IV. Consultation With DAF and Determination of Appropriateness

DAF and NASA consulted on the appropriateness of NASA's adoption of CATEX A2.3.34 in February 2024. DAF and NASA's consultation included a review of DAF's experience developing and applying the CATEX, as well as the types of actions for which NASA plans to use the CATEX. These NASA actions are very similar to the type of projects for which DAF has applied the CATEX and therefore the impacts of NASA projects, in this case, the Quesst mission, will be very similar to the impacts of DAF projects, which are not significant, absent the existence of extraordinary circumstances. Therefore, NASA has determined that its proposed use of the CATEX as described in this notice is appropriate.

V. Notice to the Public and Documentation of Adoption

This notice serves to identify to the public and document NASA's adoption of DAF's CATEX A2.3.34., Supersonic flying operations over land and above 30,000 feet Mean Sea Level, or over water and above 10,000 feet Mean Sea Level and more than 15 nautical miles from land. The notice identifies the types of actions to which NASA will apply the CATEX, as well as the considerations that NASA will use in determining whether an action is within the scope of the CATEX.

Nanette Smith,

Team Lead, NASA Directives and Regulations.

Agency form numbers: NA Form 6045 (Volunteer Service Application) and NA Form 3060A, Voluntary Internship Application.

Type of review: Regular.

Abstract: We use volunteer resources to enhance our services to the public and to further our mission of providing ready access to essential evidence. Volunteers assist in outreach and public programs and provide technical and research support for administrative, archival, library, and curatorial staff, as well as other programs. We use a standard form for volunteers to apply and to assess the qualifications of potential volunteers. Members of the public who are interested in being a NARA volunteer use NA Form 6045, to signal their interest and to identify their qualifications for the work. Once we have selected someone as a volunteer, they fill out NA Form 6045a, Standards of Conduct for Volunteers, NA Form 6045b, Volunteer or Intern Emergency and Medical Consent, and NA Form 6045c, Volunteer or Intern Confidentiality Statement.

In addition to Pathways internships, NARA also uses voluntary (unpaid) interns to create a pipeline; bring fresh perspectives and ideas; and serve as NARA brand ambassadors. This opportunity provides interns with training, experience, and skills that will prepare them for their careers; and prepares participants for future employment with NARA. Engaging interns also involves the use of NA Form 3060A, Voluntary Internship Application to collect information for intern qualifications. Upon selection, applicants fill out the NA Form 3060, Voluntary Internship Agreement, as well as the other forms listed above.

Sheena Burrell,

Executive for Information Services/CIO.
