

The term “disposable” is used to identify an aluminum article that is designed to be used once, or for a limited number of times, and then recycled or otherwise disposed.

“Containers, pans, and trays” are receptacles for holding goods.

The subject disposable aluminum lids are intended to be used in combination with disposable containers produced from aluminum or other materials (*e.g.*, paper or plastic). Where a disposable aluminum lid is imported with a non-aluminum container, only the disposable aluminum lid is included in the scope.

Disposable aluminum containers, pans, trays, and lids are also included within the scope regardless of whether the surface has been embossed, printed, coated (including with a non-stick substance), or decorated, and regardless of the style of the edges. The inclusion of a non-aluminum lid or dome sold or packaged with an otherwise in-scope article does not remove the article from the scope, however, only the disposable aluminum container, pan, tray, and lid is covered by the scope definition.

Disposable aluminum containers, pans, trays, and lids are typically used in food-related applications, including but not limited to food preparation, packaging, baking, barbecuing, reheating, takeout, or storage, but also have other uses. Regardless of end use, disposable aluminum containers, pans, trays, and lids that meet the scope definition and are not otherwise excluded are subject merchandise.

Excluded from the scope are disposable aluminum casks, drums, cans, boxes and similar containers (including disposable aluminum cups and bottles) properly classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 7612.90. However, aluminum containers, pans, trays, and lids that would otherwise be covered by the scope are not excluded based solely on the fact that they are being classified under HTSUS subheading 7612.90.5000 due to the thickness of aluminum being less than 0.04 mm or greater than 0.22 mm.

The flat-rolled aluminum used to produce the subject articles may be made to ASTM specifications ASTM B479 or ASTM B209–14, but can also be made to other specifications. Regardless of the specification, however, all disposable aluminum containers, pans, trays, and lids meeting the scope description are included in the scope.

Disposable aluminum containers, pans, trays, and lids are currently classifiable under HTSUS subheading 7615.10.7125. Further, merchandise that falls within the scope of this proceeding may also be entered into the United States under HTSUS subheadings 7612.90.1090, 7615.10.3015, 7615.10.3025, 7615.10.7130, 7615.10.7155, 7615.10.7180, 7615.10.9100, and 8309.90.0000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this proceeding is dispositive.

Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2021–2022; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published notice in the **Federal Register** of June 5, 2024 in which Commerce published the final results of the 2021–2022 administrative review of the antidumping duty (AD) order on circular welded non-alloy steel pipe (CWP) from the Republic of Korea (Korea). This notice incorrectly listed two companies in Appendix II, incorrectly excluded one company from Appendix II, and incorrectly stated the name of another company in Appendix II.

FOR FURTHER INFORMATION CONTACT: Dusten Hom, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5075.

SUPPLEMENTARY INFORMATION:

Background

On June 5, 2024, Commerce published in the **Federal Register** the final results of the 2021–2022 administrative review of the AD order on CWP from Korea.¹ In Appendix II that lists the companies not individually examined, we inadvertently included the companies, Vesta Co., Ltd., which was not an initiated company in this review, and Hyundai Steel Company, which was a mandatory respondent company, not a non-examined company. We also misspelled the name of the company Samkand M&T as “Samkang M&T” and did not include NEXTEEL Co., Ltd. in Appendix II.

Correction

In the **Federal Register** of June 5, 2024, in FR Doc 2024–12344, on page 48145, in the second column, correct the appendix entitled “Appendix II—

Antidumping Duty Order on Hydrofluorocarbon Blends From the People’s Republic of China: Final Affirmative Determination of Circumvention With Respect to R–410A and R–407C From Malaysia

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that imports of R–410A and R–407C, completed in Malaysia using the People’s Republic of China (China)-

origin hydrofluorocarbon (HFC) components, and exported from Malaysia, are circumventing the antidumping duty (AD) order on HFC blends from China.

DATES: Applicable June 12, 2024.

FOR FURTHER INFORMATION CONTACT: Jerry Xiao, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2273.

SUPPLEMENTARY INFORMATION:

Background

On August 19, 2016, Commerce published in the **Federal Register** the AD order on HFC blends from China.¹ On July 7, 2023, Commerce initiated a country-wide circumvention inquiry pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.226(d)(1)(ii) to determine whether imports of R-410A and R-407C, completed in Malaysia using HFC components manufactured in China, are circumventing the *Order* and, accordingly, should be covered by the scope of the *Order*.² On December 11, 2023, Commerce published in the **Federal Register** its *Preliminary Determination* that imports of R-410A and R-407C completed in Malaysia using China-origin HFC components and subsequently exported from Malaysia to the United States are circumventing the *Order*.³

For a summary of events that occurred since the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for consideration in the final determination, see the Issues and Decision Memorandum.⁴ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System

Scope of the Order

The merchandise covered by the *Order* is certain HFC blends. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

Merchandise Subject to the Circumvention Inquiry

This circumvention inquiry covers HFC blends R-410A and R-407C, completed in Malaysia using China-origin HFC components and subsequently exported from Malaysia to the United States (inquiry merchandise).

Methodology

Commerce is conducting this circumvention inquiry in accordance with section 781(b) of the Act, and 19 CFR 351.226. See *Preliminary Determination* PDM for a full description of the methodology.⁵ We have continued to apply this methodology, without exception, and incorporate by reference this description of the methodology, for our final determination.

