Foreign-Trade Zone (FTZ) 75, Notification of Proposed Production Activity; Lucid Motors USA, Inc.; (Lithium-Ion Batteries), Casa Grande and Tempe, Arizona

Lucid Motors USA, Inc. (Lucid) submitted a notification of proposed production activity to the FTZ Board (the Board) for its facilities located in Casa Grande and Tempe, Arizona within Subzone 75N. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on May 22, 2024.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/

ftz. The proposed finished product(s) and material(s)/component(s) would be added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed foreign-status materials/components include: lithium-ion battery cells and finished lithium-ion batteries (duty rate of 3.4%). The request indicates that certain materials/components may be subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41). Lucid's original request for production authority (B–37–2020) sought to admit the foreign-status components described in this notification in PF status. This request would remove the PF status limitation.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

review. If the weighted-average dumping margin for a mandatory respondent is not zero or *de minimis* in the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1).¹² If the weighted-average dumping margin is zero or *de minimis* in the final results of review, or if an importer-specific assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹³ For entries of subject merchandise during the POR produced by the respondent(s) for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁴ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future cash deposits of estimated antidumping duties, where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 112.11 percent, the all-others rate established in the less-than-fair-value investigation.¹⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period.
