The National Park Service is not responsible for the determinations in this notice.

#### Abstract of Information Available

A total of three cultural items have been requested for repatriation. The three unassociated funerary objects are three lots of shell beads. These items were removed from Elliott Mound (CA–SAC–88) by Smith Coin & Curio Company, likely between the years of 1924–1938. The items were acquired by former Museum Director Jouett Davenport, Sr. (1937–1963).

#### Determinations

The Augusta Museum of History has determined that:

- The three unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Wilton Rancheria, California.

#### Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for

repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after May 28, 2024. If competing requests for repatriation are received, the Augusta Museum of History must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Augusta Museum of History is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.
