” “CSAPR_NUSA_2023_NO_x_OS_Final_Data_Existing_Units,” and “CSAPR_NUSA_2023_SO₂_Final_Data_Existing_Units”, available on EPA’s website at www.epa.gov/Cross-State-Air-Pollution/csapr-compliance-year-2023-nusa-nodas.

EPA notes that an allocation or lack of allocation of allowances to a given unit under a given CSAPR trading program does not constitute a determination that the trading program

does or does not apply to the unit. EPA also notes that, under 40 CFR 97.411(c), 97.511(c), 97.611(c), 97.711(c), 97.811(c), 97.1011(c), and 97.1012(c), allocations are subject to potential correction if a unit to which allowances have been allocated for a given control period is not actually an affected unit as of the start of that control period.

II. Information for the Allowance Bank Recalibration Procedures

The CSAPR NO_x Ozone Season Group 3 Trading Program includes provisions calling for EPA to annually recalibrate the bank of CSAPR NO_x Ozone Season Group 3 allowances if the total quantity of banked allowances from previous control periods held in all facility and general accounts after compliance deductions for those control periods exceeds an allowance bank ceiling target for the current control period. The allowance bank recalibration procedures are set forth in the trading program regulations at 40 CFR 97.1026(d). Generally, if recalibration takes place for a given control period, the amount of banked CSAPR NO_x Ozone Season Group 3 allowances from previous control periods held in each facility or general account will be adjusted so that the amount of such banked allowances held in the account after recalibration will equal the amount held in the account immediately before recalibration multiplied by the allowance bank ceiling target, divided by the total amount of such banked allowances held in all facility and general accounts immediately before recalibration, and rounded up to the nearest allowance. Allowance bank recalibration for a given control period applies only to holdings of banked allowances issued for previous control periods; it does not affect any holdings of allowances issued for that control period. The regulations call for EPA to carry out the allowance bank recalibration procedures for the 2024 control period as soon as practicable on or after August 1, 2024.²

For the 2024 control period, the allowance bank ceiling target is expected to be 12,605 tons, computed as 21% the sum of the 2024 state emission budgets for the ten states currently covered by the trading program. Based on the emissions and allowance data available at campd.epa.gov as of the date of signature of this notice, EPA estimates that after allowance deductions for 2023 compliance are completed in June 2024, approximately 38,545 banked vintage 2021–2023 allowances will be held in facility or

general accounts (84,378 current allowance holdings + 3,365 upcoming NUSA allocations – 49,198 reported 2023 ozone season emissions = 38,545 estimated remaining allowances). Based on these figures, EPA expects that allowance bank recalibration will take place for the 2024 control period and estimates that the amount of banked vintage 2021–2023 allowances that will be held in each facility or general account after recalibration will be the amount of such banked allowances held in the account immediately before recalibration multiplied by 12,605 and divided by 38,545 (or, equivalently, the amount of such banked allowances held in the account immediately before recalibration multiplied by approximately 33%). In the actual allowance bank recalibration process, instead of using the estimated figures described in this notice, EPA will use the most current information available as of the recalibration date. (Authority: 40 CFR 97.411(b), 97.511(b), 97.611(b), 97.711(b), 97.811(b), and 97.1012(a).)

Rona Birnbaum,

Director, Clean Air and Power Division, Office of Atmospheric Protection, Office of Air and Radiation.

BILLING CODE 6560–50–P

FEDERAL HOUSING FINANCE AGENCY

[No. 2024–N–5]

Freddie Mac Proposed Purchase of Single-Family Closed-End Second Mortgages; Comment Request

AGENCY: Federal Housing Finance Agency.

ACTION: Notice of proposed Enterprise new product; request for comment.

SUMMARY: The Federal Housing Finance Agency (FHFA) invites comments on a proposal by the Federal Home Loan Mortgage Corporation (Freddie Mac) to purchase certain single-family closed-end second mortgages as a new product (proposed new product).

DATES: FHFA will accept written comments on the proposed new product on or before May 22, 2024.

ADDRESSES: You may submit your comments by electronic mail (Email) only on the proposed new product, identified by “Proposed Enterprise New Product; Comment Request ‘Freddie Mac Single-Family Closed-End Second Mortgages,’ (No. 2024–N–5),” by either of the following methods:

- Agency website: www.fhfa.gov/open-for-comment-or-input.
- Email: RegComments@fhfa.gov.

FHFA will post all public comments received without change, including any personal information you provide, such as your name, address, email address, and telephone number, on the FHFA website at <http://www.fhfa.gov>. In addition, all comments received will be available for examination by the public through the electronic comment docket for this notice also located on the FHFA website.

FOR FURTHER INFORMATION CONTACT: Eric Bryant, Policy Analyst, Division of Housing Mission and Goals, (202) 253–4505, eric.bryant@fhfa.gov; William Merrill, Associate Director, Division of Housing Mission and Goals, (202) 649–3428, william.merrill@fhfa.gov; Lyn Abrams, Associate General Counsel, Office of General Counsel, (202) 649–3059, lyn.abrams@fhfa.gov; or Dinah Knight, Assistant General Counsel, Office of General Counsel, (202) 748–7801, dinah.knight@fhfa.gov, Federal Housing Finance Agency, 400 Seventh Street, SW, Washington, DC 20219. These are not toll-free numbers. For TTY/TRS users with hearing and speech disabilities, dial 711 and ask to be connected to any of the contact numbers above.

SUPPLEMENTARY INFORMATION:

I. Background

A. FHFA’s Statutory and Regulatory Authority

FHFA oversees the government sponsored enterprises, the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac and, together with Fannie Mae, the Enterprises), to ensure that they operate in a safe and sound manner, achieve the purposes of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, as amended¹ (the Safety and Soundness Act), fulfill their statutory charters,² and comply with other applicable laws.³

In recognition of the significant impact that the activities of the Enterprises have on the U.S. housing finance system, market participants, and the broader economy, section 1321 of the Safety and Soundness Act requires the FHFA Director to review new Enterprise activities and to approve new Enterprise products before these activities and products are offered to the

¹ 12 U.S.C. 4501 *et seq.*

² 12 U.S.C. 1716 *et seq.* and 12 U.S.C. 1451 *et seq.*

³ Since 2008, FHFA has also acted as conservator for each Enterprise.

² See note 1, *supra*.
