Ethics Statement

To maintain the highest levels of honesty, integrity, and ethical conduct, no committee or subcommittee member may participate in any "specific party matters" (for example, matters are narrowly focused and typically involve specific transactions between identified parties) such as a lease, license, permit, contract, claim, grant, agreement, or related litigation with USDA in which the committee or subcommittee member has a direct financial interest. This includes the requirement for committee or subcommittee members to immediately disclose to the Designated Federal Officer (DFO) (for discussion with USDA's Office of Ethics) any specific party matter in which the member's immediate family, relatives, business partners or employer would be directly seeking to financially benefit from the committee's recommendations.

All members will receive ethics training to identify and avoid any actions that would cause the public to question the integrity of the committee's advice and recommendations. Members who are appointed as "Representatives" are not subject to Federal ethics laws because the appointment allows them to represent the point(s) of view of a particular group, business sector or segment of the public.

Members appointed as "Special Government Employees" (SGEs) are considered intermittent Federal employees and are subject to Federal ethics laws. SGE's are appointed due to their personal knowledge, academic scholarship, background or expertise. No SGE may participate in any activity in which the member has a prohibited financial interest. Appointees who are SGEs are required to complete and submit a Confidential Financial Disclosure Report (OGE-450 form) via the FOnline e-filing database system. Upon request USDA will assist SGEs in preparing these financial reports. To ensure the highest level of compliance with applicable ethical standards USDA will provide ethics training to SGEs on an annual basis. The provisions of these paragraphs are not meant to exhaustively cover all Federal ethics laws and do not affect any other statutory or regulatory obligations to which advisory committee members are subject.
