

In accordance with Executive Order 14035 (June 25, 2021) and consistent with law, EPA values and welcomes opportunities to increase diversity, equity, inclusion, and accessibility on its Federal advisory committees. EPA's Federal advisory committees strive to have a workforce that reflects the diversity of the American people.

The following criteria will be used to evaluate applicants:

- The HBCU-MSI AC will be composed of approximately 15-20 members who will generally serve as Representative members of non-federal interests appointed by the Administrator of EPA.

- Members must have a strong affiliation with HBCUs and/or MSIs or the communities represented and served by HBCUs and/or MSIs, including through education, work, or partnerships.

- Members must demonstrate a knowledge of the student continuum from college to career, preferably through related experience with HBCUs and/or MSIs. In selecting members, EPA will consider candidates from business and industry, academic institutions, State, local and Tribal governments, public interest groups, environmental organizations, service groups, and more. In determining a fair spread across categories, no more than 60% of the advisory committee can come from a single categorical entity.

- Members must demonstrate notable commitment to environmental issues with extensive involvement, knowledge, or engagement with relevant material and/or affected communities.

- Members must demonstrate a working knowledge of Federal, State, and local government operations and systems.

- Members must demonstrate a notable commitment to Diversity, Equity, Inclusion and Accessibility, including for underserved communities.

- Members must demonstrate an ability to work in a consensus building process with a wide range of representative from diverse constituencies.

- Members must be able to contribute approximately 10 to 15 hours per month to HBCU-MSI AC activities, including the attendance at meetings and participating in the development of advice letters/reports and other material.

- Members must demonstrate potential for active and constructive involvement in HBCU-MSI AC work.

How to Submit Applications: Any interested person or organization may apply to be considered for an appointment to serve on the Historically

Black Colleges and Universities and Minority Serving Institutions Advisory Council.

- Applications must include:

(1) contact information as outlined below:

Applicants must provide their: full legal name, preferred name if applicable, pronouns, date of birth, current home address, and phone number.

(2) resume or curriculum vitae (CV)

(3) statement of interest explaining why you would like to serve on this committee:

The statement of interest should describe how the nominee's background, knowledge, and experience would add value to the committee's work, and how the individual's qualifications would contribute to the overall diversity of the Historically Black Colleges and Universities and Minority Serving Institutions Advisory Council. To help the Agency in evaluating the effectiveness of its outreach efforts, please include in the statement of interest how you learned of this opportunity.

Please be aware that EPA's policy is that, unless otherwise prescribed by statute, members generally are appointed for a two-year term. For appointment consideration, interested nominees should submit the application materials electronically via email to Pradnya Bhandari at HBCU-MSI.AC@epa.gov, with the subject line HBCU-MSI AC, COMMITTEE APPLICATION PACKAGE 2024 for (Name of Nominee).

Jessica Loya,

Deputy Associate Administrator, Office of Public Engagement, Office of Public Engagement and Environmental Education, Office of the Administrator.

Idaho: Notice of Determination of Adequacy of Idaho's Research, Development and Demonstration Permit Provisions for Municipal Solid Waste Landfills

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is approving Idaho's modification to its approved Municipal Solid Waste Landfill (MSWLF) permit program. On March 22, 2004, the EPA issued final regulations allowing Research, Development, and Demonstration (RD&D) permits to be issued to certain MSWLFs by approved states. On September 14, 2023, the Idaho Department of Environmental Quality submitted an application to the EPA seeking Federal approval of its RD&D requirements. The EPA has reviewed the application and determined it to be adequate.

DATES: This determination of adequacy will become effective July 8, 2024 without further notice unless the EPA receives adverse comments on or before July 8, 2024. If adverse comments are received, the EPA will review the comments and publish another **Federal Register** document responding to the comments and will either affirm or revise its initial decision.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R10-RCRA-2023-0638, at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [regulations.gov](https://www.regulations.gov). The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the Web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT: Domenic Calabro, U.S. EPA Region 10, 1200 6th Avenue, Suite 155, Seattle, WA 98101, (206) 553-6640, calabro.domenic@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On March 22, 2004, the EPA issued a final rule amending the Municipal Solid Waste Landfill (MSWLF) criteria in the

Code of Federal Regulations (CFR) at 40 CFR part 258 to allow for Research, Development and Demonstration (RD&D) permits (69 FR 13242). That rule allows for variances from specified criteria for a limited period of time, to be implemented through state-issued RD&D permits. RD&D permits are available only in states with approved MSWLF permit programs that have been modified to incorporate RD&D permit authority.

While states are not required to adopt this provision, those states that are interested in providing RD&D permits to owners and operators of MSWLFs must seek approval from the EPA before issuing such permits. Approval procedures for new provisions of 40 CFR part 258 are outlined in 40 CFR 239.12.

On September 21, 1993, the EPA published a final rule approving Idaho's MSWLF permit program (65 FR 453). On September 14, 2023, the Idaho Department of Environmental Quality applied for approval of its RD&D permit provisions, codified at Idaho Code 39-7421, Idaho Solid Waste Facilities Act.

II. Decision

After a thorough review of Idaho's revision package, the EPA determined that Idaho's RD&D permit provisions, as set out in Idaho Code 39-7421, Idaho Solid Waste Facilities Act, are adequate to ensure compliance with the Federal criteria as set out in 40 CFR 258.4.

Authority: This action is issued under the authority of sections 2002, 4005 and 4010(c) of the Solid Waste Disposal Act, as amended, 42 U.S.C. 6912, 6945 and 6949(a).

Dated: May 3, 2024.

Casey Sixkiller,

Regional Administrator, Region 10.
