

Preliminary Determination of No Shipments

Tanai, an exporter that received a separate rate in a previous segment of the proceeding and is subject to this review, reported that it had no shipments of subject merchandise during the POR. We requested that CBP report any contrary information. CBP reported that an entry was made under the CBP 10-digit case number for Tainai, *i.e.*, the importer of record entered the shipment pursuant to Tainai's cash deposit requirement, but the information for the suspended entry identifies a different manufacturer and exporter for that merchandise.¹⁶ Therefore, based on our analysis of information from CBP and the certification provided by Tainai, we preliminarily determine that Tanai made no shipments of subject merchandise to the United States during the POR. Further, consistent with Commerce's practice, we find that it is not appropriate to rescind the review with respect to Tanai, but rather to complete the review and issue appropriate assessment instructions to CBP based on the final results of review.¹⁷

Assessment

For the companies for which this review is being rescinded, in part, Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit rate for estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). With respect to the rescission of this review, in part, Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

When Commerce determines that an exporter under review made no shipments of subject merchandise during the POR, upon issuing the final results, Commerce will instruct CBP to liquidate any suspended entries of subject merchandise that entered under that exporter's cash deposit requirement, *i.e.*, under the exporter's CBP case number, during the POR at the

weighted-average dumping margin for the China-wide entity.¹⁸

With respect to Tainai, Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Rates

As a result of this administrative review, Commerce does not intend to revise the cash deposit requirements for estimated antidumping duties for entries subject to the *Order*.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4) and 351.221(b)(4).

Scope of the Order

The merchandise covered by the order is phosphate fertilizers. For a complete description of the scope of the order, see the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the parties that requested the review withdraw their review requests within 90 days of the date of publication of the notice of initiation for the requested review.⁴ On September 11, 2023, The Mosaic Company (the petitioner) withdrew its request for the review of Industrial Group Phosphorite LLC, a member of the EuroChem Group, within the 90-day deadline.⁵ No other parties requested an administrative review of this company. Therefore, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding the administrative review of Industrial Group Phosphorite LLC. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a financial contribution from an authority that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶ For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following net countervailable subsidy rate for the

period January 1, 2022, through December 31, 2022:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Joint Stock Company Apatit ⁷	18.83
