Fisheries of the Gulf of Mexico and South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 79 Assessment Webinar III for Gulf of Mexico and South Atlantic Mutton Snapper.

SUMMARY: The SEDAR 79 assessment process of Gulf of Mexico and South Atlantic mutton snapper will consist of a Data Workshop, and a series of assessment webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 79 Assessment webinar III will be held May 13, 2024, from 1 p.m. to 3 p.m., Eastern Time. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data,

Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Assessment webinar are as follows:

Panelists will review and discuss assessment modeling to date.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

Patent and Trademark Office

Privacy Act of 1974; System of Records

AGENCY: United States Patent and Trademark Office, Department of Commerce.

ACTION: Notice of a modified system of records.

SUMMARY: The Department of Commerce (Department)/United States Patent and Trademark Office (USPTO) is issuing this notice of its intent to modify the Privacy Act system of records under “COMMERCE/PAT-TM-10, Deposit Accounts and Electronic Funds Transfer Profiles.” This system of records allows the USPTO to collect and maintain personal and financial information on customers who submit payments for services and processing fees to the USPTO.

DATES: The modified system of records notice (SORN) will become effective upon its publication, except that new routine uses 2, 3, 9, 11, 15, 16, and 17 and significant modifications to routine uses 4, 5, 6, 7, 10, 13, and 14 are subject to a public comment period of 30 days from the date of publication and will become effective at the end of that period. Any subsequent changes to a routine use in response to comments received, or other revisions to the system, will be subject to the

requirements for further notice, as applicable, as set forth in OMB Circular A-108, section 6. To be considered, written comments must be submitted on or before May 28, 2024.

ADDRESSES: Comments may be submitted by any of the following methods:

- **Email:** SORN@USPTO.gov. Include “USPTO-10 comment” in the subject line of the message.
- **Federal e-Rulemaking Portal:** <https://www.regulations.gov>.
- **Mail:** Justin Isaac, Office of the Chief Administrative Officer, USPTO, P.O. Box 1450, Alexandria, VA 22313-1450.

The USPTO will make all comments it receives available for public inspection at the Federal e-Rulemaking Portal located at <https://www.regulations.gov>. Before including your address, phone number, email address, or other personal identifying information, you should be aware that your entire comment, including any personal identifying information you provide, may be made publicly available. You may request in your comment that the USPTO withhold your personal identifying information from public review; however, the USPTO cannot guarantee it will be able to do so. Therefore, do not submit personal identifying information, Confidential Business Information, or otherwise sensitive or protected information that you do not want made public.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information should be directed to Matthew Lee, Director of the Receipts Accounting Division, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450; by telephone at (571) 272-6343, by email to Matthew.Lee@uspto.gov with “Fee Management Products—System of Records” in the subject line.

SUPPLEMENTARY INFORMATION:

In accordance with the requirements of the Privacy Act of 1974, as amended, and the Office of Management and Budget (OMB) Circular A-108, “Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act,” the USPTO is modifying the system of records currently listed under “COMMERCE/PAT-TM-10, Deposit Accounts and Electronic Funds Transfer Profiles.” This system of records was last amended on August 10, 2007 (72 FR 45009). The changes are needed to ensure that the notice for this system of records is up-to-date, accurate, and current, as required by the Privacy Act, 5 U.S.C. 552a(e)(4).

The USPTO is modifying this system of records due to changes in how it collects, uses, maintains, and retrieves personally identifiable information (PII) from its customers to administer transactions for services and processing fees related to patents, trademarks, and information products. The USPTO charges both service and processing fees, such as, but not limited to, patent and trademark application filing fees, patent examination fees, patent trial and appeal fees, trademark trial and appeal fees, and processing of refused payment and charge-back fees. Customers are able to choose from several methods of payment to pay for services and processing fees related to patents, trademarks, and information products. The USPTO is updating the system of records to include users of credit cards, debit cards, and paper checks, and/or their associated transactions.

To implement these updates, the USPTO is modifying this system of records to expand the categories of individuals covered by this system and the categories of records maintained in the system to reflect current users and the types of information collected. The USPTO also proposes modifying the record source categories to include records derived from financial entities and the Department of the Treasury or Bureau of the Fiscal Service-designated fiscal and financial agents of the United States that process payments and collections, and to update the appropriate sections to address credit card, debit card, and paper check users and/or the associated transactions.

The USPTO is modifying the routine uses for this system of records to expressly describe and consolidate all applicable routine uses into one notice instead of relying on a cross-reference to other **Federal Register** (FR) notices. In the last full publication of this system of records notice on July 6, 2006 at 71 FR 38387, the USPTO incorporated by reference some of the Prefatory Statement of General Routine Uses published on December 31, 1981 at 46 FR 63501-63502. Instead of relying on the incorporation by reference, the USPTO expressly incorporates in modified form eight General Routine Uses as Routine Uses 4 (formerly 3), 5 (formerly 2), 6 (formerly 1), 7 (formerly 10), 10 (formerly 4), 12 (formerly 9), 13 (formerly 5), and 14 (formerly 13) in this system of records. Of these eight, the USPTO is modifying Routine Uses 4, 5, 6, 7, 10, 13, and 14 to make administrative changes, address the expanded needs of the USPTO and reflect current authorities and practices; and Routine Use 12 to make non-substantive changes for clarity.
