**Notice of Inventory Completion:
Oregon Health & Sciences University,
Portland, OR**

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Oregon Health & Sciences University (OHSU) has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains in this notice may occur on or after July 3, 2024.

ADDRESSES: Alice Cuprill Comas, Oregon Health & Sciences University, 3181 SW Sam Jackson Park Road, Portland, OR 97239, telephone (503) 494-5222, email legal@ohsu.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of OHSU, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at least, two individuals have been reasonably identified. In 1978, the human remains were removed from the Cholick site (35MU1), possibly by Bob Morrow. They were housed at OHSU's School of Dentistry until 2001, when they were transferred to the university's Historical Collections & Archives Medical Museum Collection.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains described in this notice.

Determinations

OHSU has determined that:

- The human remains described in this notice represent the physical

remains of two individuals of Native American ancestry.

- There is a reasonable connection between the human remains and associated funerary objects described in this notice and the Confederated Tribes and Bands of the Yakama Nation; Confederated Tribes of Siletz Indians of Oregon; Confederated Tribes of the Grand Ronde Community of Oregon; Confederated Tribes of the Umatilla Indian Reservation; and the Confederated Tribes of the Warm Springs Reservation of Oregon.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under

ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after July 3, 2024. If competing requests for repatriation are received, OHSU must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. OHSU is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: May 22, 2024.

**Notice of Intended Repatriation:
University of Nebraska State Museum,
University of Nebraska-Lincoln,
Lincoln, NE**

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Nebraska State Museum intends to repatriate certain cultural items that meet the definition of objects of cultural patrimony and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after July 3, 2024.

ADDRESSES: Taylor Ronquillo NAGPRA Project Manager, University of Nebraska State Museum, University of Nebraska of Nebraska-Lincoln, 645 N 14th Street, Lincoln, NE 68588, telephone (402) 472-6592, email tronquillo2@unl.edu and Susan Weller NAGPRA Coordinator, University of Nebraska State Museum, University of Nebraska of Nebraska-Lincoln, 645 N 14th Street, Lincoln, NE 68588, telephone (402) 472-0577, email sweller2@unl.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of Nebraska State Museum, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 24 cultural items have been requested for repatriation. The 24 objects of cultural patrimony are three Cradleboards, 11 Moccasins, five Bags, one Blanket Stap, two Leggings, one Fragment of beaded band, and one Purse. The 24 cultural items were removed from the Plains Region of Northern America: two items were removed from Wyoming; two items were removed from Montana and two items were removed from South Dakota. Other than state location, there is no additional data for these items. On May 24, 2021, the UNSM obtained ownership of 1,355 objects from the Joslyn Art Museum (JAM). JAM obtained ownership of this collection from the Omaha Public Library on December 10, 2020. Among these 1,355 objects were 24 cultural items from the Plains Region of Northern America.

Determinations

The University of Nebraska State Museum has determined that:

- The 24 objects of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Northern Cheyenne Tribe of the Northern Cheyenne Indian Reservation, Montana.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after July 3, 2024. If competing requests for repatriation are received, the University of Nebraska State Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of cultural items are considered a single request and not competing requests. The University of Nebraska State Museum is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: May 22, 2024.

Notice of Inventory Completion: San Diego State University, San Diego, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), San Diego State University (SDSU) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after July 3, 2024.

ADDRESSES: Jaime Lennox, San Diego State University, 5500 Campanile Drive, San Diego, CA 92182, telephone (619)594-4575, email jlennox@sdsu.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of SDSU, and additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Based on the information available, human remains representing, at least, two individuals have been reasonably identified. The 16,994 associated funerary objects are: 8,244 shell fragments and beads; 4,027 lithic fragments and tools; 36 ceramic sherds; 980 charcoal fragments; 1,082 fire affected rock fragments; 116 groundstone fragments; 2,449 faunal fragments; 15 asphaltum fragments; two ochre fragments; two glass fragments; one soil sample; one concretion fragment; six wood fragments; and 33 non-cultural stones. Site SDI-18009 (Lomas Santa Fe) is located in San Diego County, CA, and was excavated by environmental consultants David Smith and Associates in 1972. SDSU received the collection resulting from this excavation in 1973 and was accessioned into the SDSU assemblage as CMP-SDSU-0025.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. The 3,588 associated funerary objects are: 3,530 faunal fragments; 41 shell fragments; and 17 vegetal fragment. Site SDI-5443 (W-654; Rimbach/Sorrento Valley; Lion Research Site; Village of Ystagua) is

located in San Diego County, CA. SDSU received the collection removed from SDI-5443 at an unknown date by an unknown individual and was accessioned into the SDSU assemblage as CMP-SDSU-0819.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. The 952 associated funerary objects are 942 faunal fragments and 10 shell fragments. Site SDI-4513/SDI-4609/SDI-5443 (W-654; 1992-17; Rimbach/Sorrento Valley; Lion Research Site; Village of Ystagua) is located in San Diego County, CA. SDSU received the collection removed from SDI-4513/SDI-4609/SDI-5443 at an unknown date by an unknown individual and was accessioned into the SDSU assemblage as CMP-SDSU-0822.

Based on the information available, human remains representing, at least, nine individuals have been reasonably identified. The 16,818 associated funerary objects are: 117 vegetal flotation samples; three floral samples; 159 ochre fragments; 176 baked clay fragments; 110 wood fragments; 22 mica fragments; 14 graphite fragments; 85 lots of charcoal fragments; 17 unidentified vegetal fragments; one steatite fragment; two sand concentrations; one insect husk; one seed; 6,446 lithics; 395 groundstone fragments; one metate; 3,665 faunal fragments; 4,828 ceramic sherds; 16 soil samples; 80 fire affected rock fragments; 44 shell beads and fragments; and 635 historic items including glass sherds, metal fragments and nails. Site SDI-945 (W-835; Cuyamaca Rancho State Park) is located in San Diego County, CA. The collection removed from site SDI-945 resulted from a 1999 archaeological field school conducted by SDSU. The collection was accessioned into the SDSU assemblage as CMP-SDSU-0824.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

SDSU has determined that:

- The human remains described in this notice represent the physical remains of 13 individuals of Native American ancestry.
- The 38,352 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of
