Certain Magnesia Carbon Bricks From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on certain magnesia carbon bricks (bricks) from the People's Republic of China (China) for the period of review (POR) September 1, 2022, through August 31, 2023.

DATES: Applicable June 11, 2024.

FOR FURTHER INFORMATION CONTACT: Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5305.

SUPPLEMENTARY INFORMATION:

Background

On September 20, 2010, Commerce published in the **Federal Register** the antidumping duty order on bricks from China.¹ On September 28, 2023, the Magnesia Carbon Bricks Fair Trade Committee (the petitioner) submitted a timely request that Commerce conduct an administrative review.²

On November 15, 2023, Commerce published in the **Federal Register** a notice of initiation of administrative review with respect to imports of bricks from China in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i).³ This review covers subject merchandise exported by 42

exporters.⁴ On December 20, 2023, we placed on the record U.S. Customs and Border Protection (CBP) data for entries of bricks from China during the POR, showing no reviewable POR entries and invited interested parties to comment.⁵ No party filed comments with respect to the CBP data.

On February 7, 2024, Commerce notified all interested parties of its intent to rescind the instant review because there were no reviewable, suspended entries of subject merchandise by any of the companies subject to this review during the POR and invited interested parties to comment.⁶ Commerce did not receive any comments.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁷ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate calculated for the review period.⁸ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the antidumping duty assessment rate calculated for the review period.⁹ As noted above, there were no entries of subject merchandise for the companies subject to this review during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or

Chlorinated Isocyanurates From the People's Republic of China: Final Results of Countervailing Duty Administrative Review; 2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to the producers and exporters subject to the administrative review of chlorinated isocyanurates (chlorinated isos) from the People's Republic of China (China) during the period of review (POR) January 1, 2021, through December 31, 2021.

DATES: Applicable June 11, 2024.

FOR FURTHER INFORMATION CONTACT: Miranda Bourdeau or Eliza DeLong, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone:

(202) 482-2021 or (202) 482-3878, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 7, 2023, Commerce published the preliminary results of the 2021 administrative review of the countervailing duty order on chlorinated isos from China.¹ This review covers two companies, Heze Huayi Chemical Co., Ltd. (Heze Huayi) and Juancheng Kangtai Chemical Co., Ltd. We invited interested parties to comment on the *Preliminary Results*.² On March 27, 2024, we extended the deadline for these final results until June 4, 2024, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act).³ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴

Scope of the Order⁵

The products covered by the *Order* are chlorinated isos from China. A full description of the scope of the *Order* is provided in the Issues and Decision Memorandum.

Analysis of Comments Received

A list of the issues that parties raised, to which we responded in the Issues and Decision Memorandum, is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on arguments raised and a review of the record and all supporting documentation, we made certain changes to the *Preliminary Results* with respect to the subsidy rate calculation for the provision of land-use rights for less than adequate remuneration for the chemical industry program. For a discussion of the comments, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Act. For each subsidy program found to be countervailable, Commerce finds that there is a subsidy, *i.e.*, a financial contribution from a government or public entity that gives rise to a benefit to the recipient, and that the subsidy is specific.⁶ For a full description of the methodology underlying all of Commerce's conclusions, including any determination that relied upon the use of adverse facts available pursuant to sections 776(a) and (b) of the Act, see the Issues and Decision Memorandum.

Company Not Selected for Individual Review

We made no changes to the methodology for determining the rate assigned to Sincere Cooperation Material, the company not selected for individual examination, from the *Preliminary Results*.⁷ However, we revised this rate to reflect the changes to Heze Huayi's rate.⁸

Final Results of Administrative Review

In accordance with 19 CFR 351.221(b)(5), Commerce calculated the following net countervailable subsidy rates for the period January 1, 2021, through December 31, 2021:

Company	Subsidy rate (percent <i>ad valorem</i>)
Heze Huayi Chemical Co., Ltd.	3.12
Juancheng Kangtai Chemical Co., Ltd.	3.96
Review-Specific Average Rate Applicable to the Following Company	
Sincere Cooperation Material	3.26

⁶ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.
