

HEROS ACCESS FORM

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
HEROS Access Form HUD 4755	2,870	1.05	3,013	.10	301.3	\$39.63	\$11,940.52
Total	2,870	1.05	3,013	.10	301.3	39.63	11,940.52

Note: Average hours per response varies substantially depending on level of review. Reviews that are exempt or Categorically Excluded Not Subject To the related laws and authorities (CENST) take roughly 45 minutes to complete. Reviews that are Categorically Excluded Subject To the related laws (CEST) or require an Environmental Assessment (EA) take an average of 4 hours to complete. Some CEST reviews “convert to exempt,” and require roughly 2 hours to complete.

HUD grants¹ cover all eligible costs including staff work. Hourly cost per response based on hourly mean wage of urban planners working for local government (Bureau of Labor Statistics, <https://www.bls.gov/oes/current/oes193051.htm>). This would apply *only* to those receiving HUD grants, and not to those receiving other forms of HUD assistance, such as lenders under FHA programs.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

¹ Caveat to the monetary costs for HEROS: HUD grants cover all eligible costs, including staff work for grant recipients, so for HUD grants (as opposed to other forms of HUD assistance, such as FHA-backed multifamily mortgages) the monetary costs are typically \$0 for all environmental review types.
