BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Privacy Act of 1974; System of Records

AGENCY: Department of Energy.

ACTION: Notice of a modified system of records.

SUMMARY: As required by the Privacy Act of 1974 and the Office of Management and Budget (OMB) Circulars A-108 and A-130, the Department of Energy (DOE or the Department) is publishing notice of a

modification to an existing Privacy Act system of records. DOE proposes to amend System of Records DOE-1, *Grievance Records*. This System of Records Notice (SORN) is being modified to align with new formatting requirements, published by OMB, and to ensure appropriate Privacy Act coverage of business processes and Privacy Act information. While there are no substantive changes to the "Categories of Individuals" or "Categories of Records" sections covered by this SORN, substantive changes have been made to the "System Locations," "Routine Uses," and "Administrative, Technical and Physical Safeguards" sections to provide greater transparency. Changes to "Routine Uses" include new provisions related to responding to breaches of information held under a Privacy Act SORN as required by OMB's Memorandum M-17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information" (January 3, 2017). Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices. **DATES:** This modified SORN will become applicable following the end of the public comment period on June 5, 2024 unless comments are received that result in a contrary determination.

ADDRESSES: Written comments should be sent to the DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street NW, Washington, DC 20503 and to Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm 8H-085, Washington, DC 20585 or by facsimile at (202) 586-8151 or by email at privacy@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm 8H-085, Washington, DC 20585 or by facsimile at (202) 586-8151, by email at privacy@hq.doe.gov, or by telephone at (240) 686-9485.

SUPPLEMENTARY INFORMATION: On January 9, 2009, DOE published a Compilation of its Privacy Act systems of records, which included System of Records DOE-1, *Grievance Records*. This notice proposes amendments to the System Locations section of that system of records by removing System Locations where DOE-1 is no longer applicable. These locations are as follows: Alaska Power Administration, Environmental Consolidated Business Center, Southeastern Power

Administration, and the Office of Repository Development. Addresses for the National Energy Technology Laboratory's (NETL) sites in Pittsburgh, Morgantown, and Albany have been updated. Addresses for NETL's offices in Oklahoma and Alaska have been removed as they no longer require coverage. Finally, the Office of River Protection, Richland Operations Office, and Southwestern Power Administration addresses have been updated. The system manager's office title has been changed to "Office of Policy, Labor and Employee Relations." The data element "Social Security numbers" has been removed from the "Categories of Records in the System" and "employee identification numbers" has been added. In the "Routine Uses" section, this modified notice deletes a previous routine use concerning efforts responding to a suspected or confirmed loss of confidentiality of information as it appears in DOE's compilation of its Privacy Act systems of records (January 9, 2009) and replaces it with one to assist DOE with responding to a suspected or confirmed breach of its records of Personally Identifiable Information (PII), modeled with language from OMB's Memorandum M-17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information" (January 3, 2017). Further, this notice adds one new routine use to ensure that DOE may assist another agency or entity in responding to the other agency's or entity's confirmed or suspected breach of PII, as appropriate, as aligned with OMB's Memorandum M-17-12. An administrative change required by the FOIA Improvement Act of 2016 extends the length of time a requestor is permitted to file an appeal under the Privacy Act from 30 to 90 days. Both the "System Locations" and "Administrative, Technical and Physical Safeguards" sections have been modified to reflect the Department's usage of cloud-based services for records storage. Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices.
