### Synopsis

The Bureau will conduct the LPPA Window from May 31, 2024 to May 30, 2025. The LPPA provides qualifying LPTV stations with a limited window of opportunity to apply for primary spectrum use status as Class A television stations. Applications in the LPPA Window will be filed electronically via the Commission's Licensing and Management System (LMS) on FCC Form 2100, Schedule F and applicants will be required to pay the requisite fee for an application for a "new license" for a Class A station (\$425.00). Instructions on completing Form 2100, Schedule F are available at <https://docs.fcc.gov/public/attachments/DOC-332131A1.pdf>.

In order to be eligible for Class A status under the LPPA, a qualified LPTV licensee must have complied with the eligibility requirements set forth in section 73.6030(b) of the Commission's rules and complete all required certifications in FCC Form 2100, Schedule F. A qualified LPTV licensee is required to submit, as part of its application, a statement concerning the station's operating schedule during the 90 days preceding January 5, 2023 and a list of locally produced programs aired during that time period. The applicant may also submit, or may be requested by Commission staff to submit, other documentation to support its certification that the licensee meets the eligibility requirements for a Class A

license under the LPPA. All stations afforded Class A status under the LPPA are reminded that they will be required to continue to comply with the service requirements applicable to Class A stations in order to maintain such status. A station afforded Class A status under the LPPA must continue to operate in a Designated Market Areas (DMA) with not more than 95,000 television households in order to maintain its Class A status, subject to certain exceptions, and is not permitted to initiate a move to a different DMA with more than 95,000 television households at the time of the move and still retain its Class A status.

Federal Communications Commission.

### GENERAL SERVICES ADMINISTRATION

[Notice–MA–2024–01; Docket No. 2024–0002; Sequence No. 12]

#### Business Standards Council Review of Mail Operations Management Federal Integrated Business Framework: Request For Public Comment

**AGENCY:** Office of Government-Wide Policy; General Services Administration, (GSA).

**ACTION:** Request for public comment.

**SUMMARY:** This notice informs the public of the opportunity to provide input on the mail operations management business standards in support of Federal shared services.

**DATES:** Interested parties should submit comments by the method outlined in the **ADDRESSES** section on or before July 12, 2024.

**ADDRESSES:** Submit comments in response to Notice–MA–2024–01 via <http://www.regulations.gov>. Submit comments using the Federal eRulemaking portal by searching for "Notice Notice–MA–2024–01." Select the link "Comment" that corresponds with "Notice–MA–2024–01." Follow the instructions provided at the screen. Please include your name, company name (if any), and "Notice BSC–MOM–2024–0002" on your attached document.

• *Instructions:* Please submit comments only and cite "Notice–MA–2024–01" in all correspondence related to this notice. Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal or business confidential

information, or both, provided. To confirm receipt of your comment(s), please check <http://www.regulations.gov> approximately two-to-three business days after submission to verify posting.

**FOR FURTHER INFORMATION CONTACT:** Michael DeMale, Policy Analyst, Travel, Relocation, Transportation, and Mail Policies, at 202–805–8167, or by email at [michael.demale@gsa.gov](mailto:michael.demale@gsa.gov).

**SUPPLEMENTARY INFORMATION:** On April 26, 2019, the Office of Management and Budget (OMB) published OMB memorandum M–19–16, "Centralized Mission Support Capabilities for the Federal Government" (available at <https://www.whitehouse.gov/wp-content/uploads/2019/04/M-19-16.pdf>). Mission support business standards, established and agreed to by the Chief Financial Officer (CFO) Act agencies, using the Federal Integrated Business Framework website at <https://ussm.gsa.gov/fibf/>, enable the Federal Government to better coordinate on the decision-making needed to determine what mission support services can be adopted and commonly shared. These business standards are an essential first step towards agreement on outcomes, data, and cross-functional end-to-end processes that will drive economies of scale and leverage the government's buying power. The business standards will be used as the foundation for common mission support services shared by the CFO Act agencies.

