BILLING CODE P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-22-2024]

Foreign-Trade Zone (FTZ) 12, Notification of Proposed Production Activity; Uni Ag Group, LLC; (Bulk Premixes); McAllen, Texas

The McAllen Foreign Trade Zone Inc., grantee of FTZ 12, submitted a notification of proposed production activity to the FTZ Board (the Board) for export-only production on behalf of Uni Ag Group, LLC (Uni Ag), located in McAllen, Texas within FTZ 12. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on May 15, 2024.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to

the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: chocolate mixture (85% to 92% sugar and 15% to 8% cocoa powder), chocolate premix (sugar, cocoa, citric acid), gelatin premix (5% to 15% gelatin and 95% to 85% sugar), peanut premix (10% peanuts, 90% sugar), and syrup premix (97% raw sugar, 3% activated carbon). (duty rate ranges from 33.87 cents per kilogram plus 6% to 5.10%).

The proposed foreign-status materials/components include: beet sugar; cane sugar; refined white sugar; raw sugar (very high polarity sugar); roasted peanuts; raw peanuts; gelatin; cocoa powder; blanched peanuts; and activated carbon (duty rate ranges from 0.52 cents per kilogram to 131.80%). The request indicates that certain materials/components are subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41). The request indicates that activated carbon is subject to an antidumping/countervailing duty (AD/CVD) order/investigation if imported from certain countries. The Board's regulations (15 CFR 400.13(c)(2)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in PF status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is July 1, 2024.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Kolade Osho at Kolade.Osho@trade.gov.

Dated: May 15, 2024.

Elizabeth Whiteman,
Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-433-813]

Strontium Chromate From Austria: Final Results of Antidumping Duty Administrative Review; 2021-2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Habich GmbH (Habich) did not make sales of subject merchandise in the United States at prices below normal value during the period of review (POR) November 1, 2021, through October 31, 2022.

DATES: Applicable May 21, 2024.

FOR FURTHER INFORMATION CONTACT: Jaron Moore or Brian Smith, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3640 or (202) 482-1766, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 6, 2022, Commerce published the *Preliminary Results*.¹ The administrative review covers Habich, the only company for which a review was requested. For the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.²

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order³

The merchandise covered by the *Order* is strontium chromate from Austria. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs filed in this

¹ See *Strontium Chromate from Austria: Preliminary Results of Antidumping Administrative Review; 2020-2021*, 88 FR 84777 (December 6, 2023) (*Preliminary Results*).

² See Memorandum, "Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review: Strontium Chromate from Austria; 2021-2022," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

³ See *Strontium Chromate from Austria and France: Antidumping Duty Orders*, 84 FR 65349 (November 27, 2019) (*Order*).

administrative review in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our evaluation of the comments received from interested parties regarding our *Preliminary Results* and our review of the record to address those comments, we made no changes to the weighted-average dumping margin calculation for Habich, as detailed in the Issues and Decision Memorandum.⁴

Final Results of Review

We determine that the following estimated weighted-average dumping margin for Habich exists for the period November 1, 2021 through October 31, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
Habich GmbH	0.00

Disclosure

Normally, Commerce discloses the calculations performed for the final results within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we made no changes to the preliminary calculations, there are no new calculations to disclose for the final results.

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no

earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Where the respondent's weighted-average dumping margin is either zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁵ Accordingly, because the final weighted-average dumping margin for Habich in this review is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Consistent with Commerce's clarification of its assessment practice, for entries of subject merchandise during the POR produced by Habich where it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation of 25.90 percent *ad valorem*,⁶ if there is no rate for the intermediate company(ies) involved in the transaction.⁷

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Habich will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter

is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 25.90 percent *ad valorem*, the all-others rate established in the LTFV investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 14, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, Performing the Non-Exclusive Functions and Duties of the Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-549-820]

Prestressed Concrete Steel Wire Strand From Thailand: Final Results of Antidumping Duty Administrative Review; 2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that prestressed concrete steel wire strand (PC strand) from Thailand was not sold in the United States at less than normal value (NV) during the period of review (POR) January 1, 2022, through December 31, 2022.

DATES: Applicable May 21, 2024.

FOR FURTHER INFORMATION CONTACT: Samantha Kinney, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2285.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2023, Commerce published in the *Federal Register* the *Preliminary Results* of the 2022 administrative review¹ of the antidumping duty order on PC strand from Thailand.² The review covers the

¹ See *Prestressed Concrete Steel Wire Strand from Thailand: Preliminary Results of Antidumping Duty Administrative Review; 2022*; 89 FR 7370 (February 2, 2023) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Prestressed Concrete Steel Wire Strand from Thailand*, 69 FR 4111 (January 28, 2004) (*Order*).

sole mandatory respondent, The Siam Industrial Wire Co., Ltd. (SIW). We invited interested parties to comment on the *Preliminary Results*.³ On April 3, 2024, the petitioners submitted a case brief.⁴ On April 8, 2024, SIW submitted a rebuttal brief.⁵ Neither party argued for any changes from the *Preliminary Results*. Because Commerce received no comments requiring changes to the *Preliminary Results*, we have not modified our analysis and no decision memorandum accompanies this **Federal Register** notice. Accordingly, the final results are unchanged from the *Preliminary Results*, and we are adopting the *Preliminary Results* as the final results of this review. Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by this *Order* is prestressed concrete steel wire strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand. The merchandise subject to the *Order* is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the scope is dispositive.

Final Results of Review

Although the petitioners and SIW submitted comments, neither party requested changes to the *Preliminary Results* in this review. While the petitioners requested corroboration of the reporting of SIW's suppliers of wire rod in future reviews,⁶ the petitioners rescinded their request for review, and there are no other outstanding review requests for the upcoming review period. Additionally, at this stage, the petitioners did not request further corroboration of SIW's reporting of wire rod inputs for this POR.⁷ Therefore, their arguments, raised for this

³ See *Preliminary Results*.

⁴ See Petitioners' Letter, "Petitioners' Case Brief," dated April 3, 2024 (Petitioners' Case Brief). The Petitioners in this proceeding are Insteel Wire Products Company, Sumiden Wire Products Corporation, and Wire Mesh Corp. (collectively, the petitioners).

⁵ See SIW's Letter, "Rebuttal Brief of The Siam Industrial Wire Co., Ltd.," dated April 8, 2024.

⁶ See Petitioners' Case Brief at 2.

⁷ *Id.*

administrative review, are moot. Any additional corroboration of reporting by SIW's input suppliers, however, will be considered in the context of a future review.

As a result of this review, we determine the following estimated weighted-average dumping margin exists for the POR:

Exporter or producer	Weighted-average dumping margin (percent)
The Siam Industrial Wire Co., Ltd	0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the *Federal Register*, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Where the respondent's weighted-average dumping margin is either zero or *de minimis* (*i.e.*, less than 0.5 percent),⁸ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Accordingly, because SIW's weighted-average dumping margin is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by the respondent for which it did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 12.91 percent) determined in the original less-than-fair-value (LTFV) investigation⁹ if there is no rate for the intermediate

⁸ See 19 CFR 351.106(c)(1).
