

accreditation bodies and LAAF-accredited laboratories and includes information on each laboratory's location, scope of LAAF-accreditation, analytes, and methods. The LAAF Dashboard also identifies analyte groups and specific analyte(s) with sufficient laboratory capacity for testing under the LAAF program with compliance dates established 6 months after each such specific analyte is posted on the LAAF Dashboard.

We explained in the LAAF final rule that implementation of the LAAF program will necessarily occur in a stepwise fashion. The first step was recognizing a sufficient number of accreditation bodies; we announced the completion of that step on July 12, 2022 (<https://fda.gov/food/cfsan-constituent-updates/fda-releases-public-registry-recognized-accreditation-bodies-under-laboratory-accreditation-analyses>). Laboratories interested in participating in the LAAF program have since been applying to the recognized accreditation bodies, and those recognized accreditation bodies have been assessing those laboratories and providing them with LAAF-accreditation as appropriate. We explained in the LAAF final rule that when a sufficient number of laboratories became LAAF-accredited, we would publish a document in the **Federal Register** giving owners and consignees 6 months' notice that they will be required to use a LAAF-accredited laboratory for food testing covered by the LAAF regulation. We stated in the final rule that, given the breadth of analytes, matrices, and methods covered by the LAAF regulation, it may be necessary for us to separately consider whether sufficient laboratory capacity has been attained for the variety of testing circumstances described in § 1.1107(a).

FDA has determined that the LAAF program has attained sufficient laboratory capacity for the food testing described in § 1.1107(a)(4) and (5) for the analyte group of mycotoxins and its specific analytes, including aflatoxin. In § 1.1107(a)(4), the LAAF regulation covers food testing in support of admission of an article of food under section 801(a) of the FD&C Act (21 U.S.C. 381(a)). Section 801(a) of the FD&C Act authorizes FDA to detain food at the border because it is, or appears to be, in violation of the FD&C Act or its implementing regulations. If FDA detains a food product imported or offered for import under section 801(a) of the FD&C Act, but FDA has not yet refused admission, the owner or consignee may introduce testimonial evidence that the food is admissible. Owners and consignees often engage

laboratories to test the food and submit to FDA the results of the testing, as testimony to support admission of the food. If FDA determines that the food testing results are valid and that they overcome the appearance of a violation of the FD&C Act, then FDA will release the food from detention and allow it to proceed for entry into the United States. The testing of detained product at the direction of such owners and consignees is covered by the LAAF regulation at § 1.1107(a)(4).

Section 1.1107(a)(5) of the LAAF regulation also relates to detained food offered for import; it states that testing to support removal from an import alert through successful consecutive testing is covered by the LAAF regulation. An import alert informs FDA staff and the public that we have enough evidence to detain, without first physically examining (sampling), products offered for import that appear to violate the FD&C Act. Often, individual import alerts include specific information regarding removal from the import alert. Many current import alerts indicate that it would be helpful for owners or consignees to present to FDA evidence of at least five consecutive shipments to the United States that have been found to not be in violation. Owners and consignees often engage laboratories and submit to FDA the results of the testing as testimony to support removal from import alert; such testing is covered by the LAAF regulation at § 1.1107(a)(5).

Owners and consignees will be required to use a LAAF-accredited laboratory starting 6 months from the date a specific analyte is posted on the LAAF Dashboard. LAAF-accredited laboratories must comply with all applicable LAAF requirements, including the submission of results directly to FDA, in accordance with § 1.1152(b). The LAAF Dashboard includes a table of analyte groups and specific analytes with sufficient capacity and the compliance date for those analyses, in addition to the list of LAAF-accredited laboratories, their location, contact details, and the list of LAAF-accredited analytes and methods. As capacity for additional analytes is reached, those will be added to the LAAF Dashboard with a compliance date of 6 months after posting to the LAAF Dashboard. The LAAF Dashboard may be viewed at (<https://datadashboard.fda.gov/ora/fd/laaf.htm>).

We will continue stepwise implementation of the LAAF program for other food testing circumstances in which owners and consignees are required to use a LAAF-accredited laboratory. FDA has not yet made a capacity determination for the other

food testing circumstances covered by the LAAF regulation. We will publish one or more additional notices in the **Federal Register** when the LAAF program attains sufficient laboratory capacity to support the food testing described in § 1.1107(a)(1) through (3).

Dated: May 23, 2024.