GSA serves as the mail operations management business standards lead on the Business Standards Council. The goal of the mail operations management business standards is to develop an agreed upon set of business processes and capabilities for mail operations management that affects Federal agencies and serves as the foundation for future acquisition and modernization efforts.

GSA is seeking public feedback on the business standards, including comments on the understandability of the standards, suggested changes and usefulness of the draft standards to industry and agencies.

Guiding questions in the standards development include:

- Do the draft business standards appropriately document the business processes covered?
- Are the draft business standards easy to understand?
- Will your organization be able to show how your solutions or services, or both, can meet these draft business standards?
- What would you change about the draft business standards? Is there anything missing?

Comments will be used in the formulation of the final mail operations management business standards.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Proposed Information Collection Activity; Office of Community Services Affordable Housing and Supportive Services Demonstration Data Collection (Office of Management and Budget #: 0970-0628)

**AGENCY:** Office of Community Services, Administration for Children and Families, U.S. Department of Health and Human Services.

**ACTION:** Request for public comments.

**SUMMARY:** The Office of Community Services (OCS), Administration for Children and Families (ACF), U.S. Department of Health and Human Services, is requesting an extension of approval for a recently approved information collection: OCS Affordable Housing and Supportive Services Demonstration (Office of Management and Budget (OMB) #: 0970-0628; Expiration Date: September 30, 2024). This information collection was originally approved for 6 months as an emergency approval. In addition to extending the approval, OCS seeks to update the burden estimates to accommodate an anticipated increase in the number of grant recipients, as well as to collect additional responses to several of the instruments. OCS also seeks to make updates to approved forms.

**DATES:** *Comments due* August 12, 2024. In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

**ADDRESSES:** You can obtain copies of the proposed collection of information and submit comments by emailing [infocollection@acf.hhs.gov](mailto:infocollection@acf.hhs.gov). Identify all requests by the title of the information collection.

**SUPPLEMENTARY INFORMATION:** OCS is seeking to continue collecting the information requested from grant recipients under Office of Management and Budget #: 0970-0628. In order to determine best practices in the implementation of supportive services in the affordable housing context and describe how supportive services help residents to improve well-being and economic mobility, OCS will engage in the following activities:

- Conducting interviews with program directors and caseworkers to understand program implementation.

- Conducting focus groups with residents to understand their needs and how the services funded by this grant impacted their lives.

- Administering a self-sufficiency matrix to residents receiving intensive services to understand the impact of the program on various domains of well-being.

- Conducting a questionnaire with residents to see if they were able to access more services due to the funding.

- Collecting information from program officers about the number and types of services/events provided, aggregate demographics of residents served, partner organizations and referrals, and how the housing community was impacted by the grant funding.

- Collecting narrative reports from program officers about the progress of implementation of the program.

This request is to extend the approved collection period to 3 years, which will permit OCS to complete the collection with current grant recipients as well as future grant recipients. With an extended timeline, OCS will request additional responses for several approved instruments to observe activities over the course of the full project period for grant recipients. The self-sufficiency matrix and service receipt questionnaires will be administered every 6 months during the project period. The semi-annual report mandatory and optional forms will be required every 6 months, with a final cumulative report. The quarterly narrative PPR will be requested every quarter of the project period.

OCS has developed substantially revised semi-annual report forms for the mandatory and optional reports to broaden the measures of service delivery and outcomes to better accommodate the universe of potential services offered by future cohorts of grant recipients. The new mandatory form combines the direct services and referrals tabs of the original form into a single tab where grant recipients will report the number of individuals receiving services through AHSSD funding and through the organization's other funding sources, alongside the information reported about referrals. The new optional form broadens the list of outcome measures that grant recipients can choose to report for the individuals they serve. In consideration of the overall reporting burden for grant recipients, the revised forms continue to draw upon the service and outcome categories that grant recipients already use to report their CSBG-related activities (OMB# 0970-0492). Additionally, the revised forms request
