Abstract of Proposed Collection

The export, temporary import, and brokering of defense articles, including technical data, and defense services are authorized by the Department of State, Bureau of Political-Military Affairs, Directorate of Defense Trade Controls (DDTC) in accordance with the International Traffic in Arms Regulations (“ITAR,” 22 CFR parts 120–130) and section 38 of the Arms Export Control Act (AECA). Any person who engages in the United States in the business of manufacturing, brokering, exporting, or temporarily importing defense articles, including technical data, or furnishing defense services must register with the Department of State. Manufacturers who do not engage in exporting must nevertheless register. Additionally, any person who intends to export or to import temporarily a defense article must obtain the approval from DDTC prior to the export or temporary import, unless the export or temporary import qualifies for an exemption. The applicant must be registered with DDTC prior to submitting an application or using an exemption. Also, registered brokers

must submit annual reports regarding all brokering activities that were transacted, and registered manufacturers and exporters must maintain records of defense trade activities for five years.

1405–0003, Application/License for Permanent Export of Unclassified Defense Articles and Related Unclassified Technical Data: In accordance with part 123 of the ITAR, any person who intends to permanently export unclassified defense articles or unclassified technical data must obtain DDTC approval prior to export. The “Application/License for Permanent Export of Unclassified Defense Articles and Related Unclassified Technical Data” (Form DSP–5) is the licensing vehicle typically used to obtain permission for the permanent export of unclassified defense articles, including unclassified technical data covered by the U.S. Munitions List (USML). This form is an application that, when approved, signed and dated by an official of DDTC, serves as the applicant’s authorization for the permanent export of unclassified USML articles.

1405–0013, Application/License for Temporary Import of Unclassified Defense Articles: In accordance with part 123 of the ITAR, any person who intends to temporarily import unclassified defense articles must obtain DDTC authorization prior to import. The “Application/License for Temporary Import of Unclassified Defense Articles” (Form DSP–61) is the licensing vehicle typically used to obtain permission for the temporary import of unclassified defense articles covered by the USML. This form is an application that, when completed and approved by DDTC, it constitutes the official record and authorization for the temporary commercial import of unclassified USML articles, pursuant to the AECA and the ITAR.

1405–0023, Application/License for Temporary Export of Unclassified Defense Articles: In accordance with part 123 of the ITAR, any person who intends to temporarily export unclassified defense articles must obtain authorization from DDTC prior to export. The “Application/License for Temporary Export of Unclassified Defense Articles” (Form DSP–73) is the licensing vehicle typically used to obtain permission for the temporary export of unclassified defense articles covered by the USML. This form is an application that, when completed and approved by DDTC, it constitutes the official record and authorization for the temporary commercial export of unclassified USML articles, pursuant to the AECA and the ITAR.

1405-0092, *Application for Amendment to License for Export or Import of Unclassified Defense Articles and Related Unclassified Technical Data*: In accordance with part 123 of the ITAR, any person who intends to permanently export, temporarily import, or temporarily export unclassified or classified defense articles or related technical data must obtain DDTC authorization. This information collection is used by private industry to make changes in an approved Form DSP-5, Form DSP-61, or Form DSP-73. Upon approval, the amendment form along with the original license constitutes the authority to export or temporarily import.

Methodology

This information collection may be sent to DDTC via the following methods: electronically or by mail.

Michael J. Vaccaro,

Deputy Assistant Secretary for Defense Trade Controls, U.S. Department of State.

BILLING CODE 4710-25-P

SURFACE TRANSPORTATION BOARD

[Docket No. AB 33 (Sub-No. 350X); Docket No. AB 1338X]

Union Pacific Railroad Company—Abandonment Exemption—in St. Louis County, Mo.; Missouri Eastern Railroad, LLC—Discontinuance of Service Exemption—in St. Louis County, Mo.

Union Pacific Railroad Company (UP) and Missouri Eastern Railroad, LLC (MER) (collectively, Applicants) have jointly filed a verified notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments and Discontinuances of Service* for UP to abandon, and for MER to discontinue service over, a 0.55-mile portion of the Rock Island Old Passenger Main extending from milepost 11.58 to milepost 11.03, near Olivette, in St. Louis County, Mo. (the Line). The Line traverses U.S. Postal Service Zip Code 63132.

Applicants have certified that: (1) no local traffic has moved over the Line for at least two years; (2) no overhead traffic has moved over the Line for at least two years, and there is therefore no need to reroute any traffic; (3) no formal complaint filed by a user of rail service on the Line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the Line either is pending with the Surface Transportation Board (Board) or

with any U.S. District Court or has been decided in favor of complainant within the two-year period; and (4) the requirements at 49 CFR 1105.7 and 1105.8 (notice of environmental and historic reports), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment or discontinuance of service shall be protected under *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received,¹ these exemptions will be effective on June 5, 2024, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,² formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2), and interim trail use/railbanking requests under 49 CFR 1152.29 must be filed by May 16, 2024.³ Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by May 28, 2024.

All pleadings, referring to Docket Nos. AB 33 (Sub-No. 350X) and AB 1338X, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on UP's representative, Christine A. Neuharth, 1400 Douglas Street, MS 1580, Omaha, NE 68179, and MER's representative, Robert A. Wimbish, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606.

¹ Persons interested in submitting an OFA must first file a formal expression of intent to file an offer, indicating the type of financial assistance they wish to provide (*i.e.*, subsidy or purchase) and demonstrating that they are preliminarily financially responsible. See 49 CFR 1152.27(c)(2)(i).

² The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's Office of Environmental Analysis (OEA) in its independent investigation) cannot be made before effective date of the exemptions. See *Exemption of Out-of-Serv. Rail Lines*, 5 I.C.C.2d 377 (1989). Any request to stay should be filed as soon as possible so that the Board may take appropriate action before the effective date of the exemptions.

³ Filing fees for OFAs and trail use requests can be found at 49 CFR 1002.2(f)(25) and (27), respectively.

If the verified notice contains false or misleading information, the exemptions are void ab initio.

UP has filed a combined environmental and historic report that addresses the potential effects, if any, of the abandonment on the environment and historic resources. OEA will issue a Draft Environmental Assessment (Draft EA) by May 10, 2024. The Draft EA will be available to interested persons on the Board's website, by writing to OEA, or by calling OEA at (202) 245-0294. If you require an accommodation under the Americans with Disabilities Act, please call (202) 245-0245. Comments on environmental and historic preservation matters must be filed within 15 days after the Draft EA becomes available to the public.

Environmental, historic preservation, public use, or interim trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), UP shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the Line. If consummation has not been effected by UP's filing of a notice of consummation by May 6, 2025, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available at www.stb.gov.

Decided: May 1, 2024.

By the Board, Mai T. Dinh, Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.