Lauren K. Roth,

Associate Commissioner for Policy.

BILLING CODE 4164-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2024–0253]

RIN 1625-AA00

Safety Zone; Annual Fireworks Displays Within the Sector Columbia River Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending the regulations establishing safety zones for annual fireworks displays in the Captain of the Port Zone Columbia River. This action updates 12 existing safety zones, adding 2 safety zones for fireworks displays that were previously published under temporary regulations, and reordering the table alphabetically.

DATES: This rule is effective July 3, 2024.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2024–0253 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions about this rule, call or email Lieutenant Charlie Gilligan, Sector Columbia River Waterways Management Division, U.S. Coast Guard; telephone 503–240–9319, email SCRWWM@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
 DHS Department of Homeland Security
 FR Federal Register
 NPRM Notice of proposed rulemaking
 § Section
 U.S.C. United States Code

II. Background Information and Regulatory History

On April 12, 2024, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Safety Zone; Annual Fireworks Displays Within the Columbia River Captain of the Port Zone (89 FR 25835). There we stated why we issued the NPRM and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended May 13, 2024, we received 1 comment.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector Columbia River has determined that fireworks displays create hazardous conditions for the maritime public because of the large number of vessels near the displays, as well as the noise, falling debris, and explosions that occur during the events. Because firework discharge sites pose a potential hazard to the maritime public, these safety zones are necessary to restrict vessel movement and reduce vessel congregation near firework discharge sites.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received 1 comment on our NPRM published April 12, 2024. However, the concerns were unrelated to the proposed revisions and outside of the scope of Coast Guard authority. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule revises the safety zone regulations designated in the table in 33 CFR 165.1315(a). Specifically, this rule alphabetizes the events, makes minor updates to the names of 10 events, updates the location of 1 event (Newport 4th of July), updates the typical date of 1 event (The 4th of July at Pekin Ferry), and adds two events (Umatilla Landing Days and City of Richland Lighted Boat Parade Festival).

The Umatilla Landing Days safety zone was previously issued as a temporary final rule (88 FR 32966, May 23, 2023), and after conferring with the event sponsor, the Coast Guard has learned it will be a recurring fireworks display. This safety zone covers all navigable waters within a 400-foot radius of the fireworks launch site in Umatilla, OR, located at 45°55'37" N, 119°19'47" W.

On November 29, 2023, the Coast Guard issued a rulemaking creating a temporary safety zone for all navigable waters within a 600-foot radius of a fireworks display on the Columbia River

for the City of Richland Christmas Fireworks display in Richland, WA. A copy of the rulemaking that ended December 2, 2023 is available in the Docket USCG–2024–0253, which can be found using instructions in the **ADDRESSES** section. After conferring with the event sponsor, the Coast Guard has learned it will become a recurring fireworks display. This new reoccurring safety zone covers all navigable waters within a 600-foot radius of the fireworks launch site in Richland, WA, located at 46°16'29" N, 119°16'10" W.

Finally, the Coast Guard is revising twelve existing fireworks display safety zones. These revisions include updating the date for 4th of July at Pekin Ferry to more precisely describe when the fireworks display will occur, updating the location for Newport 4th of July, and making minor name updates to the following events: Brookings, OR July 4th Celebration; Port of Cascade Locks 4th of July Fireworks; Bald Eagle Days; City of Coos Bay July 4th Celebration/ Fireworks Over the Bay; The Dalles Area Fourth of July; Ilwaco July 4th Committee Fireworks/Independence Day at the Port; Tri-City Chamber of Commerce Fireworks/Kennewick River of Fire Festival; City of Rainier/Rainier Days; City of St. Helens 4th of July Fireworks; and Cedco Inc./The Mill Casino Independence Day. These updates are intended to eliminate confusion caused by the fireworks display safety zones listed in the 33 CFR 165.1315 table and any subsequently issued temporary safety zones resulting from changes to the dates or locations of the events. The regulatory text appears at the end of this document.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and time-of day of the events. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF–FM and the rule allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the

Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or

more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves safety zones lasting various times that will prohibit entry within defined areas. Normally such actions are categorically excluded from further review under paragraph L60(a) of appendix A, table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to

coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051, 70124; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 00170.1, Revision No. 01.3.

■ 2. In § 165.1315, revise and republish paragraph (a) to read as follows:

§ 165.1315 Safety Zone; Annual Fireworks Displays within the Sector Columbia River Captain of the Port Zone.

