SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-100195; File No. SR-BX-2024-017]

Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Cabinet Proximity Option Fee To Establish a Reservation Fee for Cabinets With Power Densities Greater Than 10 kW

May 21, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 9, 2024, Nasdaq BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange’s Cabinet Proximity Option Fee at General 8, Section 1, as described further below.

The text of the proposed rule change is available on the Exchange’s website at <https://listingcenter.nasdaq.com/rulebook/bx/rules>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change³ is to amend the Exchange’s Cabinet Proximity Option Fee at General 8, Section 1(d) by establishing a reservation fee for cabinets with power densities greater than 10 kilowatts (“kW”).⁴

The Exchange currently offers a Cabinet Proximity Option program where, for a monthly fee, customers can obtain an option for future use on available, unused cabinet space in proximity to their existing equipment. Cabinets reserved under the Cabinet Proximity Option program are unused cabinets that customers reserve for future use and can be converted to a powered cabinet at the customer’s request. Under the program, customers can reserve up to maximum of 20 cabinets that the Exchange endeavors to provide as close as reasonably possible to the customer’s existing cabinet space, taking into consideration power availability within segments of the data center and the overall efficiency of use of data center resources as determined by the Exchange. Should reserved data center space be needed for use, the reserving customer will have three business days to formally contract with the Exchange for full payment for the reserved cabinet space or it will be reassigned. In making determinations to require exercise or relinquishment of reserved space as among numerous customers, the Exchange will take into consideration several factors, including: proximity between available reserved cabinet space and the existing space of a customer seeking additional space for actual cabinet usage; a customer’s ratio of cabinets in use to those reserved; the length of time that a particular reservation(s) has been in place; and any other factor that the Exchange deems

relevant to ensure overall efficiency in use of the data center space.⁵

The applicable monthly fees for the Cabinet Proximity Option program are in General 8, Section 1(d). The Cabinet Proximity Option fee is \$1,055/month per medium or low density cabinets and \$1,583/month per medium/high or high density cabinets.⁶ The Exchange proposes to establish a Cabinet Proximity Option fee of \$3,000 for cabinets with power densities greater than 10 kW. As such, the Exchange proposes to amend its fee schedule at General 8, Section 1(d) to reflect the addition to the existing Cabinet Proximity Option fees.

Currently, the Exchange offers Super High Density Cabinets with power densities greater than 10 kW and less than or equal to 17.3 kW.⁷ In addition, the Exchange intends to expand its data center and offer cabinets with increased power densities in the future, including power densities greater than 17.3 kW.⁸ Customers will not be liable to pay fees under the Cabinet Proximity Option program until such time as cabinets can be converted to powered cabinets. To be clear, the Cabinet Proximity Option fee of \$3,000 for cabinets with power densities greater than 10 kW would apply to any such reservations in the existing data center. Although the Exchange has an expansion of the data center underway, the fees for the Cabinet Proximity Option program would not apply to the expanded data center until the expansion is operational and cabinets are available and able to be converted to powered cabinets.⁹

The proposed Cabinet Proximity Option fee of \$3,000 would only be charged to those customers that voluntarily choose to reserve cabinets with power densities greater than 10 kW. Such option is available to all customers. Similar to other fees related to cabinet and power usage, the Cabinet Proximity Option fee is incremental,

⁶ Low density cabinets are cabinets with power densities less than or equal to 2.88 kW. Medium density cabinets are cabinets with power densities greater than 2.88 kW and less than or equal to 5 kW. Medium/High density cabinets are cabinets with power densities greater than 5 kW and less than or equal to 7 kW. High density cabinets are cabinets with power densities greater than 7 kW and less than 10 kW. See General 8, Section 1(a).

⁷ See General 8, Section 1(a).

⁸ The Exchange will submit proposed rule change(s) to the Commission regarding any proposal to expand its services, including a proposal to offer cabinets with new power densities.

⁹ Although the timing is subject to change, the Exchange anticipates that the data center expansion will be complete by September 2024.
