SUPPLEMENTARY INFORMATION:

Description: The Elementary and Secondary Education Act of 1965 (ESEA), section 1124 of Title I, as amended by Public Law 114–95, requires the Secretary of Health and Human Services to determine the number of children aged 5 to 17, inclusive, that (1) are being supported in foster homes with public funds; or (2) are from families receiving assistance payments in excess of the current poverty income level for a family of four. The information gathered is to be passed on to the Secretary of Education for purposes of allocating grants authorized under this law. The statute requires that the formula to allocate these grants and distribute funds be based, in part, on October caseload data on the number of children in foster care or in families receiving payments from state programs funded under Title IV-a of the Social Security Act [Temporary Assistance for Needy Families (TANF)]. The purpose of this annual survey is to provide annually updated data so that funds may be allocated in accordance with the ESEA.

AGENCY: Children’s Bureau, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting a 3-year extension of the activities associated with the Child and Family Services Reviews information collection (Office of Management and Budget (OMB) #0970-0214, expiration

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

SUPPLEMENTARY INFORMATION:

Description: The following activities are associated with the *Child and Family Services and Reviews* (CFSR) collection: CFSR Statewide Assessment; CFSR On-site Review; and the CFSR Program Improvement Plan. The collection of information for review of State child and family services programs (45 CFR 1355.33(b), 1355.33(c) and 1355.35(a)) is to determine whether such programs are in substantial conformity with State plan requirements under titles IV-B and IV-E of the Social Security Act (the Act) and is authorized by section 1123(a) [42 U.S.C 1320a-2a]

of the Act. The CFSR looks at the outcomes related to safety, permanency and well-being of children served by the child welfare system and at seven systemic factors that support the outcomes. The information collection is needed to monitor state plan requirements under titles IV-B and IV-E of the Act and is required by Federal statute. The resultant information will allow ACF to determine if States are in compliance with State plan requirements and are achieving desired outcomes for children and families. If necessary, ACF will require States to revise applicable statutes, rules, policies, and procedures, and provide proper training to staff, through the development and implementation of program improvement plans. The CFSR reviews not only address conformity with State plan requirements but also assist States in enhancing the capacities to serve children and families. In computing the number of burden hours for this information collection, ACF based the annual burden estimates on ACF’s and States’ experiences in conducting reviews and developing program improvement plans.

Respondents: State Title IV-E Agencies.