(a) *Safety zones.* The following areas are designated safety zones: Waters of the Columbia River and its tributaries, waters of the Siuslaw River, Yaquina River, Umpqua River, Clatskanie River, Tillamook Bay and waters of the Washington and Oregon Coasts, within a 450-yard radius of the launch site at the approximate locations listed in the following table:

Event name (typically)	Event location	Date of event	Latitude	Longitude
Portland Rose Festival Fireworks	Portland, OR	One day in May or June	45°30'58" N	122°40'12" W
The 4th of July at Pekin Ferry	Ridgefield, WA	One day in June or July	45°52'07" N	122°43'53" W
Umatilla Landing Days	Umatilla, OR	One day in June	45°55'37" N	119°19'47" W
Astoria-Warrenton 4th of July Fireworks	Astoria, OR	One day in July	46°11'34" N	123°49'28" W
Bandon 4th of July	Bandon, OR	One day in July	43°07'29" N	124°25'05" W
Brookings July 4th Celebration	Brookings, OR	One day in July	42°02'39" N	124°16'14" W
Cascade Locks 4th of July Fireworks	Cascade Locks, OR	One day in July	45°40'15" N	121°53'43" W
Cathlamet Bald Eagle Days	Cathlamet, WA	One day in July	46°12'14" N	123°23'17" W

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2024-0230]

Safety Zones; Annual Events in the Captain of the Port Eastern Great Lakes Zone

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a Safety Zone for the Boldt Castle 4th of July Fireworks on July 4th, 2024, to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Ninth Coast Guard District identifies the regulated area for this event in Alexandria Bay, NY. During the enforcement periods, the operator of any vessel in the regulated area must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

DATES: The regulations in 33 CFR 165.939 will be enforced for the Boldt Castle 4th of July Fireworks regulated area listed in item b.13 in the table to § 165.939 from 9 p.m. through 10:30 p.m. on July 4, 2024.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or

email Marine Safety Unit Thousand Islands Marine Event Permit Coordinator, U.S. Coast Guard MSU Thousand Islands; telephone 315-774-8724, email SMB-MSDMassena-WaterwaysManagement@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce a safety zone in 33 CFR 165.939 for the Boldt Castle 4th of July Fireworks regulated area from 9 p.m. through 10:30 p.m. on July 4, 2024. This action is being taken to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Ninth Coast Guard District, § 165.939, specifies the location of the regulated area for the Boldt Castle 4th of July Fireworks which encompasses portions of the St. Lawrence River. During the enforcement period as reflected in § 165.939, if you are the operator of a vessel in the regulated area you must comply with directions from the Patrol Commander or any Official Patrol displaying a Coast Guard ensign.

In addition to this notification of enforcement in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via the Broadcast Notice to Mariners. This notification is being issued by Coast Guard Sector Eastern Great Lakes Prevention Department Head at the direction of the Captain of the Port.

Dated: May 24, 2024.

J.B. Bybee,

Commander, U.S. Coast Guard, Sector Eastern Great Lakes Prevention Department Head.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

36 CFR Part 1225

[FDMS No. NARA-24-0008; NARA-2024-026]

RIN 3095-AC12

Federal Records Management: GAO Concurrence; Correction

AGENCY: National Archives and Records Administration (NARA).

ACTION: Direct final rule; correction.

SUMMARY: NARA is correcting a direct final rule that appeared in the **Federal Register** on May 1, 2024, amending our records management regulations to limit the role of the Government Accountability Office (GAO) in approving certain deviations in agency records schedules. This document is correcting the **DATES** section to add the effective date of the rule, and it is correcting the amendatory instruction to the rule.

DATES: Effective July 30, 2024.

FOR FURTHER INFORMATION CONTACT:

Edward Germino, Strategy and Performance Division, by email at regulation_comments@nara.gov, or by telephone at 301-837-3758. Contact rmstandards@nara.gov with any questions on records management standards and policy.

SUPPLEMENTARY INFORMATION: In FR Doc. 2024-09396, appearing on page 35007 in the **Federal Register** of Wednesday, May 1, 2024, the following corrections are made:

1. On page 35007, in the first column, the **ACTION** caption is corrected to read as follows:

ACTION: Direct final rule.

2. On page 35007, in the first column, the **DATES** caption is corrected to read
