

CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), Commerce, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether ADs have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant “gap” period of the order (*i.e.*, the period following the expiry of provisional measures and before definitive measures were put into place), if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with the procedures outlined in Commerce’s regulations at 19 CFR 351.305. Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (*e.g.*, the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Factual Information Requirements

Commerce’s regulations identify five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by Commerce; and (v) evidence other than factual information described in (i)–(iv). These regulations require any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct

factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The regulations, at 19 CFR 351.301, also provide specific time limits for such factual submissions based on the type of factual information being submitted. Please review the *Final Rule*,⁸ available at <https://www.govinfo.gov/content/pkg/FR-2013-07-17/pdf/2013-17045.pdf>, prior to submitting factual information in this segment. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).⁹

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information using the formats provided at the end of the *Final Rule*.¹⁰ Commerce intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable certification requirements.

Extension of Time Limits Regulation

Parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by Commerce.¹¹ In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning CBP

data; and (5) Q&V questionnaires. Under certain circumstances, Commerce may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This policy also requires that an extension request must be made in a separate, standalone submission, and clarifies the circumstances under which Commerce will grant untimely-filed requests for the extension of time limits. Please review the *Final Rule*, available at <https://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).

National Institute of Standards and Technology

Information Security and Privacy Advisory Board

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) Information Security and Privacy Advisory Board (ISPAB) will hold an open meeting on Wednesday, July 17, 2024, from 10:00 a.m. until 4:30 p.m., Eastern Time and Thursday, July 18, 2024, from 10:00 a.m. until 4:30 p.m., Eastern Time.

DATES: The ISPAB will meet on Wednesday, July 17, 2024, from 10:00 a.m. until 4:30 p.m., Eastern Time and Thursday, July 18, 2024, from 10:00 a.m. until 4:30 p.m., Eastern Time.

ADDRESSES: The meeting will be held virtually via webinar. Please note participation instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Jeff Brewer, ISPAB Designated Federal

Official, National Institute of Standards and Technology, Telephone (301) 975–2489. Mr. Brewer's email address is jeffrey.brewer@nist.gov.

SUPPLEMENTARY INFORMATION:

Authority: The ISPAB was established to function solely as an advisory body, in accordance with the provisions of the Federal Advisory Committee Act, as amended, 5 U.S.C. 1001 *et seq.* The Board reports to the Director of NIST, and reports annually to the Secretary of Commerce, the Secretary of Homeland Security, the Director of the Office of Management and Budget, the Director of the National Security Agency, and appropriate committees of Congress. The Board is authorized under 15 U.S.C. 278g–4 and tasked with identifying emerging managerial, technical, administrative, and physical safeguard issues relative to information security and privacy.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. 1001 *et seq.*, notice is hereby given that the ISPAB will hold an open meeting on the date and time in the **DATES** section and will be open to the public. The primary purpose of this meeting is to discuss and deliberate potential recommendations. The agenda may change to accommodate ISPAB business. The final agenda will be posted on the NIST website at <https://csrc.nist.gov/Events/2024/ispab-july-2024-meeting>, and is expected to include the following items:

- Board Introductions and Member Activities,
- Update on NIST's Information Technology Laboratory (ITL) Activities,
- Briefing from NIST on the US National Vulnerability Database,
- Briefing from CISA on the New Vulrichment Program,
- Discussion on Post Quantum Encryption Transitions into Commercial Technology,
- Briefing from NIST on Identity Management Guidance,
- Briefing from NSA on the AI Security Center,
- Public comments,
- Board Discussions and Recommendations.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Board's business are invited to request a place on the agenda. Approximately thirty minutes will be reserved for public comments and speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received but is likely

to be about five minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to participate are invited to submit written statements by email to jeffrey.brewer@nist.gov.

All participants will be attending via webinar and are required to pre-register to be admitted to the meeting. To pre-register and receive detailed instruction on how to join the meeting, please submit your first and last name, email address, and company name via the registration link at <https://csrc.nist.gov/Events/2024/ispab-july-2024-meeting> by 5 p.m. Eastern Time, July 16, 2024.

Alicia Chambers,

NIST Executive Secretariat.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; 3D Nation Elevation Data Requirements and Benefits Study

The Department of Commerce will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 5, 2024, during a 60-day comment period. No comments were received. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: 3D Nation Requirements and Benefits Elevation Data Study.

OMB Control Number: 0648–0762.

Form Number(s): None.

Type of Request: Regular submission; extension of a current information collection.

Number of Respondents: 600.

Average Hours per Response: 2.

Total Annual Burden Hours: 1,200.

Needs and Uses: This is a request for extension of a currently approved information collection.

NOAA and the U.S. Geological Survey (USGS) are working to improve the technology systems, data, and services that provide information about 3D elevation data and related applications within the United States. By continuing to learn about business uses and associated benefits that would be realized from improved elevation data, the agencies can more effectively prioritize and direct investments that will best serve user needs. The 3D Nation Elevation Data Requirements and Benefits Study (“3D Nation Study”) is part of the continuing effort to develop and refine future program alternatives that would provide enhanced 3D data to meet many Federal, State, and other national business needs. The 3D Nation Study seeks to understand needs for 3D elevation data in terms of mission-critical activities, geographic extents of data needs, accuracy requirements, frequency needed, and anticipated benefits of having the required data.

In 2022, NOAA and the USGS completed the first 3D Nation Study assessing requirements and benefits of topographic (terrestrial elevation) and bathymetric (water depth) data in inland, nearshore, and offshore geographies. The 3D Nation Study consisted of a standardized questionnaire covering a wide range of business uses that depend on elevation data to inform policy, regulation, scientific research, and management decisions. Input was gathered from a variety of government entities (*e.g.*, Federal, State, local, Tribal) as well as not-for-profit, academic, and private/commercial users of elevation data. Collected responses were aggregated at the agency, organization, State and national levels. Responses associated with individuals were not distributed. Responses were one-time and voluntary. In-person interviews to clarify questionnaire results were arranged on a case-by-case basis.

NOAA and USGS are now analyzing respondent data from the first 3D Nation Study. The report and appendices of questionnaire and other report-related sections are available at the 3D Nation Study site (<https://3dnation.iocm.noaa.gov/>) and via NOAA's Integrated Ocean and Coastal Mapping Program page (<https://iocm.noaa.gov/planning/3DNationStudy.html>). The findings are being used to update a baseline of national business needs and associated benefits for 3D data and associated technologies. This baseline enhances
