

Furthermore, the normal operations of a healthcare provider are disrupted by emergencies or disasters occasionally. When this occurs, State Survey Agencies (SA) deliver a provider/beneficiary tracking report regarding the current status of all affected healthcare providers and their beneficiaries. We are revising this information collection streamlined automated process to update for clarity during emergencies. To quickly identify patient risks/needs, CMS added fields to assess sufficient staffing, equipment and supplies as well as added an assessment of a cyber security attack on the care and services provided to patients (if applicable). Moreover, to decrease the time/effort of stakeholders (State Survey Agencies (SAs)/Providers) submitting this data during emergencies, CMS also added a feature to autofill multiple fields when the stakeholder documents a valid CMS Certification Number (CCN). This streamlined automated process will consist of a public facing web form as well as a process for SAs/Providers to submit data using extracts (CSV or Excel) on emergent events impacting Health Care Facilities via automated mail handler system. Both processes (public facing web form and extracts via an automated mail handler system) are known as the Health Care Facility (HCF) Operational Status. Finally, Acute Hospital Care at Home waiver is granted at the individual hospital/CMS Certification Number (CCN) level and waives § 482.23(b) and (b)(1) of the Hospital Conditions of Participation (CoPs) which require nursing services to be provided on premises 24 hours a day, 7 days a week and the immediate availability of a registered nurse for care of any patient (This waiver allows hospitals to utilize models of *at-home* hospital care). This Acute Hospital Care at Home web form was revised to add questions for the respondents to meet requirements for all hospitals for (1) the Patient Rights CoP at 42 CFR 482.13, (2) the Consolidated Appropriations Act of 2023 and (3) for emergency response. *Form Number:* CMS-10752 (OMB control number: 0938-1384); *Frequency:* Occasionally; *Affected Public:* Private Sector; Business or other for-profits and Not-for-profit institutions and State, Local or Tribal Governments; *Number of Respondents:* 1,020; *Total Annual Responses:* 11,916; *Total Annual Hours:* 11,916.
