SUPPLEMENTARY INFORMATION: The Privacy Act (5 U.S.C. 552a), provides certain protections for individuals applying for and receiving federal benefits. The law governs the use of computer matching by federal agencies when records in a system of records contain information about individuals, are retrieved by name or other personal identifier, and are matched with records of other federal, state, or local government records. The Privacy Act requires agencies involved in a matching program to:

1. Obtain approval of a Computer Matching Agreement, prepared in accordance with the Privacy Act, by the Data Integrity Board of each federal agency in a matching program, as required by 5 U.S.C. 552a(u)(3)(A).
2. Enter into a written Computer Matching Agreement, as required by 5 U.S.C. 552a(o)(1).

4. Publish notice of the matching program in the **Federal Register** as required by 5 U.S.C. 552a(e)(12) after OMB and Congress complete their review of the report, as provided by OMB Circular A-108.
5. Provide individual notice at the time of application and periodically thereafter that applicants and recipients' information provided may be subject to verification through matching programs, as required by 5 U.S.C. 552a(o)(1)(D).
6. Independently verify match findings before suspending, terminating, reducing, or making a final denial of an individual's benefits or payments or taking other adverse action against the individual, as required by 5 U.S.C. 552a(p). This matching program complies with these requirements.

Commissioner, Office of Child Support Services.

Participating Agencies

The agencies participating in the matching program are OCSS (source agency) and state agencies

administering SNAP (recipient non-federal agencies).

Authority for Conducting the Matching Program

The authority for conducting the matching program is 42 U.S.C. 653(j)(10). State SNAP agencies are required to participate in the matching program, as provided by 7 U.S.C. 2020(e)(24).

The purpose of the matching program is to provide each participating state agency administering SNAP with new hire, quarterly wage, and unemployment insurance information from the OCSS NDNH system of records to assist them in establishing or verifying SNAP applicants' and recipients' eligibility for assistance, reducing payment errors, and maintaining program integrity, including determining whether duplicate participation exists or if the applicant or recipient resides in another state. The state SNAP agencies may also use the NDNH information for the secondary purpose of updating SNAP recipients' reported participation in work activities and updating the recipients' and their employers' contact information maintained by the state SNAP agencies.

Categories of Individuals

The categories of individuals whose data is used in the matching program are adult members of households who have applied for or receive SNAP benefits.

[Docket No. FDA-2022-N-2015]

Program Policy and Procedures Manual Guide 1240.3605 Regulating Animal Foods With Drug Claims; Withdrawal

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of withdrawal.

SUMMARY: The Food and Drug Administration (FDA, Agency, or we) is announcing the withdrawal of the Center for Veterinary Medicine's (CVM's) Program Policy and Procedures Manual Guide (PPM) 1240.3605 Regulating Animal Foods with Drug Claims. This 1998 document presented guidance to CVM staff for the regulation of animal food that may have intended uses that result in the products also being drugs. FDA is withdrawing PPM 1240.3605 after determining that it no longer reflects Agency current thinking.

Kelly A. Louviere, Center for Veterinary Medicine (HFV-200), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 240-402-5815, kelly.louviere@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: FDA is announcing the withdrawal of CVM's PPM 1240.3605 Regulating Animal Foods with Drug Claims. This 1998 document presented guidance to CVM staff for the regulation of animal food that may have intended uses that result in the products being drugs under section 201(g) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)).

In 2021, CVM initiated a review of PPM 1240.3605, spurred by stakeholder interest, including industry and government (e.g., Congressional) stakeholders. Congress requested FDA "review [PPM] 1240.3605 for solutions on how ingredient claims for animal production, animal well-being, food safety and the environment can be regulated as animal food." In making this request, Congress expressed concern that PPM 1240.3605 had not been updated since 1998 and had not kept pace with science (H. Rep. No. 117-82 at 91 (2022)).

On October 18, 2022, CVM held a virtual listening session to gather information and stakeholder feedback to be considered during our review of the regulation of animal food with certain types of claims, such as claims about environmental benefits (e.g., reduced greenhouse gas emissions), production