Analysis of Comments Received

All issues raised in this inquiry are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice in the appendix. Based on our analysis of the comments received from the petitioner, we made the following change to the *Preliminary Determination*: we determine to apply retroactive suspension of liquidation to respondent Juara Teguh Resources PLT (Juara), as well as on a country-wide basis, effective November 4, 2021.

Final Circumvention Determination

We determine that imports of R-410A and R-407C completed in Malaysia by Juara, using China-origin HFC components that are subsequently exported from Malaysia to the United States, are circumventing the *Order*. As a result, in accordance with section 781(b) of the Act, we determine that this merchandise should be included within the scope of the *Order*. For a detailed explanation of our determination with respect to Juara, see *Preliminary Determination* PDM, the Issues and

⁵ See *Preliminary Determination* PDM at 3-13.

Decision Memorandum, and the "Use of Adverse Facts Available" section below.

We also determine that imports of R-410A and R-407C completed in Malaysia using China-origin HFC components, that are subsequently exported from Malaysia to the United States, are circumventing the *Order* on a country-wide basis. As a result, in accordance with section 781(b) of the Act, we determine that this merchandise should be included within the scope of the *Order*; see the "Suspension of Liquidation and Cash Deposit Requirements" section, below, for details regarding suspension of liquidation and cash deposit requirements.

Use of Adverse Facts Available (AFA)

In this inquiry, Commerce continues to find that necessary information is not available on the record with respect to Juara within the meaning of section 776(a)(1) of the Act, and that Juara withheld requested information, failed to provide requested information by the deadline or in the form or manner requested, and significantly impeded the inquiry pursuant to sections 776(a)(1), (A), (B), and (C) of the Act. Moreover, Commerce continues to find that this company failed to cooperate by not acting to the best of its ability to provide the requested information pursuant to section 776(b)(1) of the Act. Consequently, we continue to use adverse inferences with respect to Juara in selecting from among the facts otherwise available on the record, pursuant to sections 776(a) and (b) of the Act, for the reasons discussed in the *Preliminary Determination* and the Issues and Decision Memorandum.⁶ Based on AFA, we determine that Juara exported inquiry merchandise and that U.S. entries of that merchandise are circumventing the *Order*. Interested parties that wish to have their suspended entries, if any, reviewed should request an administrative review of the relevant suspended entries during the next anniversary month of the *Order* (*i.e.*, August 2024).⁷

Suspension of Liquidation and Cash Deposit Requirements

Based on the affirmative country-wide determination of circumvention for Malaysia, in accordance with 19 CFR 351.226(l)(3)(iii)(A), we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of any unliquidated entries of subject merchandise from Malaysia entered, or withdrawn from

warehouse for consumption, prior to the date of publication of the notice of initiation of the inquiry, up to, and including, November 4, 2021,⁸ which is a departure from our standard practice of applying the date specified in 19 CFR 351.226(l)(3)(ii) (*i.e.*, the date of publication of the initiation notice).⁹ CBP shall require cash deposits in accordance with the rate established for the China-wide entity (*i.e.* 216.37 percent).¹⁰

Commerce has established the following third-country case number for Malaysia in the Automated Commercial Environment (ACE) for such entries: A-557-300-000. For Juara, Commerce will direct CBP, for all entries of R-410A or R-407C from Malaysia produced or exported by Juara, to suspend liquidation and require a cash deposit at the AD cash deposit rate established for the China-wide entity (*i.e.*, 216.37 percent), under this third-country case number, A-557-300-000.

R-410A and R-407C produced in Malaysia that is not from China-origin HFC blends is not subject to this inquiry. Therefore, cash deposits are not required for such merchandise under the *Order*. These suspension of liquidation instructions will remain in effect until further notice.

Opportunity To Request an Administrative Review

Each year during the anniversary month of the publication of an AD or CVD order, finding, or suspended investigation, an interested party, as defined in section 771(9) of the Act, may request, in accordance with 19 CFR 351.213, that Commerce conduct an administrative review of that AD or CVD order, finding, or suspended investigation. An interested party who would like Commerce to conduct an administrative review should wait until Commerce announces via the **Federal Register** the next opportunity during the anniversary month of the publication of the *Order* to submit such requests. The anniversary month for this *Order* is August.

Administrative Protective Order

This notice will serve as the only reminder to all parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination is issued and published in accordance with section 781(b) of the Act and 19 CFR 351.226(g)(2).

Dated: June 5, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has received requests to conduct administrative reviews of various antidumping duty (AD) and countervailing duty (CVD) orders with April anniversary dates. In accordance with Commerce's regulations, we are initiating those administrative reviews.

DATES: Applicable June 12, 2024.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue

NW, Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:

Background

Commerce has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various AD and CVD orders with April anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting time.

Respondent Selection

In the event that Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review (POR). We intend to place the CBP data on the record within five days of publication of the initiation notice and to make our decision regarding respondent selection within 35 days of publication of the initiation **Federal Register** notice. Comments regarding the CBP data and respondent selection should be submitted within seven days after the placement of the CBP data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments within five days after the deadline for the initial comments.

In the event that Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), the following guidelines regarding collapsing of companies for purposes of respondent selection will apply. In general, Commerce has found that determinations concerning whether particular companies should be "collapsed" (*e.g.*, treated as a single entity for purposes of calculating AD rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this AD proceeding (*e.g.*, investigation, administrative review, new shipper review, or changed circumstances review). For any
