SUPPLEMENTARY INFORMATION: Section 6217(a) of the Coastal Zone Act Reauthorization Amendments (CZARA), 12 U.S.C. 1455b(a), required that each State or territory with a coastal zone management program previously approved under section 306 of the Coastal Zone Management Act prepare and submit to the Federal agencies a coastal nonpoint pollution control program for approval by July 1995. The Federal agencies provided public notice of and invited public comment on their proposal to approve the Alabama program subject to specified conditions. (62 FR 6216). The Federal agencies approved the program subject to those conditions on June 30, 1998 (63 FR 37094). The Federal agencies now propose to find, and invite public comment on the proposed findings, that Alabama has satisfied the conditions associated with the earlier approval of its coastal nonpoint program.

The proposed findings document for Alabama's program is available at www.regulations.gov (search for NOAA-NOS-2023-00107) and information on the Coastal Nonpoint Program in general

is available on the NOAA website at coast.noaa.gov/czm/pollutioncontrol/.
