

number of annual respondents is 795. The respondents are the 300 airlines providing the class rosters, plus the 495 individual crew members providing information directly to TSA for the FAM field office classes, totaling 795. The estimated annual burden is 61.17 hours. TSA estimates 11,000 air crew members will undergo self defense training each year. Of these, 95.5% (10,505) of trainings will occur at airline training centers, and 4.5% (495) will occur at FAM field offices. It will take 300 classes to train crew members at airline training centers, and it will take two (2) minutes for the airline to create each class roster. This amounts to 10 hours (300 classes × 2 minutes). TSA estimates the FAMS field office training online registration requires five (5) minutes and the injury waiver and class roster sign-in process requires one (1) minute per crew member. This amounts to 49.5 hours [(495 crew members × 6 minutes)]. Although using the course feedback tab is strictly voluntary, TSA estimates ten (10) minutes per crew member for those who complete the evaluation, and 10 crew members will complete the evaluation each year for a total of 1.67 hours (10 crew members × 10 minutes) TSA estimates the total annual hours for this information collection to be 61.17 (10 + 49.5 + 1.67) hours.
