

the responsiveness of NOAA, USGS, and partner agency programs to stakeholder needs. It is intended to inform the design of directed future programs that balance requirements, benefits, and costs at a national scale.

NOAA and USGS plan to revisit national elevation data needs to assess changes to the 3D Nation Study baseline in or after 2026, which is why NOAA and USGS are seeking to extend the expiration date of this currently approved ICR. The survey tool for the future 3D Nation Study collection will likely include a subset of questions from the original questionnaire because the 2022 3D Nation Study provides a sufficient foundation to minimize questions in a number of study areas. Prior to conducting the next round of surveys, NOAA will submit a request for questionnaire revision to OMB based on analysis of the baseline survey.

Affected Public: Federal government, State, local or Tribal governments; not-for-profit institutions, academia, business or other for-profit organizations.

Frequency: On occasion, 3–5-year intervals.

Respondent's Obligation: Voluntary.

Legal Authority: Coast and Geodetic Survey Act of 1947 (33 U.S.C. 883a *et seq.*).

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NOAA Fisheries Greater Atlantic Region Gear Identification Requirements

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing, information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 2, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: NOAA Fisheries Greater Atlantic Region Gear Identification Requirements.

OMB Control Number: 0648–0351.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 2,307.

Average Hours per Response: 1 minute per string of gear.

Total Annual Burden Hours: 9,571.

Needs and Uses: This request would extend an approved information collection regarding Greater Atlantic Region fishing gear marking requirements. There are no changes to the gear marking requirements in this collection.

Under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), the Secretary of Commerce (Secretary) is responsible for the conservation and management of marine fishery resources. The Secretary has delegated much of this responsibility to the National Oceanic and Atmospheric Administration (NOAA)/National Marine Fisheries Service (NMFS). The Magnuson-Stevens Act gives the Secretary and NOAA certain regulatory authorities to ensure the most beneficial uses of marine fishery resources. One of the regulatory

steps taken to carry out the conservation and management objectives is to collect data from users of the resource.

Regulations at 50 CFR 648.84(a),(b), and (d), 648.125(b)(3), 648.144(b)(1), 648.264(a)(5), and 697.21(a) and (b) require Federal permit holders using certain types of fishing gear to mark the gear with information necessary to identify the vessel and gear (*e.g.*, hull identification number, Federal fishing vessel permit number). The regulations also specify gear marking requirements for visibility (*e.g.*, buoys, radar reflectors). These gear marking requirements aid in fishery law enforcement, support safe navigation by increasing gear visibility, and help prevent gear conflicts by providing gear type information to other fisherman.

The number of end lines associated with each string of hooks, pots, or traps determine the quantity of gear in this collection. A single Federal permit holder may be responsible for marking several strings of a given gear type and may use multiple gear types that require marking.

Affected Public: Business or other for-profit organizations.

Frequency: Annual.

Respondent's Obligation: Mandatory.

Legal Authority: 50 CFR 648.84(a), (b), and (d), 648.125(b)(3), 648.144(b)(1), 648.264(a)(5), and 697.21(a) and (b).

Agency Information Collection Activities; Comment Request; Employers of National Service Enrollment Form and Survey

AGENCY: Corporation for National and Community Service.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the

Corporation for National and Community Service (operating as AmeriCorps) is proposing to renew an information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by August 12, 2024.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) Electronically through www.regulations.gov (preferred method)

(2) *By mail sent to:* AmeriCorps, Attention Kiara Rhodes, 250 E Street SW, Washington, DC 20525.

(3) By hand delivery or by courier to the AmeriCorps mailroom at the mail address given in paragraph (2) above, between 9 a.m. and 4 p.m. Eastern Time, Monday through Friday, except Federal holidays.

Comments submitted in response to this notice may be made available to the public through regulations.gov. For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT: Emily Smith, (202) 391-1393, or by email at emsmith@americorps.gov.

SUPPLEMENTARY INFORMATION:

Title of Collection: Employers of National Service Enrollment Form and Survey.

OMB Control Number: 3045-0175.

Type of Review: Renewal.

Respondents/Affected Public:

Businesses and Organizations.

Total Estimated Number of Annual Responses: 1180.

Total Estimated Number of Annual Burden Hours: 492.

Abstract: AmeriCorps proposes to renew its Employers of National Service Enrollment Form and Annual Survey. Organizations from all sectors either seeking to become, or already established as, Employers of National Service will be filling out these forms. This includes businesses, nonprofits, institutions of higher education, school districts, State/local governments, and

Federal agencies. The purpose of the enrollment form is to document what the organization is committing to doing as an Employer of National Service and provide its contact information to AmeriCorps. The information gathered on the enrollment form will also allow AmeriCorps to display the organization's information accurately online as a resource for job seekers. It will also enable AmeriCorps to speak to the diversity within the program's membership, both for internal planning and external audience use. The purpose of the survey form is to track the actions an employer has taken in the past year, gather stories of success or impact, collect quantitative hiring data relating to AmeriCorps and Peace Corps alumni, and provide organizations with an opportunity to update their contact and location data. AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on September 30, 2024.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.
